

# The Golden Circle

## "What?"

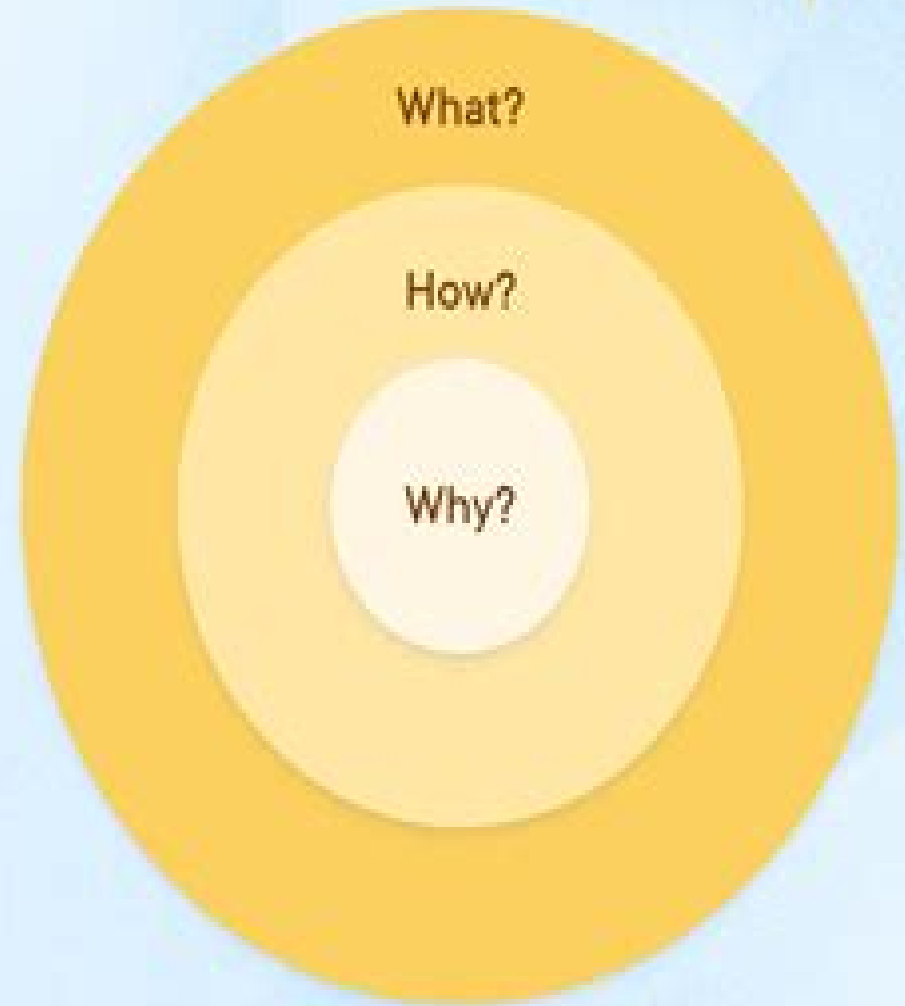

is in the outer circle and relates to every person in a business knowing exactly what they do, 100% of the time.

## "How?"

is in the middle circle, with only some people within an organisation knowing how they do it, and what sets their organisation apart from others.

## "Why?"

is the core of the golden circle - the core of a business as such - where very few people in that company know why they do what they do.

deployed most vigorously in the service of Francis of Assisi This book offers a compelling account of how this type of image embodied and challenged the prevailing structures of vision representation and sanctity in Byzantium and among the Franciscans in Italy between the eleventh and thirteenth centuries Paroma Chatterjee uncovers the complexities of the philosophical and theological issues that had long engaged both the medieval East and West such as the fraught relations between words and images relics and icons a representation and its subject and the very nature of holy presence
