**Imperial Democracy** Ernest R. May, 1961      **Labor and Imperial Democracy in Prewar Japan** Andrew Gordon, 1991  
An important study on modern Japanese social history that persuasively articulates quantitative data with well chosen qualitative texts to tell the story of imperial democracy in Japan The work shows real intelligence and great originality and will make its mark on the practice of writing Japanese history Harry D Harootunian University of Chicago      **Imperial Democracy** David Starr Jordan, 1898      **Sexual Decoys** Zillah Eisenstein, 2008-02-29 In this book Zillah Eisenstein continues her unforgiving indictment of neoliberal imperial politics She charts its most recent militarist and masculinist configurations through discussions of the Afghan and Iraq wars violations at Guantamo and Abu Ghraib the 2004 US Presidential election and Hurricane Katrina She warns that women's rights rhetoric is being manipulated particularly by Condoleezza Rice and other women in the Bush administration as a ploy for global dominance and a misogynistic capture of democratic discourse However Eisenstein also believes that the plural and diverse lives of women will lay the basis for an assault on these fascistic elements This new politics will both confound and clarify feminisms and reconfigure democracy across the globe      Imperial Democracy David Starr Jordan, 2015-06-11 Excerpt from Imperial Democracy A Study of the Relation of Government by the People Equality Before the Law and Other Tenets of Democracy to the Demands of a Vigorous Foreign Policy and Other Demands of Imperial Dominion The present volume contains eight addresses bearing on the policy of the United States especially concerning the war with Spain and its results The first address Lest We Forget was delivered May 25th 1898 on the occasion of the graduation of the Class of 1898 in the Leland Stanford Junior University As this address has in a sense a historical value being one of the very first of many of its kind it is here published exactly as delivered with the change of a word or two only and the omission of a brief quotation The second address Colonial Expansion delivered before the Congress of Religions at Omaha in October 1898 is here modified by the omission of a few passages which were used also on the previous occasion The third address A Blind Man's Holiday was read on February 14th 1899 before the Graduate Club of Leland Stanford Junior University and afterwards repeated before the congregation of Temple Emanu El in San Francisco and the Berkeley Club in Oakland It was reprinted for general circulation under the title of The Question of the Philippines by the courtesy of Mr John J Valentine who has also published a similar edition of Lest We Forget The essay on the Colonial Lessons of Alaska was delivered before the University Extension Club of San Jose that on the Lessons of the Paris Tribunal before the Congregationalist Club in San Francisco The essay on A Continuing City was delivered before the New Charter Association of San Francisco About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may

Jordan,1925     **Política** Felipe Gonzales,2016 Pol tica offers a stunning revisionist understanding of the early political incorporation of Mexican origin peoples into the U S body politic in the nineteenth century Historical sociologist Phillip B Gonzales reexamines the fundamental issue in New Mexico s history namely the dramatic shift in national identities initiated by Nuevomexicanos when their province became ruled by the United States Gonzales provides an insightful rigorous and controversial interpretation of how Nuevomexicano political competition was woven into the Democratic and Republican two party system that emerged in the United States between the 1850s and 1912 when New Mexico became a state Drawing on newly discovered archival and primary sources he explores how Nuevomexicanos relied on a long tradition of political engagement and a preexisting republican disposition and practice to elaborate a dual party political system mirroring the contours of U S national politics Pol tica is a tour de force of political history in the nineteenth century U S Mexico

borderlands that reinterprets colonization reconstructs Euro American and Nuevomexicano relations and recasts the prevailing historical narrative of territorial expansion and incorporation in North American imperial history Gonzales provides critical insights into several discrete historical processes such as U S racialization and citizenship integration and marginalization accommodation and resistance internal colonialism and the long struggle for political inclusion in the borderlands shedding light on debates taking place today over Latinos and U S citizenship

Throughout US history presidents have had vastly different reactions to naval incidents Though some incidents have been resolved diplomatically others have escalated to outright war What factors influence the outcome of a naval incident especially when calls for retribution mingle with recommendations for restraint Given the rise of long range anti ship and anti air missile systems coupled with tensions in East Asia the Persian Gulf and the Black and Baltic Seas the question is more relevant than ever for US naval diplomacy In *Choosing War* Douglas Carl Peifer compares the ways in which different presidential administrations have responded when American lives were lost at sea He examines in depth three cases the Maine incident 1898 which led to war in the short term the Lusitania crisis 1915 which set the trajectory for intervention and the Panay incident 1937 which was settled diplomatically While evaluating Presidents William McKinley Woodrow Wilson and Franklin Delano Roosevelt s responses to these incidents Peifer lucidly reflects on the options they had available and the policies they ultimately selected The case studies illuminate how leadership memory and shifting domestic policy shape presidential decisions providing significant insights into the connections between naval incidents war and their historical contexts Rich in dramatic narrative and historical perspective *Choosing War* offers an essential tool for confronting future naval crises **The War with Spain in 1898** David F. Trask,1996-01-01 Remember the Maine The war cry spread

throughout the United States after the American battleship was blown up in Havana harbor on February 15 1898 Americans already sympathetic with Cuba s struggle for independence from Spain demanded action Brief and decisive not too costly the Spanish American War made the United States a world power David F Trask s *War with Spain in 1898* is a cogent political and military history of that splendid little war It describes the failure of diplomacy the state of preparedness of both sides the battles including those of Theodore Roosevelt and his Rough Riders the enlargement of conflict to rout the Spanish from Puerto Rico and the Philippines and the misconceptions surrounding the war **Feminism and War** Robin Riley,Chandra

Talpade Mohanty,Minnie Bruce Pratt,2013-04-04 Women across the globe are being dramatically affected by war as currently waged by the USA But there has been little public space for dialogue about the complex relationship between feminism women and war The editors of *Feminism and War* have brought together a diverse set of leading theorists and activists who examine the questions raised by ongoing American military initiatives such as What are the implications of an

imperial nation state laying claim to women's liberation What is the relation between this claim and resulting American foreign policy and military action Did American intervention and invasion in fact result in liberation for women in Afghanistan and Iraq What multiple concepts are embedded in the phrase women's liberation How are these connected to the specifics of religion culture history economics and nation within current conflicts What is the relation between the lives of Afghan and Iraqi women before and after invasion and that of women living in the US How do women who define themselves as feminists resist or acquiesce to this nation state claim in current theory and organizing Feminism and War reveals and critically analyzes the complicated ways in which America uses gender race class nationalism imperialism to justify legitimate and continue war Each chapter builds on the next to develop an anti racist feminist politics that places imperialist power and forms of resistance to it central to its comprehensive analysis
