incomprehension The novels Going After Cacciato by Tim O Brien and Catch 22 by Joseph Heller we dealt with in the seminar Between the Lines American War Novels are narrated with this complex technique They are called nonlinear narratives I decided to write a paper about how Tim O Brien accomplished to portray the trauma of war with his novel Going after Cacciato This is one of six novels he published dealing with Vietnam War In the second chapter I start to divide the novel into its three parts that could function as stories on their own and I analyse the narrative communication and its function within these parts The third chapter deals with the major themes of the novel The theme of control and its loss is discussed in a subchapter because it is a central one and can be associated with the special narrative technique In chapter four I analyse how structure and narrative communication assemble the content and main themes in Going After Cacciato harmonious It creates the feeling of reading about traumatic experiences at Vietnam War The novel contains a mythical fictional story within the story and therefore distinct ambiguities that are discussed in this chapter A Trauma Artist Mark A.
