## **Impossible Victories:**

**Impossible Victories** Bryan Perrett, 1996      **Impossible Victories** Bryan Perrett, 2015-10-30 A military historian takes an in depth look at a selection of surprising battlefield successes Victory on the battlefield is sometimes achieved against the odds victory snatched from the jaws of apparently inevitable defeat A daring counterattack an unexpected maneuver a stubborn refusal to be beaten and the impossible victory is won In the ten dramatic episodes in this book military historian Bryan Perrett revisits battles from the Peninsula War of 1811 to Vietnam in 1967 via colonial action in two world wars

*Impossible Victories* Bryan Perrett, 2015      *At All Costs!* Bryan Perrett, 1993 A collection of true short stories relates the obstacles challenges circumstances and efforts involved in some of history's most impossible victories      **At All Costs** Bryan Perrett, 2020-12-10 From the jaws of defeat incredible victories **AT ALL COSTS** transports you to the battlefield for over two centuries of astonishing military confrontations From the Battle of Minden in 1795 to dramatic second world war stories and the Battle for Goose Green in the Falklands Bryan Perrett gives astoundingly vivid accounts of international forces in daring actions achieving victory against the odds These real life military adventures are meticulously accurately described giving a true flavour of some of the most important moments in world history      Hope Ain't a Hustle Irwyn L. Ince Jr., 2024-02-06

Sometimes hope can feel like a scam a swindle a hustle But as Christians our hope cannot disappoint us because it is validated by God himself In this accessible exploration of the epistle to the Hebrews Irwyn Ince shows us how placing our confidence in our great high priest Jesus Christ changes the way we live in the here and now      **The Real Hornblower** Bryan Perrett, 2014-11-18 First published in 1997 *The Real Hornblower* offers a comprehensive and engaging account of the life and times of this great naval Admiral Ever since C S Forester's fictional hero Horatio Hornblower began to delight and enthral readers there has been speculation as to whether his adventures were based on the career of a real naval officer Several names were suggested the general conclusion was that Hornblower was a composite character However while researching the campaign that resulted in the burning of Washington's public buildings Bryan Perret consulted Forester's *Naval War of 1812* and was surprised to discover that the author had been deliberately reticent regarding a Captain James Alexander Gordon RN who had led his squadron up the Potomac Further inspection of naval records revealed a startling number of parallels between the careers of Gordon and Hornblower Subsequent research spanning a period of ten years uncovered yet more similarities too many in fact to be a matter of simple coincidence It became apparent that while Forester certainly included other episodes in the Hornblower cycle he was aware of Gordon when the first of his books were written and that when he decided to expand the series he chose Gordon's career as the framework on which his hero's life would be based As a professional author it was neither surprising that he should conceal the fact nor that he should choose Gordon as his model Gordon had entered the Royal Navy as a semi literate eleven year old and rose to become Admiral of the Fleet He took part in major sea battles frigate actions single ship duels and operations far behind enemy lines It was the fire of his

ships directed against Fort McHenry Baltimore that inspired the National Anthem He was the last Governor of the Royal Naval Hospital at Greenwich and when he died having served for more than seventy five years in the Navy The Times commented that he was the last of Nelson s captains That he should have attracted Forster s attention is not therefore surprising In telling the largely unknown story of Admiral Gordon s active service career Bryan Perrett has produced a book that will be appreciated by the thousands of readers who have enjoyed the adventures of Horatio Hornblower and his successors It will also be welcomed by anyone with an interest in the naval warfare of the Napoleonic era while those who take pleasure in biography will find that they have the added bonus of an absorbing literary and historical detective story Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

**A Love Beyond Time, in a World on a Timer** Michael Centuori, 2022-10-14 He had to save the world to redeem his sins But the world had already ended So he lurched along through his pointless corporeal existence awaiting an overdue reunion with his perished family Bereft of purpose in a man made apocalypse Nobl worked in the most suicidal profession one known to expedite a longed for reunion with his wife and daughter They called it couriering the simple act of escorting people usually climate refugees escaping famine and drought from one place to another Desperate to leverage favor with the fates he eschewed all material attachments and compensation for his deeds As he dawdled over the years playing at living while his mind was lost in the afterlife a creeping and overwhelming feeling of failure to fulfill his destiny with his family took hold The contagion of this intractable depression drove him toward suicide On his way to die he happens upon a benign unremarkable young woman who unknowingly holds the key to saving a once thought to be unstoppable global warming feedback loop She possesses the one thing humanity needs to repent for its ancestors ecocide and more important to Nobl the one thing he needs to atone to get back to his family His mind is mired in the afterlife with his loved ones and the black hole pull of such a longing has him losing his earthly sanity more every minute But fate it seems is not finished with him yet
