## **If A Sermon Falls In The Forest:**

**If a Sermon Falls in the Forest--** William Henry Shepherd, 2002 Solidly grounded in contemporary biblical scholarship this fascinating volume analyzes each of the major New Testament writers Matthew Mark Luke John Paul and places their accounts of Jesus resurrection in the broader context of their entire output Shepherd carefully studies the literary historical theological anthropological and sociological dimensions that color each writer's unique view of the resurrection and examines how these passages may be read in various interpretive communities Each section also includes sample sermons that illustrate how a preacher might treat these texts for an actual congregation This is an excellent resource for pastors and an informative easy to read manual for anyone who wants a deeper understanding of the New Testament **A Little Handbook for Preachers** Mary S. Hulst, 2016-03-17 No function of the pastor is as visible and stress inducing as preaching But few pastors feel adequately prepared for this high stakes responsibility when they begin their ministries Forged by her experiences as a pastor preaching professor and college chaplain Mary Hulst provides practical tips for all pastors whether ministry newcomers or seasoned professionals **A New King** Paul S. Jeon, 2018-04-11 A benevolent and wise king who puts his subjects before himself who can find The majority of rulers throughout history up to the present age live for their own comfort and glory But there was one king who became a servant and died to save all his servants He was a king like no other This short book invites you to walk through the last two chapters of Luke's Gospel and encounter the risen Son who will give you the hope and purpose you have been searching for **Without a Net** William H Shepherd, 2004 Does the idea of speaking without a manuscript in the pulpit make you feel like a trapeze artist trying to negotiate a high wire without a net There you are ly balancing delicately in the stratosphere and holding on for dear life with nothing but you and your ballet shoes wondering Why oh why didn't I bring even a sliver of paper up here to catch me when I fall For many pastors preaching without notes is a terrifying prospect yet reading verbatim from a manuscript prevents a sermon from being natural and spontaneous This book shows how you can learn to preach freely without needing the net of written reminders while still retaining full control over your material It presents a concise and workable method for creating memorable sermons that connect with listeners By focusing on delivery Shepherd casts the entire sermon preparation process including both study and composition in a completely new light Using this approach will make it easy to preach sermons without notes because they were meant to be preached in the paperless pulpit Featuring a user friendly design Without A Net is a convenient instructive text for both beginning and experienced preachers In addition to a complete system for constructing and delivering a sermon from start to finish there's a brief outline of the entire process that allows you to quickly locate more details on specific topics A concise nutshell summarizes each chapter's highlights and there are plenty of pithy hints and tips to help you with the essential steps Several sample sermons are also included so you can see how this approach actually works Preaching without a net may seem like magic to congregations But there's no real secret the answer is right here in

**Transformational Preaching** David M. Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry
