If There Were Anywhere But Desert:

If There Were Anywhere But Desert Edmond Jabès, 1988 This book is the first bilingual selection from the poetic works of Edmund Jabes long acknowledged for the mastery of his work in the unique prose genre invented by him Jabes lives in the French language as if it were the Sea writes Robert Duncan in the afterword a truth accessible here both in the French originals and Keith Waldrop's extraordinary translations drawn from Jabes earliest and most recent poems Poetry was Jabes proving ground writes Paul Auster in the Introduction and as a careful reader of Keith Waldrop's translations will observe the styles and themes that characterize The Book of Questions and The Book of Resemblances were already being explored by Jabes in the poems he wrote as a young man One finds the same economy of reference the same passionate lyricism the same tendency toward aphorism and the same preoccupation with the act of writing itself Even the theme of exile which plays such a vital part in the later prose books is already present in these early poems Always in a foreign country the poet uses poetry as an interpreter It is impressive to see how much the whole oeuvre of Jabes stands as a continuity and a completion from its first moments to these very recent poems an inquiry into the nature of writing and being The Sacred Desert David Jasper, 2008-04-15 The Sacred Desert is a reflection on the role of the desert in theology history literature art and film An original reflection on the role of the desert in theology history literature art and film Discusses figures as diverse as Jesus the early Christian Desert Fathers T E Lawrence T S Eliot Georgia O Keeffe Wim Wenders and Jim Crace Makes connections across millennia of desert literature Deepens the reader s understanding of the desert as a real place as an interior space and as a textual site Concludes with comments on the recent conflicts in Iraq Written in a r **Israel in Exile** Ranen Omer-Sherman, 2010-10-01 Israel in Exile is a bold exploration of how the ancient desert of Exodus and Numbers as archetypal site of human liberation forms a template for modern political identities radical skepticism and questioning of official narratives of the nation that appear in the works of contemporary Israeli authors including David Grossman Shulamith Hareven and Amos Oz as well as diasporic writers such as Edmund Jab's and Simone Zelitch In contrast to other ethnic and national representations Jewish writers since antiquity have not constructed a neat antithesis between the desert and the city or nation rather the desert becomes a symbol against which the values of the city or nation can be tested measured and sometimes found wanting This book examines how the ethical tension between the clashing Mosaic and Davidic paradigms of the desert still reverberate in secular Jewish literature and produce fascinating literary rewards Omer Sherman ultimately argues that the ancient encounter with the desert acquires a renewed urgency in response to the crisis brought about by national identities and territorial conflicts The Marrano Phenomenon Agata Bielik-Robson, 2019-05-09 What we call here the Marrano phenomenon is still a relatively unexplored fact of modern Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution but nevertheless exerts significant influence on modern humanities Our aim however is not a historical study of the Marranos or

conversos i e the mostly Spanish and Portquese Jews of the 15th and 16th centuries who were forced to convert to Christianity but were suspected of retaining their Judaism undercover such an approach already exists and has been developed within the field of historical research We rather want to apply the Marrano metaphor to explore the fruitful area of mixture and crossover which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition What is of special interest to us is the modern development of the non normative forms of religious thinking located on the borderline between Christianity and Judaism from Spinoza to Derrida The Flowers of Evil Charles Baudelaire, 2006 A modernist classic translated for the twenty first century The Routledge Encyclopedia of Jewish Writers of the Twentieth Century Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading A Bibliography for After Iews and Arabs Ammiel Alcalay, 2021 Ammiel Alcalay's groundbreaking work After Jews and Arabs published in 1993 redrew the geographic political cultural and emotional map of relations between Jews and Arabs in the Levantine Mediterranean world over a thousand year period Based on over a decade of research and fieldwork in many disciplines including history and historiography anthropology ethnography and ethnomusicology political economy and geography linguistics philosophy and the history of science and technology the book presented a radically different perspective than that presented by received opinion Given the radical and iconoclastic nature of Alcalay's perspective After Jews and Arabs met great resistance in attempts to publish it Though completed and already circulating in 1989 it didn t appear until 1993 In addition when the book was published there wasn t enough space to include its original bibliography a foundational part of the project A Bibliography for After Jews and Arabs presents the original bibliography as completed in 1992 without changes as a glimpse into the historical record of a unique scholarly political poetic and cultural journey. The bibliography itself had roots in research begun in the late 1970s and demonstrates a very wide arc In addition to the bibliography we include two accompanying texts here In Behind the Scenes Before After Jews and Arabs Alcalay takes us behind the closed doors of the academic process reprinting the original readers reports and his detailed rebuttals and in On a Bibliography for After Jews and Arabs Alcalay contextualizes his own path to the work he undertook in methodological historical and political terms

Savage Grace Jay Griffiths,2015-01-01 Jay Griffiths is a tour guide for anyone who has ever wished to commune with the side of our human psyche that remains in touch with the wild Equally at home among the sea gypsy Bajo people who live off the coast of Thailand and forage their food from the ocean floor drinking the psychedelic ayahuasca plant with Amazonian shamans or joining an Inuit whale hunt at the northern tip of Canada Griffiths takes readers on an adventure both charted and un chartable She divides her meditations on these travels into sections named after the ancient elemental properties of the universe Earth Air Fire Ice and Water because her subject matter is not merely the places traveled to but the depths of mind and the cultural narratives revealed by place It is a universal story told of far flung groups of humans with vastly different ways of life connected through the varied wilderness that sustains them By describing the ways in which human societies and the human mind have developed in response to the wilder elements of our homelands Savage Grace reveals itself as a benediction for the emotional intellectual and physical nourishment that people continue to draw from the natural world Under the sway of Griffiths charisma her poetic prose and her deeply learned and persuasive case for the wild roots of our shared human being we learn that we are all each and every one of us a force of nature
