Goldring, 2022-11-15 Shaker Fancy Goods tells the story of the Shaker

Sisters of the nineteenth and early twentieth century who responded to the economic perils of the Industrial Revolution by inventing a lucrative industry of their own Fancy Goods a Victorian term for small adorned household objects made by women for women Thanks to their work ethic business savvy and creativity the tireless Shaker Sisters turned a seemingly modest trade into the economic engine that sustained their communal way of life just as the men were abandoning the sect for worldly employment Relying on journals and church family records that give voice to the plainspoken accounts of the sisters themselves the book traces the work they did to establish their principal revenue streams from designing the products to producing them by hand and later by machine when they could do so without compromising quality to bringing their handcrafts to market Photographs painstakingly gathered over years of research from museums and private collections present the best examples of these fancy goods Fancy goods include the most modest and domestic of items like the pen wipes that the Sisters shaped into objects such as dolls mittens and flowers or the emeries pincushions and needle books lovingly made back in an era when more than a minimal competency in sewing was expected in women to more substantial purchases like the Dorothy cloaks that were in demand among fashionable women of the world or the heavy rib knitted sweaters cardigans and pullovers that became popular items among college boys and adventurous women The Revised Nomenclature for Museum Cataloging James R. Blackaby, Patricia Greeno, The Nomenclature Committee, 1995-10-06 Chenhall's System for Classifying Man Made Objects created the first common cataloging language for museums and other historical collections Now The Revised Nomenclature for Museum Cataloging develops Chenhall's ideas to provide updated material so museums can use their collections to the fullest extent The Revised Nomenclature provides a universally accepted classification system with terminology that allows curators registrars and catalogers to describe artifacts precisely It also creates a standard for cataloging so that in house record keeping is complete and accurate for use by all staff members and the exchange of cultural objects and information between museums is possible on both a national and international scale This system deals with information not with methods of recording that information and enables even the smallest museum s terminology to be in synchronization with the largest metropolitan museum No museum can afford to be without this book Engendering African American Archaeology Jillian E. Galle, Amy L. Young, 2004 Taken together these essays represent a departure in historical archaeology an important foray into the study of the construction of gender within various African American communities that is based in the archaeological record Those interested in historical archaeology history women's studies and African American studies will find this a valuable addition to the literature Topics range from gendered residential and consumption patterns in colonial Virginia and the construction of identity in Middle Tennessee to midwifery practices in postbellum Louisiana Contributors to this volume include Melanie Cabak Marie Danforth Garrett Fesler Jillian Galle Barbara Heath Larry McKee Patricia Samford Elizabeth Scott Brian Thomas Larissa Thomas Laura Wilkie Kristin Wilson and Amy Young BOOK JACKET Lace & Crafts ,1990 Africana Notes and News ,1984 The
