## **Impossible Choices:**

*Impossible Choices* T A Blake,2022-07-06 What would you do if you found out that not everything in your life was as it seemed At 30 Bethany thought her life was settled if not what she expected but then she finds out she isn't who or what she believed she was As she starts to discover this hidden world where witches vampires shapeshifters and magic are real she also has to cope with changes to her own life and make some Impossible Choices *Impossible Choices* Pamela Bacarisse,1993 *Unmasked: A dystopian story of division and impossible choices* T.L. Dyer,2020-10-31 Any book hereafter isn't going to be the same If the past caught up with you and there was nowhere left to run Would you trust yourself to turn and face it Time is running out for the men who hide at the edge of the city The once peaceful existence of their tribe is threatened by an unstable government one that grows ever more extreme in its desperation to be the richest metropolis in the world For Jacob the tribe's mentor the sight of a construction crane on the horizon can only mean one thing There's nowhere left to run Unnerved by this development the tribe looks to Jacob for what to do next But with few options left he is forced into an impossible choice If they stay they will be at the mercy of the government's radical and often deadly eviction process But if they leave the city altogether they can't be sure what fate awaits them over the border or whether they will all survive past the arctic winter months Amid this threat to their future the members of the tribe turn one by one to their pasts Defying the doctrine they connect on a level they never have before sharing stories of the lives they've come from the people they once were But for Jacob the time is drawing close when he must put their safety above all else and tell them of the third option One that would see them go their separate ways And bring about the end of the tribe for good *Unmasked* is a gripping tale of division and impossible choices and the final book in the Hidden Sanctuary series **Difficult Choices** Richard C. Bush,2021-04-13 How Taiwan can overcome internal stresses and the threat from China Taiwan was a poster child for the third wave of global democratization in the 1980s It was the first Chinese society to make the transition to democracy and it did so gradually and peacefully But Taiwan today faces a host of internal issues starting with the aging of society and the resulting intergenerational conflicts over spending priorities China's long term threat to incorporate the island on terms similar to those used for Hong Kong exacerbates the island's home grown problems Taiwan remains heavily dependent on the United States for its security but it must use its own resources to cope with Beijing's constant intimidation and pressure How Taiwan responds to the internal and external challenges it faces and what the United States and other outside powers do to help will determine whether it is able to stand its ground against China's ambitions The book explores the broad range of issues and policy choices Taiwan confronts and offers suggestions both for what Taiwan can do to help itself and what the United States should do to improve Taiwan's chances of success **The Epic of Difficult Choices** Kamel Mohanna,2017-01-01 Born the year of Lebanon's independence in 1943 in Khiyam a village of South Lebanon Dr Kamel Mohanna studied at the time of illiteracy defying poverty to become a doctor He forged himself a Lebanese role by joining

*Not Working* Alejandra Marchevsky, Jeanne Theoharis, 2006-04-10 Not Working chronicles the devastating effects of the 1996 welfare reform legislation that ended welfare as we know it For those who now receive public assistance work means pleading with supervisors for full time hours juggling ever changing work schedules and shuffling between dead end jobs that leave one physically and psychically exhausted Through vivid story telling and pointed analysis Not Working profiles

the day to day struggles of Mexican immigrant women in the Los Angeles area showing the increased vulnerability they face in the welfare office and labor market The new work first policies now enacted impose time limits and mandate work requirements for those receiving public assistance yet fail to offer real job training or needed childcare options ultimately causing many families to fall deeper below the poverty line Not Working shows that the new welfare to work regime has produced tremendous instability and insecurity for these women and their children Moreover the authors argue that the new politics of welfare enable greater infringements of rights and liberty for many of America s most vulnerable and constitute a crucial component of the broader assault on American citizenship In short the new welfare is not working

**Sailing Home** Norman Fischer, 2011-07-05 Homer's Odyssey holds a timeless allure. It is an ancient story for every generation: the struggle of a man on a long and difficult voyage, longing to return to love and family. Odysseus's strivings to overcome both divine and earthly obstacles and to control his own impulsive nature hold valuable lessons for us as we confront the challenges of daily life. *Sailing Home* breathes fresh air into a classic we thought we knew, revealing its profound guidance for the modern seeker. Dividing the book into three parts: Setting Forth, Disaster, and Return, Fischer charts the course of Odysseus's familiar wanderings. Readers come to see this ancient hero as a flawed human being who shares their own struggles and temptations, such as yielding to desire or fear or greed and making peace with family. Featuring thoughtful meditations, illuminating anecdotes from Fischer's and his students' lives, and stories from many wisdom traditions, including Buddhist, Judaic, and Christian, *Sailing Home* shows the way to greater purpose in our own lives. The book's literary dimension expands its appeal beyond the Buddhist market to a wider spiritual audience and to anyone interested in the teachings of myth and story.

**Human Predicaments** John Kekes, 2016-06-22 The philosopher and author of *How Should We Live* presents a clear and provocative discussion of issues such as boredom, hypocrisy, evil, and innocence. Stephen Mulhall, University of Oxford. In this book, John Kekes draws on anthropology, history, and literature to offer practical insights into the common predicaments we all face in our daily lives. Each chapter offers new ways of thinking about a common fundamental problem, such as facing difficult choices, uncontrollable contingencies, complex evaluations, the failures of justice, the miasma of boredom, and the inescapable hypocrisies of social life. In each case, Kekes discusses how others in different times and cultures have approached similar issues. Kekes examines what is good, bad, instructive, and dangerous in the Hindu caste system, Balinese role morality, the sexually charged politics of the Shilluk, the religious passion of Cortes, and Simone Weil; the fate of Colonel Hiromichi Yahara during and after the battle for Okinawa; the ritual human sacrifices of the Aztecs; and the tragedies to which innocence may lead. In doing so, he enlarges our understanding of the possibilities available to us as we struggle with the common obstacles of modern life.

**Rational Animal Ethics** Stijn Bruers, 2024-12-04 Our relations with non-human animals are plagued by moral illusions. A rational ethic attempts to avoid such moral illusions such that our ends and values become consistent and the means to achieve those ends become most effective. This book constructs a rational animal ethic. It presents a consistent moral theory of non-discrimination and equality that includes animals. It shows how to construct a strong foundation for animal rights and equal treatment of all sentient beings. These rights can be derived from a new, mild welfarist ethic that is less demanding than classical welfarist or utilitarian theories and more concerned about welfare than classical rights-based or deontological theories. The second part deals with the practice of animal ethics. In particular, it

discusses the most effective means to promote animal welfare and rights Topics in high impact practical animal ethics include effective altruism veganism the welfare footprint alternative protein and wild animal suffering

**The One Year Men of the Bible** James Stuart Bell, 2015-01-12 The Bible is filled cover to cover with stories of God's interactions with men and their interactions with one another The One Year Men of the Bible is a collection of those stories Some of these stories are wonderful and positive examples of godly living examples such as Abraham Gideon David Simon Peter the apostle Paul and of course Jesus himself Others of these stories aren't pretty or pleasant because they're about men's failures and sins and the prices they paid for them All of these accounts however are recorded in pages of the Holy Bible as inspirations as teachings as warnings and as examples of how to live and how not to live

**Practicing Prayer for the Dead** James B. Gould, 2016-11-04 Throughout history Christians have prayed for the dead This book challenges Protestants who seldom pray for the dead to begin doing so and Roman Catholics and Eastern Orthodox who pray only for the Christian dead to include the unsaved as well Gould discusses the meaning of prayer for final consummation of all things growth of the blessed in heaven purification of the imperfect in purgatory and salvation of the unsaved in hell identifying the necessary conception of the afterlife required by each particular prayer He also reflects on the spiritual value of prayer for the departed how it enhances faith builds hope and sharpens discipleship and provides some sample prayers for public liturgy and private devotion In essence Practicing Prayer for the Dead offers an outline of theology from the perspective of death arguing that prayer for all the departed is one aspect of a tightly knit web of doctrines The argument while revisionary in some respects is orthodox ecumenical and integrative engaging a range of academic disciplines so as to be biblically accurate historically informed and philosophically reasoned
