Ambrosio, 2012-02-01 Reading Dante's Commedia alongside Jacques Derrida's later religious writings Francis J. Ambrosio explores what these works reveal about religion as a fundamental dynamic of human existence about freedom and responsibility and about the significance of writing itself Ambrosio argues that both the many telling differences between

them and the powerful bonds that unite them across centuries show that Dante and Derrida share an identity as religious writers that arises from the human experiences of faith hope and love in response to the divine mystery of being human For both Dante and Derrida Ambrosio contends scriptural religion reveals that the paradoxical tension of freedom and absolute responsibility must lead to the mystery of forgiveness a secret that these two share and faithfully keep by surrendering to its necessity to die so as always to begin again anew

For Derrida J. Hillis Miller,2009-08-25 This book the culmination of forty years of friendship between J Hillis Miller and Jacques Derrida during which Miller also closely followed all Derrida s writings and seminars is for Derrida in two senses It is for him dedicated to his memory The chapters also speak in acts of reading as advocates for Derrida s work They focus especially on Derrida s late work including passages from the last as yet unpublished seminars The chapters are partial to Derrida on his side taking his part gratefully submitting themselves to the demand made by Derrida s writings to be read slowly carefully faithfully with close attention to semantic detail The chapters do not progress forward to tell a sequential story They are rather a series of perspectives on the heterogeneity of Derrida s work or forays into that heterogeneity The chief goal has been to borrow a phrase from Wallace Stevens plainly to propound what Derrida says The book aims above all to render Derrida s writings justice It should be remembered however that according to Derrida himself every rendering of justice is also a transformative interpretation A book like this one is not a substitute for reading Derrida for oneself It is to be hoped that it will encourage readers to do just that

Animal Lessons Kelly Oliver, 2009-10-08 Philosophy reads humanity against animality arguing that man is man because he is separate from beast Deftly challenging this position Kelly Oliver proves that in fact it is the animal that teaches us to be human Through their sex their habits and our perception of their purpose animals show us how not to be them This kinship plays out in a number of ways We sacrifice animals to establish human kinship but without the animal the bonds of brotherhood fall apart Either kinship with animals is possible or kinship with humans is impossible Philosophy holds that humans and animals are distinct but in defending this position the discipline depends on a discourse that relies on the animal for its very definition of the human Through these and other examples Oliver does more than just establish an animal ethics She transforms ethics by showing how its very origin is dependent upon the animal Examining for the first time the treatment of the animal in the work of Heidegger Merleau Ponty Derrida Agamben Freud Lacan and Kristeva among others Animal Lessons argues that the animal bites back thereby reopening the question of the animal for philosophy

□□□□□□□□□□ **Nixon's Secrets** Roger Stone, 2014-08-11 Learn the inside scoop on Watergate the Ford Pardon and the 18 minute Gap Roger Stone The New York Times bestselling author of The Man Who Killed Kennedy the Case Against LBJ gives the inside scoop on Nixon's rise and fall in Watergate in his new book Nixon's Secrets Stone charts Nixon's rise from election to Congress in 1946 to the White House in 1968 after his razor thin loss to John Kennedy in 1960 his disastrous campaign for Governor of California in 1962 and the greatest comeback in American Presidential history Just as the

assassination of JFK prevents a balanced analysis of Kennedy and his times the myth of Watergate prevents a reappraisal of our 37th President said Stone who s book on LBJ was the second biggest selling book during the 50th anniversary of Kennedy s murder Stone reveals how the Kennedy s wiretapped Nixon s hotel room the night before the Nixon Kennedy debate and stole Nixon s medical records from his psychiatrist s office Stone lays out how Kennedy running mate Lyndon Johnson stole Texas from JFK through vote fraud while Mayor Richard Daley stole Illinois and how JFK actually lost the popular vote Stone looks at the Nixon Presidency the desegregation of the public schools the progressive social programs Nixon s struggle to end the war in Vietnam the historic SALT arms reduction agreement with Russia the saving of Israel in the Six Days War the opening to China and the disastrous decision to take America off the Gold standard The mainstream media s interpretation of the facts surrounding the Watergate episode are a fantastic and grotesque distortion of historical truth said Stone Cursory examination of the facts in Watergate will reveal that the actions which caused the fall of Nixon cannot be reduced to the simplistic account summarized by Bob Woodward and Carl Bernstein of the Washington Post The author outlines how White House Counsel John Dean planned pushed and covered up the Watergate break in then sought to avoid responsibility for it Stone examines the bungled Watergate break in to determine what exactly Nixon s agents were looking for and how the CIA infiltrated the burglar team and sabotaged the break in to gain leverage over Nixon Find out why Nixon demanded the CIA turn over the records of the Bay of Pigs and Kennedy Assassination Learn how a cabal of military and intelligence hard liners spied on and undermined Nixon to stop his pro peace d tente foreign policy his withdrawal of troops from Vietnam his arms limitation agreement with the Soviets and his opening to Red China Discover how Vice President Spiro Agnew was setup to move him out of the line of presidential succession Stone makes the compelling case that General Alexander Haig orchestrated Nixon s removal from office in a coup d tat and brokered the deal for his pardon Finally the public will learn what is on the 18 minute gap in the White House Tapes Stone a Washington Insider for forty years outlines why FBI Man Mark Felt is not deep throat why there is no deep throat and why Bob Woodward and Carl Bernstein lie about it even today Stone reveals how Nixon used the dark secrets he knew to avoid prosecution by blackmailing Gerald Ford for a full free and unconditional pardon Nixon s secret would not only destroy his presidency it would save him from prison and allow him to launch his final comeback advising President Bill Clinton on Foreign Affairs despite Hillary s attempts to block him and her being fired from the 1974 House Impeachment Committee for lying and violating Nixon s rights

Violence and Naming

David E. Johnson,2019-04-15 Reclaiming the notion of literature as an institution essential for reflecting on the violence of culture history and politics Violence and Naming exposes the tension between the irreducible constitutive violence of language and the reducible empirical violation of others Focusing on an array of literary artifacts from works by journalists such as Elena Poniatowska and Sergio Gonz lez Rodr guez to the Zapatista communiqu s to Roberto Bola o s The Savage Detectives and 2666 this examination demonstrates that Mexican culture takes place as a struggle over naming with severe

implications for the rights and lives of women and indigenous persons Through rereadings of the Conquest of Mexico the northern Mexican feminicide the Zapatista uprising in Chiapas the disappearance of the forty three students at Iguala in 2014 and the 1999 abortion rights scandal centering on Paulina which revealed the tenuousness of women s constitutionally protected reproductive rights in Mexico Violence and Naming asks how societies can respond to violence without violating the other This essential question is relevant not only to contemporary Mexico but to all struggles for democracy that promise equality but instead perpetuate incessant cycles of repression

Marion and Derrida on The Gift and Desire: Debating the Generosity of Things Jason Alvis, 2016-01-13 This book examines the various encounters between Jean Luc Marion and Jacques Derrida on the gift considers their many differences on desire and demonstrates how these topics hold the keys to some of phenomenology s most pressing structural questions especially regarding deconstructive approaches within the field The book claims that the topic of desire is a central lynchpin to understanding the two thinkers conflict over the gift for the gift is reducible to the desire to give which initiates a turn to the topic of generosity To what degree might loving also imply giving How far might it be suggested that love is reducible to desire and intentionality It is demonstrated how Derrida the generative father of deconstruction rejects the possibility of any potential relation between the gift and desire on the account that desire is bound to calculative repetition economical appropriation and subject centered interests that hinder deconstruction Whereas Marion a representative of the phenomenological tradition demands a unique union between the gift and desire which are both represented in his reduction to givenness and erotic reduction The book is the first extensive attempt to contextualize the stark differences between Marion and Derrida within the phenomenological legacy Husserl Heidegger Kant supplies readers with in depth accounts of the topics of the gift love and desire and demonstrates another means through which the appearing of phenomena might be understood namely according to the generosity of things

The Self-Emptying Subject Alex

Dubilet, 2018-04-03 Against the two dominant ethical paradigms of continental philosophy Emmanuel Levinas's ethics of the Other and Michel Foucault's ethics of self cultivation *The Self Emptying Subject* theorizes an ethics of self emptying or kenosis that reveals the immanence of an impersonal and dispossessed life without a why Rather than aligning immanence with the enclosures of the subject *The Self Emptying Subject* engages the history of Christian mystical theology modern philosophy and contemporary theories of the subject to rethink immanence as what precedes and exceeds the very difference between the human self and the divine other between the subject and transcendence By arguing that transcendence operates and subjects life in secular no less than in religious domains this book challenges the dominant distribution of concepts in contemporary theoretical discourse which insists on associating transcendence exclusively with religion and theology and immanence exclusively with modern secularity and philosophy *The Self Emptying Subject* argues that it is important to resist framing the relationship between medieval theology and modern philosophy as a transition from the affirmation of divine transcendence to the establishment of autonomous subjects Through an engagement with Meister Eckhart G W F Hegel and Georges Bataille it uncovers a medieval theological discourse that rejects the primacy of pious subjects and the transcendence of God Eckhart retrieves a modern philosophical discourse that critiques the creation of self standing subjects through a speculative re writing of the concepts of Christian theology Hegel and explores a discursive site that demonstrates the subjecting effects of transcendence across theological and philosophical operations and archives Bataille Taken together these interpretations suggest that if we suspend the antagonistic relationship between theological and philosophical discourses and decenter our periodizing assumptions and practices we might encounter a yet unmapped theoretical fecundity of self emptying that frees life from transcendent powers that incessantly subject it for their own ends

the nineteenth century this book charts their ruminations on the nature of hunger poverty and economic injustice Exploring the works of Christina Rossetti Coventry Patmore Gerard Manley Hopkins Adelaide Anne Procter Alice Meynell and Alfred Lord Tennyson Lesa Scholl examines the extent to which these poets not all of whom were Anglo Catholics themselves engaged with the Tractarian social vision when grappling with issues of poverty and economic injustice in and beyond their poetic works By engaging with economic and cultural history as well as the sensorial materiality of poetry *Hunger Poetry and the Oxford Movement* challenges the assumption that High Church politics were essentially conservative and removed from the social crises of the Victorian period
