*Legal Issues in Mental Health Care* B.A. Weiner, R. Wettstein, 2013-06-29 I OVERVIEW Legal Issues in Mental Health Care is aimed at the mental health clinician who provides services on either an inpatient or an outpatient basis It is written for psychiatrists psychologists social workers nurses and other therapists to help them understand and manage legal issues in their daily practice The issues covered apply to therapists who work for an agency or hospital as well as those who work independently The book is meant to serve as a handbook but it also provides a quick resource as legal questions arise which are related to the obligations of the therapist It addresses the legal issues that confront the clinician It is not aimed at the clinician who specializes in forensic mental health issues because the information provided does not reach that level of detail or sophistication Nor is it aimed at the scholar because our goal is to provide practical information in a clear and concise format We have not addressed the wide array of laws protecting the mentally disabled from discrimination most notably the Americans with Disabilities Act 1990 and the Fair Housing Act Most states also have laws that prohibit discrimination in employment services and housing These issues are beyond the scope of this book because we are addressing the legal issues that arise in providing care rather than the rights of mentally disabled persons 11 ORGANIZATION OF THE BOOK The book consists of eleven chapters and a Glossary of Legal Terms      *1983 Review of Child Abuse and Neglect Research Final*
