De Graaff, 2025-06-20 Scripture s compelling message of love and justice is powerfully relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle Rediscovering the Old Testament It is a joyful journey of discovery finding new meaning in the Bible for our lives *Where the Queen Sleeps* Gaurav Garg, 2025-07-28 For over two thousand years one story has been told In the heart of a conquered Egypt Queen Cleopatra the Serpent of the Nile took her own life with the bite of an asp her body and legendary tomb lost forever to the shifting sands of history This is the official story It is also the greatest lie ever told Dr Eva Rostova is a brilliant archaeologist haunted by a radical theory Ridiculed by the academic establishment she is convinced that Cleopatra a genius strategist and scientist did not surrender to despair She believes the queen engineered a masterful deception creating a secret tomb and leaving behind a trail of intricate clues a final intellectual challenge to a future she knew would be shaped by her enemies When Eva discovers an ancient cipher hidden in plain sight she proves her theory is real instantly making her the most dangerous woman in the world Now she is being hunted A powerful and shadowy cabal known as the Heritage Curators a secret society of collectors who believe some truths are too dangerous for the public will stop at nothing to possess the secret of the tomb From the dusty dig sites of the Egyptian desert to the clandestine archives of Cairo Eva is plunged into a deadly game of cat and mouse where the prize is nothing less than the truth of our own history As Eva deciphers the queen s final ingenious puzzle the

narrative fractures weaving between her own perilous modern day quest and the gripping tragic story of Cleopatra's last ten days To find the resting place of the queen Eva must unravel the secrets of her death and in doing so she will discover that the most dangerous secrets are the ones that have never been written She must succeed where Cleopatra could not she must not only find the truth she must bring it to the light      *Ron and the Wild Men* Pat Cooney, 2018-11-07 Because of the differing beliefs on how Australia should be governed in the future the country splits in two separate nations to the south New South Wales Victoria Tasmania and South Australia becoming known as Greater Australia and Queensland the Northern Territory and Western Australia Northern Australia The northern nation continues to use the old Westminster form of government and upon review of all past registration and procedures becomes prosperous and populated by freedom loving and happy people while to the south the land is governed in such a way that the needs of the environment is considered as paramount The design of the southern government can be considered to be inefficient cumbersome and impractical allowing the real power being usurped by radicals anarchists and power hungry near megalomaniacs A large area of western New South Wales has been given over to indigenous people in which to live in their traditional ways To assist in this all white people and their improvements have been removed Initially this causes great suffering and deaths among the indigenous people who have become dependent on the social services and the lifestyle or way of life of the whites When they gain a form of organisation they actually revert to a form of living similar to that which existed prior to white settlement Ron in his travels escaping from Southern Australia meets up with these people and lives with them for a while An expedition is sent to this area from the north brought on because of a sudden collapse in population numbers because of disease Ron finds himself conscripted as leader The book deals with the achievements of the expedition the people involved especially Ron and his lover Gwen and those who try to sabotage it or take share of the glory
