Imagination Embracing A Theology Of Wonder:

Imagination Cheryl Forbes, 1986 Imaginative Preaching Geoff New, 2015-10-14 From generation to generation there has been an anguished cry from preachers about preaching there is no imagination The Scriptures present the wondrous hope and vision of Kingdom Come and yet contemporary preaching can often be mute and blind by comparison This book explores what is possible when the Scripture to be preached is prayed through the agency of two ancient prayer disciplines lectio divina and Ignatian Gospel Contemplation Through the experiences of eight vocational pastor preachers this study tracks the difficulties discoveries and delights as they commit to utilizing these prayer disciplines as part of their regular sermon preparation The reader will be orientated to what a biblical imagination entails and how praying the Scriptures affects the preacher sermon and listener Careful explanation of how to pray using lectio divina and Ignatian Gospel Contemplation is included This work is in places a raw examination of the forces that regularly conspire against the preacher as they endeavour to faithfully expound the Scriptures The study is a rousing exclamation of the joy experienced when a preacher's imagination and their preparation is formed by the Spirit bringing the Scriptures to bear on all who speak and hear it

That Which They Can't See David Van Brugge, 2025-01-20 In this retrieval study David Van Brugge addresses how the current understanding of a homiletical use of imagination for expository preaching might be strengthened The current need for strengthening becomes apparent when the various understandings of imagination and their implications for practical theology are realized This is compounded as trends in homiletics seem to minimize the imagination or embrace it in modern or postmodern ways The original contribution of this study is recognizing that the homiletical use of imagination can be strengthened by retrieving the Puritan baroque characteristics of Jonathan Edwards imagination as evidenced in his sermons to the Stockbridge Indians of 1751 1758 Edwards drew on a rich background to display an imagination that synthesized thoughts and ideas thought beyond the senses and that by the grace of God transformed thought and practice Through that creative thought Edwards maintained Biblical exposition and appeal to the affections Van Brugge further develops and evaluates the idea of Puritan baroque characteristics concluding that it is a helpful characterization of Edwards Stockbridge Indian sermons In these sermons Edwards imaginatively used imagery light space movement and glorification for the ultimate goal of directing the affections

of his audience towards God Such a use of imagination for affective purpose becomes a key for the strengthening of a homiletical use of imagination today

Francis of Assisi as Artist of the Spiritual Life Andrew T. McCarthy, 2010-08-13 Francis of Assisi as Artist of the Spiritual Life applies modern psychological understanding to a historical person While most such studies have sought a comprehensive personality profile this work focuses on one aspect Francis imagination and seeks greater insight into the imaginatively inspired spiritual vision of St Francis An analysis of Francis writings builds on a survey of modern views of the imagination and the approach of ORT or Object Relations Theory ORT with its contention that the imaginative creation of an infant's world develops out of the earliest interactions with the maternal caregiver highlights the way Francis formed his way of visualizing the reality around him While any study of a person 800 years in the grave is more dependent on what is plausible than on what is determinable this study finds numerous examples where Francis writings display an adept use of imagination and even encourages others in that use in a manner that corresponds to an ORT perspective on tutoring the imagination
