Finding Our Selves:

Finding Ourselves Lost Robert C. Dykstra,2018-06-13 This book wrestles with quandaries of pastoral ministry in what psychotherapist Mary Pipher calls the age of overwhelm Drawing especially from the wisdom of Jesus own teaching and healing ministries as portrayed in the Gospel of Luke it offers an intimate narrative introduction to pastoral theology for guiding bewildering tasks of pastoral care and counseling These essays encourage seminarians and ministers to embrace their role as agents of healing by exploring their own debilitating shame and daring to speak what in childhood could not be spoken by revealing their discoveries to a trusted confidant so as to feel less loathsome or lonely by attending to even minute individual differences in self and others that fuel social isolation and by believing in those persons who first believed in them

Finding Ourselves at the Movies Paul W. Kahn, 2013-11-12 Academic philosophy may have lost its audience but the traditional subjects of philosophy love death justice knowledge and faith remain as compelling as ever To reach a new generation Paul W Kahn argues philosophy must be brought to bear on contemporary discourse surrounding these primal concerns and he shows how this can be achieved through a turn to popular film In such well known movies as Forrest Gump 1994 The American President 1995 The Matrix 1999 Memento 2000 The History of Violence 2005 Gran Torino 2008 The Dark Knight 2008 The Road 2009 and Avatar 2009 Kahn explores powerful archetypes and their hold on us and he treats our present day anxieties over justice love and faith as signs these traditional imaginative structures have failed His inquiry proceeds in two parts First he uses film to explore the nature of action and interpretation and narrative not abstraction emerges as the critical concept for understanding both Second he explores the narratives of politics family and faith as they appear in popular films Engaging with genres as diverse as romantic comedies slasher films and pornography Kahn gains access to the social imaginary through which we create and maintain a meaningful world Where We Find Ourselves Miriam Ben-Yoseph, Deborah Nodler Rosen, 2010-03-24 In this remarkable collection of essays stories and poems Jewish women writers from around the world offer diverse perspectives on the idea of home. The longing for home is as ancient as the exile from Eden and for the thirty nine writers showcased in this anthology the struggle to find and redefine home has been intensified by history the Holocaust and the diverse cultural political and religious contexts in which they live and write Together they explore the many natures and meanings of home home as a place one is born to and sometimes forced to leave home as a place one can journey toward or create home as an abstract composite of memories emotions and rituals Some of these writers contend with exile and anti Semitism others examine the mixed blessings of sheltered childhoods and all confront memories in which the historical and personal are intertwined Their range of perspectives and their personal approaches to a universal concern make Where We Find Ourselves a compelling read for students scholars and all who seek to understand what it means to be home We Find Ourselves Put to the Test James Crooks, 2018-05-07 Does the world we inhabit offer us hospitality or indifference This question is central to the spiritual literature of all cultures In We Find

Ourselves Put to the Test James Crooks returns to the Bible s book of Job to explore the enduring relevance of that question and its philosophical dimensions Beginning with the puzzle of Job s famous stoicism and nihilism in the face of loss Crooks explores the contradictions of suffering as dramatized in the dialogue between Job and his friends How is it that the friends attempt to comfort Job with a rational explanation of his misfortune devolves seamlessly into victim blaming How is it that Job s own renunciation of life at the nadir of his pain converts into an intellectual patience that outlasts the advocates of rational explanation We Find Ourselves Put to the Test gives a portrait of the suffering protagonist looking into the heart of a creation that is by necessity both indifferent and hospitable A philosophical exploration of one of the most enigmatic books in the Bible We Find Ourselves Put to the Test goes beyond critical interpretation and suggests a way of reading the book of Job that is animated by a consideration of the reader s narratives and communities and the limits of his or her own understanding
