## **If You Listen:**

Listening & Caring Skills John S. Savage, 1996 John Savage offers nine specific definable and teachable techniques to improve communication. He delineates his own proven successful program of training in the non profit business arena for listening skills and also includes exercises and examples of techniques taken from congregational situations **Let Go and Let God . . . and Then What?** Suzanne Mondoux, 2019-06-11 What an incredible book this is. Within its pages the author somehow manages to combine self help, inner healing, be motivational and inspirational. What's more, this book is suitable for all ages, genres and professions, something I find unique. Through the sharing of personal experiences with her reader and the incorporation of a fictitious story about a cat called Delilah, her surroundings and life, the reader is encouraged to open their eyes to their world, look forward with a positive attitude and embark on a journey of self discovery. From the moment we are aware, we absorb the information around us via other people. We learn to discover things about our world and environment, listen to the expectations and limitations others put on us. Now, through this enlightening book, we each have the tools we need to unlock our dreams, reach our full potential and then grow, taking one day at a time to discover the real us. We learn how to unburden ourselves of the concepts and restraints of others and truly become who we want to be. From a very early age, the author knew she had a strong affinity with the spirit world and animals. Her work has enabled her to recognise these gifts, and her strength of character has led her to write her books. In fact, her first published novel, *How I Became a Dragon*, was inspired by her experiences whilst working in the Republic of Congo as Project Director for the Wildlife Conservation Society (WCS) in the Sangha Tri National landscape. However, as she points out, if you are searching for God and enlightenment, it is not hidden in these pages. The purpose of this book is to, through telling her story and talking about poignant moments in her life which have opened her eyes to her true self, she hopes to inspire her readers to do the same. To aid in this, the book's chapters focus on life experiences, and at the end of each, there is the opportunity for the reader to express their thoughts and experiences on each topic on the activity pages. These pages eventually combined to reveal their own unique journey. However, the author is keen to point out, our journey does not end there, because life is a continual adventure, and the quest to discover new things about ourselves is constantly evolving each and every day. In Conclusion, This book contains the key to opening your own mind into the possibilities which await you. Within the author gives her reader the tools they require to move forward positively with true self belief and the knowledge that they are 100% in control. Susan Keef **Listening For the Voice of God!** Cynthia Burton, 2021-07-21 MY NAME IS MRS Cynthia Marie Burton and I am the mother of seven grown children, one daughter and six sons, and two grown stepdaughters. All our children are grown. God took care of them, but life doesn't go on forever. I want to let the whole world know how I actually made it by putting God first. That is the key to everything. Put God first, number one, and all will at least go somewhat right for you. I will always and forever put God first in my life because God has been good to all of us. Sometimes God will allow things to happen for a
