**If Life Is a Grocery Store, I Need Better Coupons** Keith Johnson, 2011-02-21 I believe that every man has the potential to pull himself from the mud of which he was created up to the highest point of stardom to overcome the greatest of indignities whatever may be served to him and demonstrate the greatest of inspirational abilities making mankind far better for his appearance on this earth if he chooses as brief as it may be I believe that every man is sacred and when he realizes his individual worth he cannot help but strive for perfection and though he cannot find it in his own strength will realize that the God who made him loves him and will give him the strength he needs to overcome all tribulation and failure that we were made to be happy and excited about our existence and that we should live and learn to love life and embrace all it has to offer passionately eliminating the bad and enhancing the good for ourselves and our fellow man It is our God given responsibility to take this gift of life and the earth upon which we were given to live to learn to love God and our fellow man and that our journey is solely our own and affects all of us for the worse or the better according to the choices we make guided by our character And whether we like it or not all of our chosen activities affect each other and should lift up our fellow man as sacred and special as we lift ourselves up individually and to never forget that we are not here alone that God is watching every step we take and every action in our lives and we are held in judgment for how we treat ourselves our fellow man and our relationship with our Heavenly Father "If Each Comes Halfway" Kathryn S. physical reality and intuitive morality **If Atheists Created God** explores this bold question by addressing humanity's core moral dilemmas and examining the key arguments in debates between atheists and Christians. At its core, the book seeks to derive a rational backup version of God, a hypothetical model of a deity that even ardent sceptics and atheists might consider a plausible and acceptable alternative. This carefully reasoned philosophical framework envisions a concept of God that would not only align with human understanding but also foster the progress of civilisation. This book will appeal to critical thinkers, philosophy enthusiasts, and anyone seeking a rational approach to life's big questions. The author's clear prose makes complex ideas accessible without sacrificing depth. Prepare for an intellectual journey that challenges assumptions and expands minds, offering a rare opportunity to engage with profound concepts in a truly rational manner. Key topics explored include: A fresh perspective on free will that resolves disputes between compatibilists and hard determinists; An innovative approach to natural evil which is considered unsolvable; A nuanced analysis of consciousness, personal identity, and the nature of the self; A rational framework for understanding ethical dilemmas and moral decision making; Thought provoking discussions on gender, roles, hierarchy, and equality from evolutionary and philosophical viewpoints. The arguments presented are unprecedented and promise to ignite global debates. The author skilfully navigates complex terrain, offering readers a chance to reconsider their worldviews through rigorous logic and evidence-based reasoning. By applying analytical philosophy to age-old questions, he illuminates pathways for reconciling humanistic understanding with existential inquiries.

**If You Could See What I See** Sylvia Browne, 2006-01-31 This enlightening work by renowned psychic Sylvia Browne contains the Gnostic tenets of her church, the Society of Novus Spiritus, and is a map of our charts regardless of what spiritual path we follow. It has taken many years of research to put together what at first seems simple tenets to follow, but in going deeper, this book carries within it the very heart of humankind's search for our own spirituality. Sylvia has also included many details from her own personal journey, which she feels is comparable to the quest that each of us follows to find our own God center. As we travel this road, we can realize that long forgotten yet simple and truthful goal of viewing our life on Earth as our path to God.
