of Night Ellen S. Fine,2012-02-01 Ellen Fine s book is full of original insights beautifully written and structured I could not
put it down It is a very important study Rosette Lamont Queens College and Graduate School City University of New York By
treating Wiesel s novels as literary spiritual stages in the development of Wiesel s larger experience as a survivor witness
writer Dr Fine s book takes on an inherently dramatic character which makes it alive and exciting as well as instructive
Terrence Des Pres Colgate University Fine clarifies Wiesel s intentions especially illuminating the complex variations on the
themes of speech and silence fathers and sons escape and return in short the ideas around which Wiesel organizes his
literary universe No one has done this before so thoroughly Lawrence Langer Simmons College *Legacy of Empire*
Gardner Thompson,2019-09-05 It is now more than seventy years since the creation of the state of Israel yet its origins and
the British Empire s historic responsibility for Palestine remain little known Confusion persists too as to the distinction
between anti Zionism and anti Semitism In Legacy of Empire Gardner Thompson offers a clear eyed review of political
Zionism and Britain s role in shaping the history of Palestine and Israel Thompson explores why the British government
adopted Zionism in the early twentieth century issuing the Balfour Declaration in 1917 and then retaining it as the
cornerstone of their rule in Palestine after the First World War Despite evidence and warnings over the next two decades
Britain would facilitate the colonisation of Arab Palestine by Jewish immigrants ultimately leading to a conflict which it could
not contain Britain s response was to propose the partition of an ungovernable land a two state solution which though
endorsed by the United Nations after the Second World War has so far brought into being neither two states nor a solution A
highly readable and compelling account of Britain s rule in Palestine Legacy of Empire is essential for those wishing to better
understand the roots of this enduring conflict Hough Neighborhood Legacy Gwen Graffenreid,2022-12-15 The about the

of a Methodist bishop in Brazil an Anglican leader in India and a Pentecostal overseer in Africa expressed the sentiments of
thousands of Christians around the world when they first discovered through the challenging teaching of Dr John D Garr the
extent to which they have been deprived of the Hebrew heritage of their Christian faith For the past nineteen centuries
millions of believers have been denied their biblical legacy the riches of the Hebrew foundations of their faith Christian
Judaeophobia anti Judaism and Antisemitism have conspired to rob them of the treasures of their inheritance Our Lost
Legacy presents selected essays and lectures in which Dr Garr urges the church to recover its Hebrew heritage its
connection with the Jewish matrix from which it was birthed These pages call Christians back to the Bible to the roots of faith

that enrich lives and equip believers to achieve greater maturity through a more complete knowledge of Jesus our Jewish Lord Our Lost Legacy presents these vivid images of Christianity's heritage in the Hebrew faith Biblical Judaism The Root of Christianity Hold to God's Unchanging Hand Christ Our Righteousness Jewish Jesus or Cosmic Christ The Secret to Fulfilling the Law As you read this volume you'll simply be amazed at just how Jewish Christianity really is And you'll be determined to recover your lost legacy in the Hebrew heritage of your faith

The Legacy of Tethys F.D. Por, 2012-12-06 This book is an attempt to present a comprehensive view on the aquatic biogeography of a small but very dynamic and complex area of the globe Luckily this area called here the Levant has attracted much interest in the past and is being increasingly studied in the present The interphasing between the knowledge of the historical and formative processes and that of the recent

distributional aspects is fairly good The recent years saw also a widening effort which expressed itself in several symposia and monographic books Therefore I considered it possible to treat the whole subject of the aquatic biogeography of the Levant singlehandedly rather than in the presently widespread manner of an edited book I am keenly conscious of the shortcommings of my approach of presenting much second hand information Possibly this is being compensated by the fact that this book has a more coherent structure and eventually a clearer scientific message The effort spent in synthesizing the data from the widely different sources hopefully pays off in a presentation which is more easily comprehended by the average reader For the suspicious reader I would recommend to read first the closing chapter of this book in which the quintessence of this book and its message is presented in a summarizing manner
