Fire Gold Benefiting From Lifes Bahai:

Bahá'í Ethics in Light of Scripture: Virtues and divine commandments Udo Schaefer, 2007 There is a fundamental discrepancy between man as he is and man as he could be if only he recognized his true being and purpose Ethics is the discipline by which man can understand how he can pass from the first condition to the second Udo Schaefer's *Bahá'í Ethics in Light of Scripture* is an attempt to analyse the underlying structures and detect the interior architecture of the Bahá'í moral system and is a step towards developing a Bahá'í moral theology Doctrinal Fundamentals the first of two volumes provides a historical overview of the Bahá'í Faith a systematic survey of its doctrines and an overview of the origin and derivation of moral values It considers the metaphysical nature of human beings and human responsibilities looks at reason and conscience and explores liberty and its limits Schaefer's second volume deals with concrete values the virtues divine commandments and principles of social ethics from a Bahá'í perspective

The Ascent of Society John S. Hatcher, 2007 In *The Ascent of Society The Social Imperative in Personal Salvation* author John S Hatcher answers questions that have been explored by spiritual seekers for many years how does personal spiritual development translate into social experience Is there a social imperative connected with individual spiritual growth Is involvement with others necessary for one to evolve spiritually This penetrating study describes the objective of personal spiritual growth as an ever expanding sense of self that requires social relationships in order to develop Hatcher focuses on the Bahá'í belief that human history is a divinely guided process in which spiritual principles are gradually and progressively expressed in social institutions He demonstrates that the aspirant to spiritual transformation cannot view personal health and development as being possible apart from the progress of human society as a whole
