Labour and Living Standards in Pre-Colonial West Africa Klas Rönnbäck, 2015-11-19 Sub Saharan Africa is the poorest region in the world But its current status has skewed our understanding of the economy before colonization Rönnbäck reconstructs the living standards of the population at a time when the Atlantic slave trade brought money and men into the area enriching our understanding of West African economic development *An Economic History of West Africa* A. G.

Hopkins, 2014-09-19 This is the standard account of the economic history of the vast area conventionally known as West

Africa Ranging from prehistoric time to independence it covers the former French as well as British colonies **Industrial**

Relations in Africa Ukandi G Damachi, Hans D Seibel, 1979-09-13 *Affairs of West Africa* Edmund Dene Morel, 1902

The Internationalisation of the Labour Question Stefano Bellucci, Holger Weiss, 2019-11-26 This edited collection is a global history of workers organisations since 1919 the year when the International Labour Organisation ILO the Comintern and the International Federation of Trade Unions were formed This historical moment represents a caesura in labour history as it epitomises the beginning of what the editors and the contributors in this book call the internationalisation of the labour question The case studies in this centenary volume analyse the relationship between global workers organisations and the new ideological confrontation between liberal capitalism socialism and communism since the Bolshevik Revolution in Russia Workers organisations trade unions in particular grew in importance and managed to organise internationally forming alliances cemented by ideology and sustained by international institutional bodies or centrals In the nascent capitalist versus communist struggle trade unions thrived Is it mere coincidence that today s decline of unionism coincides with the end of ideological antagonism This book emphasises important global labour issues such as gender as well as international workers histories from Latin America Asia and Africa *Journal of the African Society* African Society, 1903 **Industrial**

Relations in Developing Countries Abel K. Ubeku, 1983-11-24 *Labour and Politics in Nigeria* Robin Cohen, 2024-03-08 Originally published in 1974 and with a new introduction for the 1981 edition this book is a clear and vivid history of the role of organized labour in the politics of Nigeria It covers the period from the first General Strike of 1945 to the civil war and reintegration of the country As well as providing an analysis of the characteristics and attitudes of Nigeria s wage earners this study is concerned with their place in the wider political and social life of the country The attempts of the trade unions to create a representative central labour organisation are considered as is the internal structure of the unions themselves The book also examines the relationship of the Unions with the political parties of the first Republic and later with the Military

Government The influence of the trade unions in the determination of wage rates is analysed The book concludes with an overview of trade unions in other parts of Africa with which the performance and characteristics of organized labour in Nigeria are compared **Labor Developments Abroad**, 1959 **Essentials of Labour Relations in Nigeria: Volume 1** Dafe Ootob, 2016-10-25 Combined together in three volumes are the authors writings on labour and employments relations in Nigeria spanning over three and a half decades Volume one covers the Nigerian industrial relations institutional and legal framework trade unions and trade unionism wage bargains and conflict relations *Sociology of the Blue-Collar Worker* Dufty, 2022-09-12 Modern Migrations in Western Africa Samir Amin, 2018-08-16 Originally published in 1974 this volume deals with studies of migration from census and other data variations in scale distance and duration of various types of migration social relations of migrant populations with their home areas and their host communities and expectations and valuation of migrants concerning rural and urban life It also examines interrelations between levels of migration labour supply wage rates and unemployment in urban centres the impact of different types of migration on the national economy and economic planning and governemnt measures and conflicting interests of the labour supplying and receiving countries The introduction analyses the main economic and political factors and the socio economic consequences and problems brought about by migrations in and between territories **Labour Problems in West Africa** J. R. Roper, *Nation-states and the challenges of regional integration in West Africa* Kwame A. Ninsin, 2009 Since the Treaty establishing the Economic Community of West African States ECOWAS was signed in 1975 several protocole have been adopted providing the legal and institutional framework for implementing the integration of the West African sub region Ail social and political stakeholders agree that regional integration is a major challenge for development in West Africa Yet the regional integration process has been affected by many delays even failures Member states have pursued a seemingly contradictory dual objective build a Nation state within colonial Borders and achieve regional integration to fight against under development Can national planning priorities be reconciled with the demands and objectives of regional integration processes in West Africa Since 2005 under the auspices of the Management of Social Transformations MOST Programme initiative the Social and Human Sciences Sector of UNESCO has organized a series of national seminars on West African regional integration in the ECOWAS region Four seminars have so far been organized in Senegal Mali Benin and Ghana This anthology publishes papers presented at Ghana s national seminar on Nation states and the Challenge of Regional Integration in West Africa the Case of Ghana held in Accra from 8 to 9 November 2005 The contributors suggest that Ghana s reluctance to relinquish its sovereignty stemmed from a lack of commitment in the first 20 years of ECOWAS existence and preoccupation with its own security and survival against internai and externat threats The state has currently demonstrated renewed commit ment by establishing a Ministry of Regional Cooperation and the New Agenda for Africa s Development NEPAD to coordinate and manage the sub regional integration programme In spite of positive developments results have

been disappointing The new ministry remains isolated and is constrained by limited resources in finance and manpower Its approach to integration issues has been elitist and technocratic concentrating on formal trade and ignoring the importance of the informal trade that has been the traditional means of popular participation in the integration of West African economies Borderland communities with economic and social ties continue to engage in exchanges across political boundaries in defiance of national and state security concerns Empowerment of Ghanaians involved in small scale informal cross border trade in majority women would not only increase the levels of social and economic integration but would make the benefits of integration available to large sections of the population **Journal of the Royal African Society** ,1903

Bulletin of the United States Bureau of Labor Statistics ,1965 Journal of the Royal African Society Royal African Society,1911 Essentials of Labour Relations in Nigeria: Volume 2 Otober, Dafe,2016-11-25 Combined together in three volumes are the author s writings on labour and employment relations in Nigeria spanning over three and a half decades Volume two covers the Nigerian industry specific employment relations comparative labour relations and cross cutting African development issues
