1802 the experiment in emancipation was reversed and slavery was brutally reestablished though rebels in Saint Domingue avoided the same fate by defeating the French and creating an independent Haiti The political culture of republicanism Dubois argues was transformed through this transcultural and transatlantic struggle for liberty and citizenship The slaves turned citizens of the French Caribbean expanded the political possibilities of the Enlightenment by giving new and radical content to the idea of universal rights *Cosmic Yo-Yo and four more Stories* Ross Rocklynne,2021-12-01 Five Classic Short Stories from The Golden Age of Science Fiction Featured here Cosmic Yo Yo Distress Signal Chicken Farm Revolt of the Devil Star and X Marks the Asteroid all by Ross Rocklynne **Pleasures of the Telescope** Garrett Putman Serviss,1901

Forbidden Science J. Douglas Kenyon,2008-02-11 Reveals the cutting edge of New Science and shows how established science disallows inquiry that challenges the status quo even when it produces verifiable results Contains 43 essays by 19 researchers denoting cutting edge heretical or suppressed scientific research including Immanuel Velikovsky Nikola Tesla Rupert Sheldrake and Masaru Emoto Edited by Atlantis Rising publisher J Douglas Kenyon Following the model of his bestselling Forbidden History and Forbidden Religion J Douglas Kenyon has assembled from his bimonthly journal Atlantis Rising material that explores science and technology that has been suppressed by the orthodox scientific community from the true function of the Great Pyramid and the megaliths at Nabta Playa to Immanuel Velikovsky s astronomical insights free energy from space cold fusion and Rupert Sheldrake s research into telepathy and ESP There is an organized war going on in science between materialistic theory and anything that could be termed spiritual or metaphysical For example Masaru Emoto s research into the energetics of water although supported by photographic evidence has been scoffed at by mainstream science because he has asserted that humans affect their surroundings with their thoughts The materialism or absolute skepticism of the scientific establishment is detrimental to any scientific inquiry that thinks outside the box This mentality is interested in preserving funding for its own projects those that will not rock the establishment From Tesla s discovery of alternating current to Robert Schoch s re dating of the Sphinx this book serves as a compelling introduction to the true history of alternative and New Science research **The Novel, Volume 1** Franco Moretti,2006 Publisher Description
