A Clinician's Guide to Systemic Sex Therapy Nancy Gambescia,Gerald R. Weeks,Katherine M. Hertlein,2015-12-07 The second edition of A Clinician's Guide to Systemic Sex Therapy has been completely revised updated and expanded This

volume is written for beginning psychotherapy practitioners in order to guide them through the complexities of sex therapy and help them to be more efficient in their treatment. The authors offer a unique theoretical approach to understanding and treating sexual problems from a systemic perspective incorporating the multifaceted perspectives of the individual client, the couple, the family and the other contextual factors. Both beginning and experienced sex relationship therapists will broaden their perspectives with the Intersystem approach and gain information rarely seen in sex therapy texts such as how to thoroughly assess each sexual disorder, the implementation of various treatment principles and techniques, how to incorporate homework, dealing with ethical dilemmas, understanding different expressions of sexual behavior and addressing the impact of medical problems on sexuality. Aside from bringing the diagnostic criteria up to date with the DSM 5, this new edition contains a new chapter on sensate focus, an expanded section on assessment, more information about development across the lifespan and more focus on diversity issues throughout the text. *Colour Healing Manual* Pauline Wills, 2013-08-28

The healing properties of colour and light have been recognised since ancient times; today colour therapy techniques are used to great effect in a range of complementary therapies and for personal wellbeing. This book provides a comprehensive introduction to colour healing and offers step by step instructions for diagnosis and treatment. *The Care and Feeding of Indigo Children* Doreen Virtue, 2001-05-29 Indigo children are bright, intuitive, strong-willed and sometimes self-destructive individuals. They are often labeled and misdiagnosed as having ADD or ADHD because they won't comply with established rules and patterns and they may exhibit behavioral problems at home and at school. In *The Care and Feeding of Indigo Children*, Doreen Virtue Ph.D. explores the psyche of these special kids and offers alternative solutions to Ritalin based on her extensive research and interviews with child care experts, teachers, parents and the Indigo Children themselves. Read the accounts of these remarkable children as they explain why they act out, are aggressive or withdrawn and what they want from the adults in their lives. You'll also be fascinated by the psychic experiences that these kids have had in their lives so far. This is a groundbreaking book that can positively affect the ways in which you interact with your child, altering the shape of their future in miraculous ways.
