Willie O'Michael,2015-12-29 Let me say this right from the start a poet always writes from the heart So begins Willie OMichaels moving collection of poetry that captures the humdrum of life and makes it all quite magical He believes inspiration comes from everything we see whether that be a familiar face in the street or the experiences weve hadgood or bad OMichael never really fancied himself a poet until the loss of his wife after which his mind yearned for outlet He found that outlet in the written word In his poems he travels the world through his imagination to fictional places like the future Earth scorched from the apocalypse to real life locales like the soothing prairie lands of today He uses simple language and vivid imagery to transport the reader to literal locations as well as places hidden deep within the soul OMichael hopes to invoke a smile or perhaps bring a tear but most of allhe wants readers to realize life is a miraculous gift not to be overlooked Take a moment to slow down and feel the pull of Love Inspiration and Adventure **Be Bulletproof** Scott

Glow Terry I. Sarigumba,2014-02-14 As an autobiography The Distant Glow traces the story of my life to the rough and rigorous way of life in Corella Bohol my birthplace Descending from generations of very poor and illiterate ancestors I exceeded my parents grade three education by finishing grade six and graduating as elementary school valedictorian Because my parents could not afford to send me to high school in the city I stayed out of school for six years helping my father on the farm and my mother in household chores One of several backbreaking works I used to do was climbing several coconut trees about 50 feet in height to tap the trees sanggutan for tuba a coconut juice that yields mildly alcoholic drink I used to climb 20 coconut trees every morning noon and evening mount over top sit on one of the palms and tap the juice One evening after sunset while atop the sanggutan I saw a glow a distant glow I muttered to myself Someday Ill find out what causes that glow I equated that statement to my goals in life I did find out what caused the distant glow Other distant glows appeared and I reached most of them with hard work and having a dream When the owners of a private school offered me an opportunity to go to their school free of tuition provided that I maintained the first place standing in the class honor roll I went to high school starting at age 20 To help shoulder the other costs of going to high school in the city I paid my room and board with service scrubbing and polishing the floor fetching water from an artesian well and gathering firewood every weekend for the landlord family With all the hardship I maintained the tuition free deal and graduated from high school as

WELL DONE Ken Gosnell,2020-10-06 Well Done provides any business leader insights on how to strive for excellence in building their business and ordering their life Although the phrase Well Done has a noble connotation to it many business leaders including Ken Gosnell have a difficult time describing and defining what those words look like in the life of a business that is led by a person of faith In Well Done Ken describes the twelve biblical business principles that can help any leader who desires to grow their business and its Kingdom impact These principles help to create a strategic roadmap for leaders to hear the words Well Done at the end of their journey Every leader deserves to hear the words Well Done Life is too short and business is too difficult to work throughout life and miss what matters most The Death of Don Quixote: the Last Technological Extension Eliezer Oyola,2011-05-09 This essay was inspired by the tragic events of September 11 2001 in New York City and other strategic places in the United States The author studies the fictional character created by Miguel de Cervantes in 1605 from a variety of perspectives He relates the death of Don Quixote to the destruction of the famed twin towers thus arriving at a symbolic interpretation of certain epoch making events in the history of mankind Special emphasis is given to imperial politics and the history of communication technology The term technological extension was suggested by the studies of Marshall McLuhan and others The main premise is that with every technological extension come vast cultural transformations and new perceptions of the universe The reader will most certainly perceive in this essay as James Joyce said in Ulysses a myriad metamorphoses of symbol Visions Diane Wilson,2008-02 **Lazar Achievement Psychology** Richard G.
