

**Graham Greene on  
William Gerhardie:**

"I was about to leave school for Oxford when Mr. Gerhardie's first novel, *Folly*, was published. And it has left an indelible impression. I was leaving Oxford when its successor, *The Prophet*, appeared. In those of my generation he was the most important new novelist to appear in our young life. We were proud of his early and immediate success, like men who have spotted the right horse, and his critical neglect, not only by the great public but by the academic critics, has always remained a mystery."

**The (London) Times on  
*God's Fifth Column*:**

"*God's Fifth Column* is history enacted by a motley of brilliant personae under brilliant and carefully arranged spotlights... [It] is history, however disguised. It is so because all the time it does to heights of description the deaths of Tolstoy, Chopin and Proust, three great artists who supply scenes of their own to the book, the slow descent to the execution of the Tsar and his family, with the very far-reaching approach of the Emperor's train along the coast's main journey back to Russia, and the catastrophe at the Revolution—all are memorably... It is a continuously available, stimulating, and impressive work."

God's Fifth Columnist & Other Writings Frederick Neumann,1971      The Uses of Error Frank Kermode,1991 This book

is a record of Kermode s error his wandering through literature past and present He notes that in thirty odd years I have written several hundred reviews an example I would strongly urge the young not to follow From these Kermode has selected the pieces he treasures most they provide an example that will be difficult to follow      **Mediating Criticism** Roger D.

Sell,2001 In the twentieth century literature was under threat Not only was there the challenge of new forms of oral and visual culture Even literary education and literary criticism could sometimes actually distance novels poems and plays from their potential audience This is the trend which Roger D Sell now seeks to reverse Arguing that literature can still be a significant and democratic channel of human interactivity he sees the most helpful role of teachers and critics as one of mediation Through their own example they can encourage readers to empathize with otherness to recognize the historical achievement of significant acts of writing and to respond to literary authors own faith in communication itself By way of illustration he offers major re assessments of five canonical figures Vaughan Fielding Dickens T S Eliot and Frost and of two fascinating twentieth century writers who were somewhat misunderstood the novelist William Gerhardie and the poet

throughout the 20th century whether as a romantic source of literary and political inspiration or as a warning of creeping totalitarianism In this new book Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century including Joseph Conrad Somerset Maugham Jane Harrison Virginia Woolf and H G Wells Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja Lacis in Moscow in

1926 and between Isaiah Berlin and Anna Akhmatova in 1945 Love and Russian Literature casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism

**God's Crucible: Islam and the Making of Europe, 570-1215** David Levering Lewis, 2009-01-12 From the two time Pulitzer Prize winning author God's Crucible brings to life a furiously complex age New York Times Book Review Resonating as profoundly today as when it was first published to widespread critical acclaim a decade ago God's Crucible is a bold portrait of Islamic Spain and the birth of modern Europe from one of our greatest historians David Levering Lewis's narrative filled with accounts of some of the most epic battles in world history reveals how cosmopolitan Muslim al Andalus flourished a beacon of cooperation and tolerance while proto Europe floundered in opposition to Islam making virtues out of hereditary aristocracy religious intolerance perpetual war and slavery This masterful history begins with the fall of the Persian and Roman empires followed by the rise of the prophet Muhammad and five centuries of engagement between the Muslim imperium and an emerging Europe Essential and urgent God's Crucible underscores the importance of these early world altering events whose influence remains as current as today's headlines

**God's Shadow: Sultan Selim, His Ottoman Empire, and the Making of the Modern World** Alan Mikhail, 2020-08-18 An arresting New York Times Book Review revisionist history demonstrating how Islam and the Ottoman Empire made our modern world The history of the Ottoman Empire once the most powerful state on earth ruling over more territory and people than any other world power has for centuries been distorted misrepresented and suppressed in the West With this original and wide ranging Wall Street Journal global history Alan Mikhail vitally recasts the Ottoman conquest of the world through the dramatic biography of Sultan Selim I 1470 1520 Drawing on previously unexamined sources and upending prevailing shibboleths about Islamic history and jingoistic rise of the West theories Mikhail's game changing account radically transforms our understanding of the importance of Selim's Ottoman Empire in the annals of the modern world

**Subversive Family** Ferdinand Mount, 2010-06-15 British politician and writer Ferdinand Mount challenges contemporary beliefs about society and family including the history of divorce childcare and the concept of the nuclear family In Subversive Family politician and writer Ferdinand Mount argues that society is shaped by a series of powerful revolutionary movements the leaders of which whether they be political ideologues theologians feudal lords or feminist writers have done their utmost to render the family a subordinate instrument of their purpose but that in spite of it all the family endures Mount maintains that many widely held contemporary beliefs about the family are based on a willful

misreading of the evidence among the myths are that arranged marriages were the norm until this century that child care is a modern innovation that in earlier societies children were treated as expendable objects that the nuclear family is not a 20th century invention and that romantic love never existed before the troubador poets glorified adultery Divorce he contends is no great novelty either he shows that in many times and places it has been almost as easy to obtain as it is today Far from diminishing the general desire and respect for family life Mount contends that the provision for divorce has been popularly regarded as an integral part of any sensible system of family law This study should jolt the reader into a re assessment of one of the most familiar and ancient institutions and encourage greater consideration for policies today that support the family

*Reaching and Teaching* M. David Sills, 2010-04-01 Most Christians know and understand that we are to seek to reach the lost around the world Yet Christ s command to us is more specific and calls us to a higher standard of involvement with the peoples of the world He has called the church to make disciples of all people groups and to teach them to observe all He commanded us Matthew 28 18 20 In recent years mission agencies and missionaries have increasingly shifted away from discipleship and teaching toward an emphasis upon evangelism and church planting many to the exclusion of any other field activity While evangelism and church planting are essential components of a biblical missions program they are not sufficient for the complete task to which we have been called *Reaching and Teaching* examines the task Christ gave in the Great Commission and redefines the task of missions from that which is currently prevalent It surveys missions strategies and methodologies that have increasingly replaced Christ s Great Commission instructions even as they have sought to fulfill it It is a clarion call to return to the biblical task of reaching and teaching the nations for Christ s sake **Gods on Trial: the**

**Absurdities of Religion** Richard T. Halfpenny, 2011-04-29 The Saga of a gambler who dreams he died in a car crash and faces judgment day in a poker tournament with Vishnu Moses Jesus Buddha and Mohammed It is a satirical eclectic expose of the absurdities that separate common sense and religion No sacred cows are spared It emphasizes the wars fought in the name of religions and Gods Funism is juxtaposed with the five major organized religions The fiery debate encompasses theology philosophy ethics history psychology economics gambling and politics **Paris Noir** Jacques Yonnet, 2011-03-16 In *Paris Noir* Yonnet tells is about some of the darker quarters of Paris on the left bank of the Seine centred on the place Mauberge and the rue Mouffetard as seen from his own experience It is mainly written during the 1940s under the Occupation and in the immediate post war period there is a certain amount dealing with the resistance but the main thrust of the book is a Paris that existed between the wars and is well known from the film noir but has since disappeared It concentrates on the people rather than places a mixture of ordinary workers tradesmen artists con men and criminals It invests the area with a sense of mystery including occasional supernatural events it is extremely well written often using the language of the inhabitants of the area Raymond Queneau considered it the greatest book ever written about Paris For *Dedalus* it is the perfect counterfoil for J K Huysmans *Parisian Sketches* which *Dedalus* published in 2004 which showed the

darker side of Paris pre Haussman s big boulevards Among the books you must read before you die is Paris Noir by Jacques Yonnet Raphael Sorin Concentrating on the seedy area around Rue Mouffetard which becomes La Mouffe in a typically Parisian abbreviation Yonnet reveals the dark side of the City of Light in the 1940s in this secret history of a city The street life of the Left Bank ticks on much as normal during the Occupation though L opoldie the tart stops turning tricks because the green German uniform does not suit her complexion Keep on Dancin the killer with a fondness for history rules the roost Though describing himself as sceptical disillusioned cynical Yonnet casually dispatches a traitor in the Resistance This is film noir in book form Christopher Hirst in *The Independent*

**The Tragicomic Novel** Randall Craig,1989 Theoretically grounded in classical and Renaissance writings as well as in the work of modern theorists this study analyzes the role of tragicomedy in the development of the English novel from the late nineteenth to the early twentieth century Diana of the Crossways the Awkward Age the Old Wives Tale and Ulysses are among the illustrative works discussed *The Grace of Giving* Ché Ahn,2013-03-18 What does biblical prosperity have to do with giving While it is clear from Scripture that God desires to prosper His children materially the Word s emphasis is not on amassing personal wealth but on having a generous heart like the Father s Ch Ahn believes that God desires to prosper His people and that He will do so as they trust His grace to provide for their needs and seek to reflect His giving blessing image This happens as believers repent of the hindrances of mind and heart that motivate them to grasp at wealth in unhealthy and self defeating ways The Grace of Giving guides readers to tear down the idols of wealth and poverty and to flourish in God s presence and provision

History and the Human Condition John Lukacs,2014-04-08 In a career spanning more than sixty five years John Lukacs has established himself as one of our most accomplished historians Now in the stimulating book History and the Human Condition Lukacs offers his profound reflections on the very nature of history the role of the historian the limits of knowledge and more Guiding us on a quest for knowledge Lukacs ranges far and wide over the past two centuries The pursuit takes us from Alexis de Tocqueville to the atomic bomb from American exceptionalism to Nazi expansionism from the closing of the American frontier to the passing of the modern age Lukacs s insights about the past have important implications for the present and future In chronicling the twentieth century decline of liberalism and rise of conservatism for example he forces us to rethink the terms of the liberal versus conservative debate In particular he shows that what passes for conservative in the twenty first century often bears little connection to true conservatism Lukacs concludes by shifting his gaze from the broad currents of history to the world immediately around him His reflections on his home his town his career and his experiences as an immigrant to the United States illuminate deeper truths about America the unique challenges of modernity the sense of displacement and atomization that increasingly characterizes twenty first century life and much more Moving and insightful this closing section focuses on the human in history masterfully displaying how right Lukacs is in his contention that history at its best is personal and participatory History and the Human Condition is a fascinating work by one of the finest historians

of our time More than that it is perhaps John Lukacs s final word on the great themes that have defined him as a historian and a writer
