D. Robb, 2009-11-03 Lieutenant Eve Dallas scours New York City for the sadistic killer who murdered her captain s teenage daughter in this futuristic thriller from 1 New York Times bestselling author J D Robb When the newly promoted captain of the NYPSD and his wife return a day early from their vacation they are looking forward to spending time with their bright and vivacious sixteen year old daughter who stayed behind Not even their worst nightmares could prepare them for the crime scene that awaits them instead Deena has been brutally murdered in her bedroom and her body shows signs of trauma that horrifies even the toughest of cops including Lieutenant Eve Dallas who is specifically requested by the captain to investigate When the evidence starts to pile up Dallas and her team think they are about to arrest their perpetrator little do they know that someone has gone to great lengths to tease and taunt them by using a variety of identities Overconfidence can lead to careless mistakes But for Dallas one mistake might be all she needs to serve justice Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume I F. E. Peters, 2021-03-09 Invoking a concept as simple as it is brilliant F E Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham Through these extensive passages and the author s skillful connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this unique and ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present The hardcover edition of the work is bound in one volume and in the paperback version the identical material is broken down into three smaller but self contained books The first From Covenant to Community includes texts and comments on the covenant and early history of the Chosen People and their post Exilic reconstruction the career and message of the Messiah Jesus and the Prophet Muhammad the concept of holiness and of a kingdom of priests and finally the notions of church and state and the state as a church Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled The work ends as does the same author s now classic
