Lenin And The Comintern Volume I:

The Comintern Jeremy Agnew, Kevin McDermott, 1996-10-25 This accessible text provides a comprehensive narrative and interpretative account of the entire history of the Communist International 1919-1943 By incorporating the most recent Western and Soviet research the authors explain the legendary complexities of Comintern history and chart its degeneration from a revolutionary internationalist organisation into an obedient instrument of Soviet foreign policy Key themes include continuities and discontinuities between the Leninist and Stalinist phases Bolshevisation versus national traditions and the role of leading individuals in the Comintern apparatus A selection of documents will elucidate these central themes **The Comintern** Duncan Hallas, 2008 This history of the Communist Third International from its beginnings in 1919 as the center of world revolution through its degeneration at the hands of the Stalinist bureaucracy draws out lessons valid today to the work of building bridges to unite and rebuild a Left capable of fighting for radical social change Lenin and the Comintern

Branko M. Lazić, Milorad M. Drachkovitch, 1972 **The Communist International and US Communism, 1919-1929**

Jacob Zumoff, 2014-08-21 Since the Cold War most historians have set up an opposition between the American and international aspects of early American Communism This book examines the development of the Communist Party in its first decade from 1919 to 1929 Using the archives of the Communist International this book in contrast to previous studies argues that the International played an important role in the early part of this decade in forcing the party to Americanise Special attention is given to the attempts by the Comintern to orient American Communists on the role of black oppression and to see the struggle for black liberation and the fight for socialism as inextricably linked The later sections of the book provide the most detailed account now available of how the Comintern reflecting the Stalinisation of the Soviet Union intervened in the American party to ensure the Stalinisation of American Communism **The Russian Revolution and Civil War**

1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state The Communist International, Anti-Imperialism and Racial Equality in British Dominions Oleksa Drachewych, 2018-12-07 This book analyzes the stance of international communism towards nationality anti colonialism and racial equality as defined by the Communist International Comintern during the interwar period Central to the volume is a comparative analysis of the communist parties of three British

dominions South Africa Canada and Australia demonstrating how each party attempted to follow Moscow's lead and how each party produced its own attempts to deal with these issues locally while considering the limits of their own agency within the movement at large *The Soviet Union, from Lenin to Khrushchev* United States. Congress. House. Committee on Un-American Activities, 1961

Lenin: A Political Life Robert Service, 2016-07-27 The final volume of Robert Service's major trilogy on Lenin's political life takes the account from the Brest Litovsk Treaty of 1918 to the Bolshevik leader's death in 1924 Attention is paid to the military political and economic conditions as they changed to the internal pressures of the party's politics to ideological imperatives and to one man's reaction to events and situations he had only imperfectly anticipated The volume incorporates not only the post 1985 documentary revelations but also the results of the author's searches in the Moscow archives since 1991

Programme of the Communist International Communist International, 1929

Bibliography of the Communist International (1919-1979) Vilem Kahan, 2023-08-14 Until now the Communist movement has been studied more from the national perspective than the international This scholarly tradition seems to be at odds with the organisational interconnection even subjugation of the national communist parties sections to the Communist International or Comintern 1919 1943 but it is understandable from the point of view of the historian who has only national sources at his disposal newspapers brochures interviews Nowadays the tendency is for the international component of the Communist movement to participate in research The archives of the Comintern are gradually being released by the Soviet Union and an enormous number of official publications is emerging and being made available in libraries by reprints Here Vil m Kahan's bibliography is an indispensable tool in listing nearly all reference works and publications by and on the Comintern and in giving a list of aliases of speakers on Comintern meetings and an overview of all agendas of the meetings These lists are based on research in 14 specialised Western libraries and on the knowledge of a dozen European languages The second volume will deal with the front organisations a third and last volume with the national sections

Lenin's Terror James Ryan, 2012-06-25 This book explores the development of Lenin's thinking on violence throughout his career from the last years of the Tsarist regime in Russia through to the 1920s and the New Economic Policy and provides an important assessment of the significance of ideological factors for understanding Soviet state violence as directed by the Bolshevik leadership during its first years in power It highlights the impact of the First World War in particular its place in Bolshevik discourse as a source of legitimating Soviet state violence after 1917 and explains the evolution of Bolshevik dictatorship over the half decade during which Lenin led the revolutionary state It examines the militant nature of the Leninist worldview Lenin's conception of the revolutionary state the evolution of his understanding of dictatorship of the proletariat and his version of just war The book argues that ideology can be considered primarily important for understanding the violent and dictatorial nature of the early Soviet state at least when focused on the party elite but it is also clear that ideology cannot be understood in a contextual vacuum The oppressive nature of Tsarist rule the

bloodiness of the First World War and the vulnerability of the early Soviet state as it struggled to survive against foreign and domestic opponents were of crucial significance The book sets Lenin s thinking on violence within the wider context of a violent world *International Press Correspondence* ,1926 **Soviet World Outlook** United States. Department of State. Division of Research for USSR and Eastern Europe,1954 **European and British Commonwealth Series** Frederick W. Jandrey,1948 Lenin Beryl Williams,2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin s years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin s life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period

Marxism in Asia Colin Mackerras,Nick Knight,2015-04-17 Marxism is a theory which originated in the context of nineteenth century industrialised Europe Despite its European origins Marxism has actually found greatest significance as a doctrine for change in the context of the underdeveloped peasant societies of Asia This paradox has only been resolved through adaptation of Marxism to suit the specific features of particular Asian societies There has consequently been a differentiation of Marxism along national lines In this book first published in 1985 the theoretical and practical implications for this national differentiation of a universal European theory are explored followed by a more detailed analysis of the manner in which Marxism has developed during different historical periods in particular Asian contexts *Department of State Publication* ,1948 **The Study of Africa Volume 2: Global and Transnational Engagements** Paul Tiyaambe Zeleza,2006 This is the second of a two volume work taking stock of the study of Africa in the twenty first century its status research agenda and approaches and place It is divided into two parts the first entitled Globalisation Studies and African Studies and the second African Studies in Regional Contexts Topics addressed in part one include trans boundary formations and the study of Africa global economic liberalisation and development in Africa African diasporas academics and the struggle for a global epistemic presence and the problem of translation in African studies Part two considers African and area studies in France the US the UK Australia Germany and Sweden anti colonialism and Russian soviet African studies African studies in the Caribbean in historical perspective the teaching of African history and the history of Africa in Brazil African studies in India African studies and historiography in China in the twenty first century and African studies and contemporary scholarship in Japan **Publications Relating to Various Aspects of Communism** ,1962 South Africa and the Communist International Apollon B. Davidson,Irina Filatova,Valentin P. Gorodnov,Sheridan Johns,2015-12-22 This is a comprehensive selection of documents pertaining to the Communist Party of South Africa from the formerly closed archives of the Communist International
