Images Of Mary:

Mary Jacqueline Orsini, 2000-09 Images of Mary as a mother and saint provide an historical and cultural view of how artists have perceived the mother of Jesus and depicted her in wood carvings mosaics statues and murals **Images of Mary** Alfred McBride, 1999 Mary is important to all Christians but especially so to Catholics What does the Church teach about Mary Why is she so significant to us How have her roles affected the development of Church doctrine What can we learn from reports of Marian apparitions around the world With insightful historical commentary and beautiful illustrations Alfred McBride explores ten mages of Mary and explains their evolution and influence He traces her appeal through different eras and different cultures offering a reflective journey that will help you rediscover the importance of Mary in your relationship with Christ and the Church Follow his journey to understand Mary in her many roles Imagining Mary Daniel Rancour-Laferriere, 2017-11-15 Imagining Mary breaks new ground in the long tradition of Christian mariology The book is an interdisciplinary investigation of some of the many Marys East and West from the New Testament Mary of Nazareth down to Our Lady of the Good Death in the twentieth century In Imagining Mary Professor Rancour Laferriere examines the mother of God in her multireligious and pan historical context The book is a scholarly study but it is written in a clear straightforward style and will be comprehensible to an educated and above all intellectually curious general audience It will appeal to anyone who has ever wondered for example about the flimsy scriptural basis of many beliefs about Mary or the tendency of many mariologists to depict Mary as an incestuous bride of Christ or the theological notion of Mary s loving consent to her son s crucifixion or the idea that Mary was a priest officiating at the sacrifice of her son or the unfortunate association of Mary with Christian anti semitism or the curious appeal of Mary to the terminally ill and so on Special attention is given to the psychology of representations of Mary such as the psychological basis for promoting Mary to the status of a goddess the psychology of Mary s compassion for her son at the foot of the cross and the psychological conflict in Mary s personal relationship with her son Jesus These topics are admittedly diverse but they all have long been on the minds of mariologists The author takes a questioning approach to received wisdom about marian themes including the assumption that one has to be a theist in order to understand the great appeal of Mary down the centuries Indeed Imagining Mary may be regarded as a first step in the direction of an atheist mariology *Painting the Divine* Josef Diaz, Suzanne L. Stratton, New Mexico History Museum, 2014 In *Painting the Divine* Images of Mary in the New World we selected approximately forty five works from the two principal viceroyalties of the Spanish empire Mexico and Peru that portray key events and moments in the life of Mary as well as examples of various apparitions We also highlight pieces produced by New Mexican artists who developed hybrid styles distinctly their own combining traditional Christian symbols with unique regional aesthetics Page 7

Hail Mary? Maurice Hamington, 2014-04-23 Hail Mary examines the sexist and misogynist themes that underlie the socially constructed religious imagery of Mary the mother of Jesus Maurice Hamington explores the sources for three

prominent Marian images Mary as the the blessed Virgin Mary the Mediatrix and Mary the second Eve Hamington critiques these images for the valorization of sexist forces with the Catholic Church that serve to maintain systems of oppression against women In challenging dominant religious representations of Mary Hamington surveys a variety of emerging reinterpretations of Mary He then provides a framework for further study of non alienating images of Mary

Images of Fire, Warmth and Light in Mary Shelley's Novels Franziska Müller,2016-12-01 Master s Thesis from the year 2015 in the subject Didactics for the subject English Literature Works grade 1 0 language English abstract When Mary Shelley published her famous Frankenstein novel in 1818 she hinted at a theme in the subtitle The Modern Prometheus that would run like a thread through all of her later novels While much has been written about the Promethean element in Frankenstein Dougherty focuses on the moral issues Dougherty 111 Franklin reads the novel as a critique of the concepts of democracy in Prometheus and Frankenstein Franklin 42 and Cantor focuses on identifying the Promethean figure very little has been written on the element of fire in the novel This lack of interest in the fire imagery in research is interesting because fire plays a rather dominant role in both the Promethean Myth and the novel itself After all it is fire in the form of a spark of being that gives life to the monster Although Watson rightly states that the Modern Prometheus concerns two legends of Prometheus that he stole fire from heaven and that he made a man from clay and used fire to give it life Watson 247 only Franklin grants the issue of fire more than just a few words She then also fails to go into more detail after declaring that the monster is not given fire but finds it himself Franklin 42 Interestingly unlike research the film industry has spotted the importance of the fire imagery It plays a dominant role in many adaptations of the novel recall James Whale s 1931 film version where the villagers try to burn the monster in the windmill or Kenneth Branagh s 1994 movie where Frankenstein creates two monsters and the former Elizabeth commits suicide by setting herself on fire The impact of the fire imagery in Shelley s work becomes even more apparent in looking at her other novels The symbolic use of fire is not restricted to Frankenstein and the Promethean theme but is a general stylistic feature distinct of Shelley s writing In addition to Frankenstein two other of Shelley s novels will be examined in order to prove this point Dougherty argues that fire mainly serves the purpose of providing heat and light Dougherty 18 The notion fire will thus not be restricted to the literal sense but will also comprise light and warmth The symbolism of the opposite forces darkness cold and water will also be considered

Threefold Mary Emil Bock, 2003-03 This precious little book contains three lectures The Mystery of the Virgin Mary in Body Soul and Spirit presented during the Christmas Holy Nights of 1950 51 On November 1 1950 Pius XII proclaimed the Dogma of the Assumption Mary's bodily assumption into heaven which sent shock waves throughout the Christian world C G Jung for example wrote his Answer to Job in response Emil Bock's response was these lectures which answer some of the issues and broaden the scope to include not only the Mary Sophia mystery in human history but also the meaning of the feminine element in the evolution of consciousness Anyone interested in an anthroposophic perspective on Mary in body soul and spirit will gain much from this book **The Mother of Jesus Not the Papal Mary** Edward Jewitt Robinson, 1875

Mary in Our Search for Fullness of Life, 2006 Contributed papers presented at the Mariological Symposium held at NBCLC Bangalore during Feb 16 18 2006 **Attunement** Professor of Theology and Affiliated Faculty in Women's and Gender Studies Natalie Carnes, 2024-06-07 What is a feminist theologian to do with Christianity's patriarchal inheritance She can avoid the most patriarchal aspects of the theological tradition and seek resources for constructive work elsewhere Or she can critique misogynistic texts and artifacts exposing their strategies of domination to warn against replicating them Both approaches have merits and yet without other interpretive strategies they reaffirm that the theological tradition does not belong to women and others marginalized by gender They cannot transform the discourse But within feminist theology are the seeds of another approach aimed at just such transformation by reworking the theological landscape to become hospitable to all those marginalized by gender Attunement The Art and Politics of Feminist Theology identifies trajectories resonant with this alternative approach and from them describes and develops attunement as a third generative path for feminist theologians Attunement is an aesthetically invested approach to texts and artifacts that self consciously co creates as it interprets Aware of what the text affords the reader attunement constellates images texts and insights to build or augment positive affordances in the text and diminish negative ones Natalie Carnes describes why this approach is significant for feminist theology maps its roots in a long history of gender marginalized individuals claiming authority describes how it casts interpretation as both an aesthetic and political event and notes how it might provide a way forward in vexed topics in feminist theology The Photographs of Mary Todd Lincoln Lloyd Ostendorf, 1969 **Religion, Feminism, and Idoloclasm** Melissa Raphael, 2019-01-22 Religion Feminism and Idoloclasm identifies religious and secular feminism's common critical moment as that of idol breaking It reads the women's liberation movement as founded upon a philosophically and emotionally risky attempt to liberate women's consciousness from a three fold cognitive captivity to the self idolizing god called Man the God who is a projection of his power and the idol of the feminine called Woman that the god called God

created for Man Examining a period of feminist theory theology and culture from about 1965 to 2010 this book shows that secular as well as Christian Jewish and post Christian feminists drew on ancient and modern tropes of redemption from slavery to idols or false ideas as a means of overcoming the alienation of women s being from their own becoming With an understanding of feminist theology as a pivotal contribution to the feminist criticism of culture this original book also examines idoloclasm in feminist visual art literature direct action and theory not least that of the sexual politics of romantic love the diet and beauty industry sex robots and other phenomena whose idolization of women reduces them to figures of the feminine same experienced as a de realization or death of the self This book demonstrates that secular and religious feminist critical engagements with the modern trauma of dehumanization were far more closely related than is often supposed As such it will be vital reading for scholars in theology religious studies gender studies visual studies and philosophy
