Finding The Love Emanations From The Still Point:

Finding the Love John MacEnulty, 2025-02 The intent of Emanations is to present ideas that emanate from the still point within The object is to be able to view all things in the world from the perspective of maintaining inner peace and equilibrium to not be thrown off the spiritual game by anything to have a genuine spiritual perspective that is not overblown on the one hand or cynical on the other I don't claim scholarly authority just the love of a poet mystic **Still Points** Brother Richard Hendrick, 2022-09-22 In an uncertain world we all seek a sense of security and inner peace In Still Points A Guide to Living the Mindful Meditative Way shows us how to achieve this simply by following a daily spiritual practice In doing so we enter into a deep connection to sacred stillness revealing to us the beauty within the present moment In a book that can be followed throughout the year or dipped in and out of to find still points in times of distraction and worry Brother Richard brings us on a transformative journey of meditation poetry and sacred pause enabling us to experience a sense of peace happiness and belonging in our lives Still Points is a call to stop to consider to see the beauty and sacredness of ourselves in everyone and everything SISTER STAN **The Human Soul: Essays in Honor of Nalin Ranasinghe** Predrag Cicovacki, 2022-02-01 This collection of essays is dedicated to a recently deceased philosopher and humanist Nalin Ranasinghe His central philosophical and humanistic preoccupation was with the human soul Not surprisingly his greatest inspiration was Socrates credo Care for your soul and the title of his first book was The Soul of Socrates In this and his later writings Ranasinghe expressed his growing concern over the idea that the human soul has been hijacked due to the way our civilization has developed the highest and noblest aspirations of our civilization have been replaced by our obsession with money pleasure and power We now live in a time where we do not know who we are nor who the people around us are Despite all of the technical gadgets connecting us virtually this is the age of disconnect and loneliness as well as of the degradations of humanity Ranasinghe insisted that the two keys for recovery are the self knowledge of the soul and a continuous dialogue with others We need to relearn how to relate to ourselves and others as unique individuals not as objects for the satisfaction of our needs Following his ideas the twenty essays presented here are divided into two parts the soul in reflection and the soul in dialogue The contributors come from various countries around the globe and work in different disciplines and their chapters aim to revive our interest in the soul and the obscured core of our humanity This book will appeal to undergraduate and graduate students of philosophy however the essays are written in a non technical language also making them accessible to the general audience The Geometry of Christian Contemplation David Albertson, 2025-05-16 The writings of ancient and medieval Christian mystics were rediscovered in the twentieth century and today they are read more widely than ever before But do modern assumptions about religious experience influence how we hear those premodern voices Do we do them justice by thinking of mysticism as interior and ineffable Or can mystical experience intersect with the natural environment and indeed the cosmos which science calculates with precise quantities

David Albertson's *The Geometry of Christian Contemplation* Measure without Measure suggests a fresh approach to the history of mystical theology that is oriented toward exteriority more than interiority and toward the measurable world outside more than the invisible world within. The ancient Greek philosopher Plotinus had taught contemplatives to close their eyes and withdraw into the soul. Most Christians followed his directions but others dissented. In three critical episodes an alternative model of Christian contemplation began to emerge from Dionysius the Areopagite to the Byzantine monks John of Damascus and Theodore the Studite to eccentric humanists in medieval Paris. Together these episodes add up to a very different theological aesthetics one that can enliven the modern study of mysticism and correct some of its imbalances. For in the centuries before the scientific revolution and the secularization of nature Christians still saw God in the exterior world not only the interior soul. God was not an ineffable and formless Absolute immeasurable as the soul but an infinite Measure who leaves behind geometrical traces in the figures of the world. The God who became a human body in the Incarnation not only entered time and matter but also spatial extension and with it the conditions of measure points lines curves shapes planes dimensions and magnitudes. Today the wisdom of this counter tradition can strengthen the study of mysticism not only by supplementing our contemporary fascination with negative theology by redefining what it means to name God positively but by suggesting a new connection between Christian mysticism and the hyper measured hyper technologized world that surrounds us.

Ignatian Spirituality and Interreligious Dialogue Michael Barnes SJ, 2021-04-12 This is a book about dialogue specifically about the dialogue between religions. But it is also a book formed in dialogue. I seek to bring together the two sides of my experience as an academic teacher and pastoral worker on the one hand the extraordinary world of the religions that is such an important feature of contemporary Western culture on the other my spiritual formation and religious practice which has acted as the primary motivation for everything that I do as a Jesuit priest. The book can be read both as a practical correlate to what I have written elsewhere on the theology of religions and at a more personal level as a reflection on my experience on the streets as it were. I am guided throughout by the conviction that Christian faith comes truly alive when it is communicated brought into dialogue with what is other different even strange. God's own story what God seeks to reveal of God's own self through the witness of the Bible enters into dialogue with the story of one Jesuit who seeks to respond to the mystery of a

loving God through the lens of Ignatian spirituality The twelve linked chapters form a personal introduction with a degree of autobiography and illustrative anecdote to an interior dialogue between Christian faith and the challenging context of contemporary religious pluralism Michael Barnes is the author of Religions in Conversation SPCK 1989 God East and West SPCK 1991 Theology and the Dialogue of Religions CUP 2002 Interreligious Learning Dialogue Spirituality and the Christian Imagination CUP 2012 Waiting on Grace a Theology of Dialogue OUP 2020
