Impossible Inheritance:

An Impossible Inheritance Katie Kilroy-Marac, 2019-05-14 Weaving sound historical research with rich ethnographic insight *An Impossible Inheritance* tells the story of the emergence, disavowal and afterlife of a distinctive project in transcultural psychiatry initiated at the Fann Psychiatric Clinic in Dakar Senegal during the 1960s and 1970s. Today's clinic remains haunted by its past and Katie Kilroy Marac brilliantly examines the complex forms of memory work undertaken by its affiliates over a sixty year period. Through stories such as that of the ghost said to roam the clinic's halls, the mysterious death of a young doctor sometimes attributed to witchcraft and the spirit possession ceremonies that may have taken place in Fann's courtyard Kilroy Marac argues that memory work is always an act of the imagination and a moral practice with unexpected temporal, affective and political dimensions. By exploring how accounts about the Fann Psychiatric Clinic and its past speak to larger narratives of postcolonial and neoliberal transformation *An Impossible Inheritance* examines the complex relationship between memory, history and power within the institution and beyond. **Inheritance in**

Psychoanalysis Joel Goldbach, James A. Godley, 2018-02-01 Anthology of recent cutting edge work in psychoanalysis and philosophy on the concept of inheritance. In contrast to the way inheritance is understood in scientific discourse and culture more broadly, inheritance in psychoanalysis is a paradox. Although it's impossible, strictly speaking, for the unconscious to be inherited, this volume demonstrates how the concept of inheritance can occasion a rich reassessment and reinvention of psychoanalytic theory and practice. The collection enacts a critical traversal of inheritance for psychoanalysis from the most basic assumptions of natural or biological inheritance such as innateness, heredity, evolution and ontogenesis to analysis of the ways cultural traditions can be challenged and transformed and finally to the reinvention of psychoanalytic practice in which the ethics of inheritance is fully realized as the individual's responsibility to transform the social bond. Featuring strong interdisciplinary analysis rooted in both psychoanalysis and philosophy, this volume further engages science, politics and cultural studies and addresses contemporary political challenges such as autism and transgenderism. **The Telemachus**

Complex Massimo Recalcati, 2019-10-11 Fatherhood today is in crisis. Fathers have gone missing or have become their children's playmates and the symbolic authority of the father has lost its power. What remains of the father today in the wake of this decline and what should the relation between children and parents now be? In addressing these questions Massimo Recalcati draws inspiration from the story of Telemachus in Homer's *Odyssey*. The Telemachus complex is the reverse of the Oedipus complex. Recalcati argues that children are possessed not just with a desire to annihilate their father as their key rival in the contest to win the mother's love but also with a longing for a father figure as someone who brings meaning, structure and order to their lives and who imbues them with a sense of the future. This fresh and insightful account of the changing relations between parents and children in the era of the decline of the father will be of great interest to a wide general readership. **Understanding Word and Sentence** G.B. Simpson, 1991-01-14 Research concerning structure and

processing in the mental lexicon has achieved central prominence within cognitive psychology and psycholinguistics. Historically however much of the research on the lexicon focussed not on its role in language comprehension but as a medium for studying semantic memory. This picture has changed in recent years with much more research examining the role of lexical processes and output in language comprehension. Gathered together in this volume is the work of some of those researchers who are responsible for this shift of emphasis. Chapters deal with the role of sentence contexts in word recognition processes involved in the activation and enhancement of lexical information and the interaction of lexical and syntactic information in sentence processing. A wide range of theoretical and empirical issues relating to language understanding are discussed.

Gastrointestinal Nematodes of Sheep and Cattle Ian Scott, Ian Sutherland, 2009-11-02. A unique resource for all those interested in the impact of worms on livestock: the anthelmintics used to get rid of them and the emerging problem of anthelmintic resistance. This book provides an over-arching view of past, present and suggested future strategies for control of gastrointestinal nematode parasites in sheep and cattle. The book begins with descriptions of the biology of gastrointestinal nematodes, the harm they cause to the host and their economic impact. The main body of the book deals with the control of worms, focusing on the use of anthelmintic drenches. The relationship between drenching practices and the development of drug resistance is discussed, as well as resistance management. The authors also break new ground by discussing alternative options for worm control, including nutritional interventions, biological control, breeding for desirable genetics and artificially improving immunity to infection. They also offer useful recommendations for program development.

Impossible Inheritance Annabel Murray, 1991-01-01. [The Oxford Handbook of the Study of Religion](#) Michael Stausberg, Steven Engler, 2016. The Oxford Handbook of the Study of Religions provides a comprehensive overview of the academic study of religions. Written by an international team of leading scholars, its fifty-one chapters are divided thematically into seven sections. The first section addresses five major conceptual aspects of research on religion. Part two surveys eleven main frameworks of analysis: interpretation and explanation of religion. Reflecting recent turns in the humanities and social sciences, part three considers eight forms of the expression of religion. Part four provides a discussion of the ways societies and religions or religious organizations are shaped by different forms of allocation of resources in the economy. Other chapters in this section consider law, the media, nature, medicine, politics, science, sports, and tourism. Part five reviews important developments, distinctions, and arguments for each of the selected topics. The study of religion addresses religion as a historical phenomenon, and part six looks at seven historical processes. Religion is studied in various ways by many disciplines, and this Handbook shows that the study of religion is an academic discipline in its own right. The disciplinary profile of this volume is reflected in part seven, which considers the history of the discipline and its relevance. Each chapter in the Handbook references at least two different religions to provide fresh and innovative perspectives on key issues in the field. This authoritative collection will advance the state of the discipline and is an invaluable reference for

students and scholars **Dickensian Affects** Joshua Gooch,2019-10-08 In *Dickensian Affects* Charles Dickens and Feelings of Precarity Joshua Gooch argues that Dickens's novels offer models of feeling that illuminate the dissensions that accompany life's precariousness under capitalism. By examining the role of violence, anxiety, surprise, and suspense in Dickens's novels, Gooch explores how they represent and shape emotions to create rhythms specific to their historical moment. To unearth Dickensian affects, Gooch examines how some of Dickens's novels yoke elements in their difference to signal different kinds and ways of feeling, what he terms affective form. This patterning of elements links a text's ways of feeling to its conjuncture and locates lines of flight that allow its representations of emotion to become something else. The violence of *Oliver Twist* links its satire of the New Poor Law to the post-abolition period of apprenticeship in the West Indies. The pervasive anxiety of *The Old Curiosity Shop* links Nell's journey to arguments about economic inequality, focused on questions of inheritance and land reform. The surprise of *David Copperfield* binds its interests in questions of character and trust to Britain's professional world and credit markets. And the suspense of *Great Expectations* gestures toward a sense of shame and demand for new models of masculine character, also seen in the Volunteer rifle militias. *Dickensian Affects* argues that for Dickens, questions of feeling reveal the precarity of feeling itself. For Dickens, to feel is to know the possibility of feeling otherwise. **Christianity, Plasticity, and Spectral Heritages** Victor E. Taylor,2017-07-20 This book is an interdisciplinary study of the cultural representations of Jesus in the context of contemporary religious theory and continental philosophy. It looks at Jesus in view of an updated Derridean hauntology and spectrality with an emphasis on the inherent plasticity of the Christian heritage. While the work engages with the recent Jesus-centered writings of Slavoj Žižek, François Laruelle, and Giorgio Agamben, it places a greater and much needed emphasis on the philosophical, theological, and cultural links between a plastic hauntological Christian heritage and Jesus's historically evolving plural subjectivity, with the latter explored in texts of popular culture. It is a multidisciplinary study of Jesus as well as a dynamic Christian heritage that simultaneously constructs and deconstructs Jesus's philosophical, political, and cultural centrality. **Father Chaucer** Samantha Katz Seal,2019-09-26 The monograph series *Oxford Studies in Medieval Literature and Culture* showcases the plurilingual and multicultural quality of medieval literature and actively seeks to promote research that not only focuses on the array of subjects medievalists now pursue in literature, theology, and philosophy, in social, political, jurisprudential, and intellectual history, the history of art, and the history of science, but also that combines these subjects productively. It offers innovative studies on topics that may include, but are not limited to, manuscript and book history, languages and literatures of the global Middle Ages, race and the post-colonial, the digital humanities, media and performance, music, medicine, the history of affect, and the emotions, the literature and practices of devotion, the theory and history of gender and sexuality, ecocriticism, and the environment, theories of aesthetics, medievalism. When Geoffrey Chaucer is named the Father of English poetry, an inherent assumption about paternity is transmitted. Chaucer's fatherhood is presented as a means of poetic legitimization, a stable mode of authority that

connects the medieval author with all the successive generations of English writers This book argues however that for Chaucer himself paternity was a far more fraught ambition one capable of devastating male identity as surely as it could enshrine it Moving away from anachronistic assumptions about reproduction and authority this book argues that Chaucer profoundly struggled with his own desire to create something that would last past his own death For Chaucer also believed that men were the humble mortal playthings of an all too distant God Medieval Christianity taught that the earth was but a temporary sorrowful abode for corrupted men and that the fall from grace was reborn within each generation of Adam s sons Chaucer knew that God had set sharp limits upon man s ability to create with certainty and to determine his own posterity Yet what could be more human than the longing to wrest some small authority from one s own mortal flesh This book argues that this essential intellectual ethical and religious crisis lies at the very heart of Chaucer s Canterbury Tales Within this masterpiece of English literature Chaucer boldly confronts the impossibility of his own aching wish to see his offspring biological and poetic last beyond his own death to claim the authority simultaneously promised and denied by the very act of creation

The New Hampshire Reports New Hampshire. Supreme Court,1928

The Politics of Debt Sjoerd van Tuinen,Arjen Kleinherenbrink,2020-01-31 The Politics of Debt brings together philosophers political scientists and economists and sets them the task of reflecting on the political role played by debt Focusing on the aftermath of the 2008 economic crisis particularly in the United States and Europe the book is split into groups It contains six essays and five interviews that aim to fully comprehend the political consequences of the economic crisis and specifically of debt

Vatican Spies Yvonnick Denoel,2024-12-05 A revelatory history of the priests nuncios and missionaries whose special operations have served the Holy See and its 1 3 billion Catholics worldwide

Staying with the Trouble Donna J. Haraway,2016-08-25 In the midst of spiraling ecological devastation multispecies feminist theorist Donna J Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants She eschews referring to our current epoch as the Anthropocene preferring to conceptualize it as what she calls the Chthulucene as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices The Chthulucene Haraway explains requires sym poiesis or making with rather than auto poiesis or self making Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures Theoretically and methodologically driven by the signifier SF string figures science fact science fiction speculative feminism speculative fabulation so far Staying with the Trouble further cements Haraway s reputation as one of the most daring and original thinkers of our time

What Shall I Do to Inherit Eternal Life? Edward Hendrie,2013-06 A certain ruler posed to Jesus the most important question ever asked Good Master what shall I do to inherit eternal life Luke 18 18 The man came to the right person Jesus is God and therefore his answer to that question is authoritative This book examines Jesus surprising answer and definitively explains how one inherits eternal

life This is a book about God's revelation to man Except for the Holy Bible this is the most important book you will ever read
