Cannon,2002-11-04 In this second edition of his highly acclaimed book Christopher P Cannon MD and a team of preeminent clinical investigators have thoroughly revised and expanded every chapter to reflect the recent explosion of clinical trials on the management of acute coronary syndromes ACS This includes the newer tests such as C reactive protein a multimarker approach to diagnosis and risk stratification new antiplatelet agents and combinations of thrombolytic antithrombotic regimens Also discussed are the latest developments in interventional cardiology the use of cost effectiveness in clinical trials to choose appropriate therapies and the employment of critical pathways analysis to improve compliance with evidence based medicine and guideline recommendations **The Oregon Experiment** Keith Scribner,2011-06-14 East Coast transplants to small town Oregon Naomi and Scanlon Pratt are at the threshold of a new life Scanlon has a position at the local university teaching mass movements and domestic radicalism and Naomi a fragrance designer whose sense of smell has inexplicably vanished is pregnant with their first child For Scanlon all of this is ideal from impending fatherhood to the chance for professional vindication The Pacific Northwest provides ample opportunities for field research and almost immediately he finds a subject in Clay a troubled young anarchist who despises Scanlon s self serving attempts at friendship but adores Naomi He also becomes involved with a regional secessionist group and despite his better judgment with its leader a sensuous free spirit called Sequoia Naomi while far less enchanted with these radically different surroundings discovers that Oregon has something to offer her as well an extraordinary world of scents Her acutely sensitive nose is somehow revived though she certainly doesn t like everything she s smelling And as the Pratts welcome their newborn son their lives become so deeply entwined with Clay s that they must soon decide exactly where their loyalties lie before the increasingly volatile activism that Scanlon has been dabbling in engulfs them all A contemporary civil war between desire and betrayal rich in crisp luxuriant detail *The Oregon Experiment* explores a minefield of convictions and complications at once political social and intimately personal Nicotine Addiction C.
