## Godliness Good Learning Four Studies:

Encyclopedia of the Essay Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies *The Impossible Life of Mary Benson* Rodney Bolt, 2013-04-01 The remarkable true story of the life of Mary Benson wife of an archbishop friend of Queen Victoria mother of three unpermissably gifted children including E F Benson and in love with dozens of women Sometimes touching and sometimes hilarious this is the story of one lovable brilliant woman and her trajectory through the often surprising opportunities and the remarkable limitations of a Victorian woman s life Young Minnie Sidgwick was just 12 years old when her cousin 12 year old Edward Benson proposed to her in 1853 Edward went on to become Archbishop of Canterbury and little Minnie as Mary Benson to preside a social world that ranged from Tennyson Henry James and Oscar Wilde to foreign royalty and Queen Victoria herself Yet Mrs Benson s most intense relationships were not with her husband and his associates but with other women When the Archbishop died Mary or Ben to her intimates turned down an offer from the Queen to live at Windsor and set up home in a Jacobean manor house with her friend Lucy Tait Drawing on the diaries and novels of the Bensons themselves including E F Benson s Mapp and Lucia novels as well as the writing of contemporary writers and poets this book creates a very rich portrait of Mary Benson her family her close female friends and their world **Regendering the School Story** Beverly Lyon Clark, 2004-08-02 First published in 1996 Routledge is an imprint of Taylor Francis an informa company **Educating Women** Christina de Bellaigue, 2007-08-16 The author looks at boarding schools for girls in 19th century England exploring the emergence and expansion of private schooling for girls the recruitment and training of schoolmistresses the lives of schoolgirls and the instruction they received and the experiences of pupils and teachers who crossed the Channel **Becoming Imperial Citizens** Sukanya Banerjee, 2010-06-17 By examining how Indians formulated notions of citizenship across the British empire from the late nineteenth century through the early twentieth Sujatha Banerjee theorizes modes of citizenship decoupled from the rights conferring nation state *Family Fortunes* Leonore Davidoff, Catherine Hall, 2018-12-12 First published to wide critical acclaim in 1987 Family Fortunes has become a seminal text in class and gender history and its influence in the field continues to be extensive today The book explores the middle class family and its place in the development of capitalist society It argues that gender and class need to be thought about together that class was always gendered and gender always classed Divided into three parts the book covers religion and ideology economic structure and opportunity and gender in action across two main case studies the rural counties of Suffolk

and Essex and the industrial town of Birmingham This third edition contains a new introductory section by Catherine Hall reflecting on some of the major developments in historical thinking over the last fifteen years and discussing the evolution of key themes such as the family Providing critical insight into the perception of middle class society and gender relations between 1780 and 1850 this volume is essential reading for students of eighteenth and nineteenth century British social history

*The Problem of Pleasure* Dominic Erdozain,2010 The book combines intellectual cultural and social history to address a major area of encounter between Christianity and British culture the world of leisure This book traces the rise and fall of the evangelical movement the powerhouse of Victorian religion via its preoccupation with pleasure Victorian evangelicalism demonstrated an ability to excite the affections but also a corresponding suspicion of worldly pleasures Suspicion developed into hostility and a movement premised on freedom became coercive and alienating The crisis of Victorian religion began It is generally held that the mid Victorian turn to recreation and sport solved the problem justifying God to the people through cricket cycling and football This book argues otherwise that the problem of pleasure was inflamed by the ecclesiastical remedy The problem of overdrawn boundaries between church and world gave way to a new and subtle confusion of gospel and culture Historians have praised the mood of engagement but the costs were profound In fact sport became the perfect vehicle for that humanistic unmystical morality that defines the secularity of the twentieth century Secularisation did not wait for the Dionysian rebellions of the 1960s it emerged almost a hundred years earlier in the Victorian transformation of religion into ethics Central to the process was the problem of pleasure

**Missionary Education and Empire in Late Colonial India, 1860-1920** Hayden J A Bellenoit,2015-09-30 Contributes simultaneously to both British imperial and Indian history This work demonstrates that missionary understandings and interactions with India rather than being party to imperial ideologies often diverged from metropolitan and imperial norms

**A Vital Ministry** John Caperon,2015-05-30 A Vital Ministry describes the situation of the post millennium generation of the young as threatening to their human flourishing Their economic political and cultural context is potentially oppressive and the education system in this country no longer seeks to provide spiritual capital to resource the young The special role of Church of England schools is to provide a holistic education which values the spiritual dimension genuinely encouraging the personal and spiritual development of young people as children of God Drawing on the testimony both of school chaplains and school students the book argues that the chaplain s ministry of pastoral care has a key part to play in the fostering of personal spiritual development and that the role of the chaplain as a liturgical leader can open up the spiritual realm for students The Church needs to take seriously this vital but neglected ministry the book concludes arguing for better recognition professional support and development

**The Greenian Moment** Denys P. Leighton, 2015-11-30 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought

*The Greenian Moment* Denys Leighton, 2004 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought

*Men's Bodies, Men's Gods* Bjorn Krondorfer, 1996 Men s Bodies Men s Gods explores the intersection of body religion and culture from the specific perspective of male identities How are male bodies constructed in different historical periods and contexts How do race ethnicity and sexual preference impact on the

intersection of male bodies and religious identity Does Christianity provide models to cope with the aging and ailing male body Does it provide models for intimacy between men and women Between men and men And how do men reflect the carnal dimensions of power abuse and justice      Romantic Genius Andrew Elfenbein,1999 Elfenbein takes on the absorbing subject of homosexuality in British Romantic writing showing the centrality of disreputable desires to the works of Romantic male authors from William Beckford to Samuel Taylor Coleridge to William Blake as well as to the writings of lesser known but equally significant female authors of the period      **Discipline and Power** ,1995 An intellectual cultural and social analysis of the ways in which universities successfully transformed a set of values encoded in the concept of liberal education into a licensing system for a national elite      **The Measure of Manliness** Karen Bourrier,2015-04-10 Sheds new light on the narrative importance of the disabled man in Victorian literature and culture      *The Idea of the Clerisy in the Nineteenth Century* Ben Knights,2010-06-10 This book is about the development in nineteenth century England of the idea of a secular intellectual elite the clerisy These intellectuals wanted to free themselves from the pressures of material conditioning and be in touch with transcendent values This elite would be capable of seeing and valuing the best in the national cultural heritage and raising the standard of intellectual life Dr Knights considers five major writers who shared this concern Coleridge Carlyle Matthew Arnold J S Mill and J H Newman He finds important similarities arising out of shared problems and assumptions The status of literary culture was still such that to many of its practitioners a clerisy offered the only hope of reversing a trend towards cultural and social disintegration Dr Knights goes on to examine the influence of the idea upon the reorganisation of university curricula in the latter part of the century      Democracy and Religion J. P. Parry,1989-03-02 An account of how the various religious and educational issues tackled by politicians led to the fall of Gladstone s first liberal party government in 1874 and to an identity crisis for British Liberalism      The English Higher Grade Schools Meriel Vlaeminke,2013-09-05 The English higher grade schools formed a key part of an expanding 19th century education system but they threatened the vested interests of a powerful Establishment bent on reaffirming the status quo The author analyzes the 1902 Education Act as a retrogressive move by which much was lost      **Schools as Dangerous Places** Tom A. O'Donoghue,2007 The lack of serious study on how dangerous schools as institutions can be is a little surprising given that the matter was put squarely on the research agenda in persuasive fashion by Waller back in 1932 The lack of response to the possibilities opened up means that a vibrant research agenda still awaits construction This book will stimulate debate on the matter from the historical perspective It consists of fifteen chapters drawing on historical case studies from the United States Canada England Ireland Scotland and Australia written by international scholars in the field These chapters are helpfully grouped into three sections The first section focuses on certain dangers to which pupils were exposed in the past and on certain dangerous practices which they promoted The second section examines dangers to which teachers were exposed in the past along with dangerous practices which they themselves promoted In the final and third section the chapters explore the dangers to which teachers

and students were exposed in the past at the university level Throughout the book the emphases range from dangers emanating from the institutions themselves and the patterns of relationships that developed in them to what occurred due to particular ideologies and practices connected with sport sex religion and science Schools as Dangerous Places delivers a historical perspective of schools in a manner that is most unusual This unique study helps us examine education through a very different lens
