Il Viendra:

Music, Musicians, and the Saint-Simonians Ralph P. Locke, 1986-05 The Saint Simonians whose movement flourished in France between 1825 and 1835 are widely recognized for their contributions to history and social thought Until now however no full account has been made of the central role of the arts in their program In this skillful interdisciplinary study Ralph P Locke describes and documents the Saint Simonians view of music as an ideological tool and the influence of this view on musical figures of the day The disciples of Claude Henri de Rouvroy comte de Saint Simon believed that increased industrial production would play a crucial role in improving the condition of the working masses and in shifting power from the aristocratic drones to the enterprising men of talent then rising in the French middle class As a powerful means of winning support for their views music became an integral part of the Saint Simonians writings and ceremonial activities Among the musicians Locke discusses are Berlioz Liszt and Mendelssohn whose tangential association with the Saint Simonians reveals new aspects of their social and aesthetic views Other musicians became the Saint Simonians faithful followers among them Jules Vinard and Dominique Tajan Rog and particularly Flicien David the movement's principal composer Many of these composers works reconstructed by Locke from authentic sources are printed here including the Premier Chant des industriels written at Saint Simon's request by Rouget de Lisle composer of the Marseillaise **Corpus**
