THE LEGACY OF SUPRANATIONALISM

Legacy Of Supranationalism

Riccardo Fiorentini, Guido Montani

Legacy Of Supranationalism:

The Legacy of Supranationalism P. Close, 2000-08-22 The doctrine of supranationalism has been most evident in Europe but has become increasingly a global tour de force Supranationalism is the ideological driving force behind the process of European integration and so the European Union the first supranational regional regime SRR But the same doctrine has bequeathed other gifts to the world and to posterity The EU is evolving as a prominent global player and as a result appears to have become an inspiration and model for the proliferation of other SRRs and proto SRRs However as SRRs acquire greater power relative to traditional global players such as nation states a further state of development has ensued entailing the creation of supranational global regimes SGRs signalled by the progress of the United Nations and the World Trade Organisation

Limits of Supranational Justice Dilek Kurban, 2020-11-12 A rich and gripping account of the challenges of transnational legal mobilization against an authoritarian regime engaged in state violence

Asia Pacific and Human Rights Paul Close, David Askew, 2017-03-02 Human rights are acquiring an increasingly prominent role on the world stage Interest in concern about and action on human rights are widespread and rising albeit in a far from globally even uniform and untroubled fashion Human rights have generated a booming global industry while having become not unconnectedly highly controversial and deeply contested Human rights matters have emerged as a major source of disagreement dispute and discord at and between the local regional and global levels of social cultural political and economic life These developments are addressed in the book by an examination of the links between the evolving global human rights regime GHRR and the character and course of human rights in the world's most dynamic complex and problematic region that of the Asia Pacific The authors argue that although the Asia Pacific and human rights nexus is influenced by cultural clashes it is largely shaped by power distributions and struggles rooted in the global political economy GPE The prevailing GHRR reflects the way in which globalization processes have been Western led but its future is far from certain given the current shift in the balance of GPE power towards the Asia Pacific and especially East Asia

The Contribution of International and Supranational Courts to the Rule of Law Geert De Baere, Jan Wouters, 2015-11-27 International and supranational courts are increasingly central to the development of a transnational rule of law Except for insiders the functioning and impact of these courts remain largely unknown Addressing this gap this innovative book examines the manner in which and the extent to which international courts and tribunals contribute to the rule of law at the national regional and international levels With unique insights from members of the international judiciary this authoritative book deals with the fundamental procedural and substantive legal principles sources tools of interpretation and enforcement used by the respective judicial bodies The rule of law focused approach offers a unique opportunity for a thorough cross case analysis of the differences and commonalities in the essential contributions of the respective courts and tribunals to international justice The book also includes an in depth theoretical framework and allows for the identification of

fundamental principles and commonalities as well as differences and contrasts between the different judicial bodies In addition to students researchers and scholars in international law this timely and comprehensive study of international courts and their contributions will be an enlightening resource for legal practitioners and those involved with international justice

Mediating Spaces James M. Robertson, 2024-07-17 Throughout the twentieth century in the lands of Yugoslavia socialists embarked on multiple projects of supranational unification Sensitive to the vulnerability of small nations in a world of great powers they pursued political sovereignty economic development and cultural modernization at a scale between the national and the global from regional strategies of Balkan federalism to continental visions of European integration to the internationalist ambitions of the Non Aligned Movement In *Mediating Spaces* James Robertson offers an intellectual history of the diverse supranational politics of Yugoslav socialism beginning with its birth in the 1870s and concluding with its violent collapse in the 1990s Showcasing the ways in which socialists in Southeast Europe confronted the political economic and cultural dimensions of globalization the book frames the evolution of supranational politics as a response to the shifting dynamics of global economic and geopolitical competition Arguing that literature was a crucial vehicle for imagining new communities beyond the nation Robertson analyzes the manuscripts journals and personal correspondence of the literary left to excavate the cultural geographies that animated Yugoslav socialism and its supranational horizons The book ultimately illuminates the innovative strategies of cultural development used by socialist writers to challenge global asymmetries of power and prestige *Mediating Spaces* reveals the full significance of supranationalism in the history of socialist thought recovering a key concern for an era of renewed geopolitical contestation in Eastern Europe

Digital Media Governance and Supranational Courts Psychogiopoulou, Evangelia, de la Sierra, Susana, 2022-09-06 This timely book untangles the digital media jurisprudence of supranational courts in Europe with a focus on the CJEU and the ECtHR It argues that in the face of regulatory tension and uncertainty courts can have a strong bearing on the applicable rules and standards of digital media

Language Policy at the Supranational Level Huan Yik Lee, M. Obaidul Hamid, Ian Hardy, 2024-10-21 This book provides a critical examination of the English only policy of ASEAN the Association of the ten Southeast Asian nations It presents the ASEAN language policy and planning LPP journey through time rationalising English as the sole working language for ASEAN in the past followed by a critique of the status quo considering regional complexities and dynamics and finally exploring alternative linguistic futures for ASEAN and the Southeast Asian region The book also offers methodological innovations in LPP research by utilising the largely underrepresented and undervalued agency of people with expertise The authors argue for a multilingual commitment towards pursuing an agency of projectivity in co constructing imagined LPP possibilities to reflect the region s socio historical context socio political intricacies and socio linguistic diversity The way forward is a more inclusive equitable balanced and responsible approach to LPP both regionally and globally The book engages with both deconstructive and constructive paradigms offering promising proposals for dealing with key language

issues and contemporary challenges This book will be interesting reading for language and education scholars sociolinguists historians political scientists policymakers diplomats language activists media personnel business leaders tourism players and other language policy and planning actors operating at national sub national and supra national levels

Industrial Relations and European Integration Hans-wolfgang Platzer, Berndt Keller, 2018-10-24 This title was first published in 2003 The completion of the Single Market and the launching of the European Monetary Union during the 1990s have been accompanied by processes of socio economic restructuring and major changes in the structure and forms of governance within the dynamic multi level EU system The patterns of reaction and adaptation of national industrial relations systems to these EU developments are discussed under the heading of Europeanisation of national IR systems The Maastricht and Amsterdam Treaties have extended to a certain degree the scope for legislative and coordinated activities by the EU in the fields of social labour market and employment policies These basic legal and political decisions have created new avenues for the development of transnational industrial relations and the establishment of new arenas for EU level interaction including social dialogues between the social partners

The European Union and Supranational Political Economy Riccardo Fiorentini, Guido Montani, 2014-12-05 The financial crisis originated in 2008 in the United States had a dramatic impact on the world economy The European Union was immediately involved but its reaction to the crisis was clearly inadequate The misgovernment of the European economy not only put at risk the European Monetary Union but it also caused further hindrances to the recovery of the global economy The global financial turmoil shook deep rooted beliefs The doctrine of international neo liberalism is more and more criticized Nevertheless the critics of neo liberalism focus their attention on the relationship between the state and the market as if the nation states with their international organisations have enough power for an effective global governance of the world economy The model of European supranational integration though seriously imperfect can suggest some new way out from the crisis even at the world level based on a new relationship between the supranational government of the Union and the market In this book several academic disciplines are involved international economics international political economy international law international relations political theory and democratic theory Adopting such a multidisciplinary theoretical perspective the volume tries to answer the following question Is a more supranational Europe able to provide a better government of the EMU Does this reform involve more European democracy

Supranational Institutions and Peacebuilding in Africa Redie Bereketab, 2024-09-06 This book analyses the role of the African Union and regional economic communities in contributing to peacebuilding in Africa Big and small conflicts rage across the African continent and this book argues that the African Union and the five regional economic communities have the potential to greatly contribute to peace and peacebuilding In Africa Looking across the African Union and the five regional economic communities the AMU ECCAS ECOWAS IGAD and SADC the book considers in detail the organizations programmes engagement endeavours success and failure of activities of peacebuilding in their respective

regions Overall the book argues that an institutionalised and formalised relationship between the African Union and the regional economic communities would not only be decisive for the prospects for peace in the region but would also serve to strengthen the continent's role on the global stage through asserting its agency owning its agenda and designing its own solutions and mechanisms for addressing problems Drawing together an international team of prominent experts this book will be of interest to researchers policymakers NGOs activists and regional and international actors working on African politics security governance and economics

The Politics of Supranational Banking Supervision in Europe David Howarth, Huw Macartney, 2019-09-19 Europe's sovereign debt crisis and the accompanying national bank crises in the European Union brought bank regulation and supervision to the top of the EU policy agenda In a few short years we have witnessed a great leap forward for European integration marked by over a dozen pieces of EU legislation shaping the operation of banks rules on bank capital reconfigured supervisory agencies and Banking Union The significance of these measures lies however in the fact that they constitute the most dramatic transfer of policy making powers to the European level since the start of Economic and Monetary Union in 1999 This volume addresses the three main political battles behind the adoption of these new regulatory and supervisory policies First it examines divisions among states both according to their domestic institutional structures including distinct financial systems as well as their creditor or debtor status in the crisis Second it studies the battle over national versus supranational jurisdiction Third it explores the conflictual process of policy learning and the activation of epistemic communities who claim competence to address the crisis This book was originally published as a special issue of the journal West European Politics

Same-Sex Couples before National, Supranational and International Jurisdictions Daniele Gallo, Luca Paladini, Pietro Pustorino, 2013-12-02 The present volume focuses on the jurisprudence of national supranational and international jurisdictions and quasi jurisdictions as regards the legal status of same sex couples Its aim is to explore the content rationale functioning and potential of the different jurisdictions reasonings and their contribution to the strengthening of LGBTI rights and duties As a consequence the book tries to convey the complexities and controversies that derive from the judicial recognition of same sex couples across the world taking always into account the relationship of the judiciary with the executive and the legislature and the related problems of legitimacy and democracy The volume deals with this issue and considers it as a crucial test for modern democracies and contemporary societies

Ecoviolence and the Law: Supranational Normative Foundation of Ecocrime Laura Westra, 2021-11-22 Exploring such acts of environmental violence as ecocrimes the author builds the case that the international law principles of jus cogens and erga omnes justify characterizing ecocrime as a just crime requiring action to curb their occurrence and punishment to deter them The book discusses the obstacles that defining environmental assaults as ecocrimes will face both in national and international circumstances The author concludes by proposing the creation of an International Environmental Court that would adjudicate ecocrime issues This forward thinking work will be of great interest to all

involved in the human rights issues of environmental threats Published under the Transnational Publishers imprint **The Dynamics of Federalism in National and Supranational Political Systems** Michael A. Pagano, 2007-01-17 This collection of essays is designed to help scholars and practitioners understand the fluid and dynamic nature of federalism with particular emphasis on the federal system in the United States The book is written to aid our understanding of the contemporary question which federalism Cases, Materials and Text on National, Supranational and International Non-Discrimination Law Dagmar Schiek, Lisa Waddington, Mark Bell, Tufyal Choudhury, Olivier De Schutter, Janneke Gerards, Aileen McColgan KC, Gay Moon, 2007-08-31 This casebook the result of the collaborative efforts of a panel of experts from various EU Member States is the latest in the Ius Commune Casebook series developed at the Universities of Maastricht and Leuven The book provides a comprehensive and skilfully designed resource for students practitioners researchers public officials NGOs consumer organisations and the judiciary In common with earlier books in the series this casebook presents cases and other materials legislative materials international and European materials excerpts from books or articles As non discrimination law is a comparatively new subject the chapters search for and develop the concepts of discrimination law on the basis of a wide variety of young and often still emerging case law and legislation The result is a comprehensive textbook with materials from a wide variety of EU Member States The book is entirely in English i e materials are translated where not available in English At the end of each chapter a comparative overview ties the material together with emphasis where appropriate on existing or emerging general principles in the legal systems within Europe The book illustrates the distinct relationship between international European and national legislation in the field of non discrimination law It covers the grounds of discrimination addressed in the Racial Equality and Employment Equality Directives as well as non discrimination law relating to gender In so doing it covers the law of a large number of EU Member States alongside some international comparisons The Ius Commune Casebook on Non Discrimination Law provides practitioners with ready access to primary and secondary legal material needed to assist them in crafting test case strategies provides the judiciary with the tools needed to respond sensitively to such cases provides material for teaching non discrimination law to law and other students provides a basis for ongoing research on non discrimination law provides an up to date overview of the implementation of the Directives and of the state of the law This Casebook is the result of a project which has been supported by a grant from the European Commission s Anti Discrimination Programme See the detailed website for this book www.casebooks.eu/nonDiscrimination **Regionalism and Supranationalism** Institute for Research on Public Policy, Policy Studies Institute, 1981 **The Supranational Corporation** Laura Westra, 2013-05-16 The growth of corporate power has kept pace with and even exceeded the rapid rise of globalization in the past two decades With it has come the weakening of a nation s ability to hold corporate power in check and the increasing inability of states to protect the rights of individuals within their national boundaries as a result of the growing number of international legal instruments This work lays bare corporate

actions both domestic and international under the guise of legal personhood and shows how corporations flaunt laws and act as controlling powers beyond the constraints imposed on legal state citizens Corporations are now embedded within domestic legal regimes and insinuate themselves to subvert the very systems designed to restrain corporate power and protect the public weal Using international vehicles like the WTO and NAFTA corporate collective power effectively supersedes the constitutional mandate of nation states

Supranational Criminal Law Roelof Haveman, Olga Kavran, Julian Nicholls (LL. M.), 2003 What exactly is the context in which all aspects of this new field of criminal law have to be interpreted What does the principle of legality mean in the context of supranational criminal law Which tradition lies at the basis of this new law system Is supranational criminal law as it grows the result of a deliberate policy tending towards a coherent system Or is it merely the result of crisis management Those are some of the questions that are highlighted in this first Volume of the *Supranational Criminal Law* series Answers are formulated with respect for the various law families and traditions taking into account the differences between e g inquisitorial and adversarial penal systems and between criminal law and international humanitarian law In doing so in this book full credit is given to the sui generis character of supranational criminal law The contributions have been written by a group of scholars and practitioners in the field of supranational criminal law This volume will therefore be very useful to lawyers judges prosecutors and academics who are confronted with the various aspects of this new and exciting penal system

Religion Matters Paul Babie, Rick Sarre, 2020-03-02 This book draws together leaders in science the health sciences the humanities and the social sciences to investigate the role of religion its meaning and relevance for their area of specialization It provides a much needed fresh perspective on the way in which religion operates within the modern neo liberal world The book approaches the topic by way of a critical engagement between religion broadly defined and the individual disciplines in which each of the contributors is expert Rather than simply taking the dogmatic position that religion offers something to every possible discipline each of the chapters in this collection addresses the question is there something that religion can offer to the discipline in question That is the value of the book it takes a truly critical stance on the place of religion in contemporary society

Supranational Citizenship and the Challenge of Diversity Francesca Strumia, 2013-09-05 In *Supranational Citizenship and the Challenge of Diversity* Francesca Strumia explores the potential of European citizenship as a legal construct and as a marker of group boundaries for filtering internal and external diversities in the European Union Adopting comparative federalism methodology and drawing on insights from the international relations literature on the diffusion of norms the author questions the impact of European citizenship on insider outsider divides in the EU as experienced by immigrants set by member states and perceived by native citizens The book proposes a novel argument about supranational citizenship as mutual recognition of belonging This argument has important implications for the constitution of insider outsider divides and for the reconciliation of multiple levels of diversity in the EU

Legacy Of Supranationalism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Legacy Of Supranationalism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Legacy Of Supranationalism has opened up a world of possibilities. Downloading Legacy Of Supranationalism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Legacy Of Supranationalism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Legacy Of Supranationalism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Legacy Of Supranationalism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Legacy Of Supranationalism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Legacy Of Supranationalism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However,

it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Legacy Of Supranationalism Books

1. Where can I buy Legacy Of Supranationalism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
