Julias Magic:

Julia's Magic Eleanor Cameron, 1984 A broken perfume bottle and the threat of losing their home cause a crisis in the Redfern family that shakes Julia's belief in magic

Schools of Magic Megan H. Suttie, 2023-02-15 What happens when the classroom and the fantastic meet When lessons cover spells and potions alongside science and language arts Through fantastic school stories fiction involving the intersection of fantasy and school the cycle of lessons homework exams and graduation becomes new again inviting us to consider what schools are teaching who can be a student and how knowledge is developed Introducing a new framework for analyzing texts in the fantastic school story subgenre this book examines texts including the Harry Potter series Lev Grossman's Magicians trilogy Terry Pratchett's Discworld and Patrick Rothfuss's Kingkiller Chronicle along with works by Jane Yolen Nnedi Okorafor and Tracy Deonn This holistic framework combines the methods of fantasy literature scholarship the focus of school story analyses and an awareness of hidden lessons taught alongside official subjects allowing for nuanced examinations of topics such as standardized testing apprenticeships and access to education

The New Witches Aaron K.H. Ho, 2021-07-09 After Charmed ended in 2006 witches were relegated to sidekicks of televisual vampires or children's programs But during the mid 2010s they began to resurface as leading characters in shows like the immensely popular The Chilling Adventures of Sabrina the Charmed reboot Salem American Horror Story Coven and the British program A Discovery of Witches No longer sweet feminine domestic and white these witches are powerful diverse and transgressive representing an intersectional third wave feminist vision of the witch Featuring original essays from noted scholars this is the first critical collection to examine witches on television from the late 2010s Situated in the aftermath of the MeToo movement essays examine the reemergence and shifting identities of TV witches through the perspectives of intersectional gender studies hauntology politics morality monstrosity violence queerness disabilities rape ecofeminism linguistics family and digital humanities

Lady Julia's Emerald Katharine Wylde, 1908

The Coven Lizzie Fry, 2021-02-25 A compelling prescient tale of an alternate world with far too many scary similarities to our own Angela Clarke Let me repeat myself so we can be very clear Women are not the enemy We must protect them from themselves just as much as we must protect ourselves Imagine a world in which witchcraft is real In which mothers hand down power to their daughters power that is used harmlessly and peacefully Then imagine that the US President is a populist demagogue who decides that all witches must be imprisoned for their own safety as well as the safety of those around them creating a world in which to be female is one step away from being criminal As witches across the world are rounded up one young woman discovers a power she did not know she had It's a dangerous force and it puts her top of the list in a global witch hunt But she and the women around her won't give in easily Not while all of women's power is under threat The Coven is a dazzling global thriller that pays homage to the power and potential of women everywhere A gripping and vividly drawn dystopian fantasy about the power and potential of women which feels easier to enjoy now Trump

has gone Heat Thought provoking and powerful A big page turning thriller Paula Daly A real thrill ride Debbie Moon Dark dangerous powerful I couldn t put it down Michelle Kenney author of The Book of Fire series Compelling urgent and highly original as well as being a cracking read I loved it Kate Hamer A barnstorming breathless ride The Handmaid s Tale by way of wicca and Witchfinder General Thrillingly cinematic and compulsive reading Stephen Volk **LOVE SONGS** Katherine Stone,2025-02-08 At midnight when he kissed her Diana trembled at his touch and at her own fears Was she strong enough for this She was almost whole again but still quite vulnerable and he was just wounded and so very vulnerable too What are you thinking Diana That you re a lonely man and I m a lonely woman What else That this has disaster written all over it Even if we re very careful with each other Probably Diana laughed softly Probably Southampton A place of casual elegance and simple perfection Where whispers of scandal are as relentless as the rhythm of the sea and the desires of the heart are as timeless It is here that three women struggle to find love or to save it Julia Lawrence Her youthful beauty and glamorous marriage make her an object of desire and a target of envy But Julia loves only one man and she wishes for only one quiet dream yet there are ancient secrets and ancient enemies who threaten to shatter it all Dr Diana Shepard The world renowned surgeon knows all about healing broken hearts When it comes to her patients hearts she is a gifted seamstress But will she ever escape the tormenting memory of the love she could not keep and find a way to mend her own Casey English The brilliant attorney has always been quite skillful at getting what she wants inside the courtroom and out in her charmed and successful life Or so it seems She alone knows that it has all been a dazzling and lonely act And when she meets the man who can set her free she must confront the truth of who she is and who she would truly like to be [EN]ANGEL&STORM S01E03 CRAMER,2014-12-08 ANGEL it is an actual situation where everything is well controlled again by the emergence of New World Order NWO 29 year ago anything related to Japanese yen had defaulted due to economic and environmental collapse of Japan the country which used to be one of the main powers in East Asia As a result powerless countries were knocked down one after another by financial paralysis like falling dominoes Moreover the massive outbreak of the fatal yet unknown virus killed billions of people in some countries like China and Africa and some mutant humans were born after the virus e g Modified Ebola outbreak Each country strengthened its governmental authority and imposed martial law justifying that it is to find terrorists and to protect citizens Not so long after a religious conflict caused a nuclear war in Israel In 2017 nuclear wars had begun in many countries simultaneously and the Illuminati intensified the war between South and North Korea the powder keg of East Asia to gain enormous profits and supremacy The United States once called the mediator tried to confront the full scale invasion of China and Russia but soon it collapsed feebly and lost the title of the most powerful country in the world Meanwhile the mercenaries in the broad battlefield selectively killed the disarmed people The citizens from all over the world were left in chaos as they could not tell who their enemies and allies were They could not take any more inflation conflicts between countries and regions and a food crisis so the citizens started the first worldwide riot The

massive natural disasters from abrupt climate changes and tectonic movements made the citizens go through the worst era. Then NWO appeared in front of them. It led the survived population of five hundred million people using powerful control and justified that its control over people was to restore Earth. By the time 20 years of Earth restoration project was ended, almost all tasks in society were handled by Zion's selected executors and robots, and the citizen from all over the world had received the new class called commoner and the identification system from NWO. World's commoners were losing jobs as they were restricted from accessing high quality upper class information for security and safety purposes and they ended up taking over the simple manufacturing and the mining jobs. World's commoners who had lost their life goals began to have complaints against NWO and the world was on the verge of facing the second worldwide riot. However, instead of forcibly cracking down on the riot, NWO was generous enough to create a virtual reality world justifying that the virtual reality world was to ensure every commoner's happy life. As commoners regained the stabilities of their lives, there were no more riots or complaints; however, they were repeating the same history in the virtual reality given by NWO. The revolutionary armies and the scholars around the world could not neglect what commoners were doing in GALAHAD anymore. To change commoner's consciousness to civic consciousness, they began to infiltrate themselves into GALAHAD. What would you do if you can change the tragic history? What if justice you believe in is false? In this virtual reality world with a medieval era setting, the mute girl Aru, who wanted to become the pirate queen, started the adventure with her mercenaries traveling vast oceans and perilous lands. However, Illuminati and Freemason, the secretive organizations that established New World Order, tried to interrupt them. What would be the truth of human history that they tried to hide from commoners? ANGEL STORM is the fantasy novel with new perspectives on angels and demons, deceptions of creationism, reinterpretations of religion and history, alternating points of view, and the expansive storyline with numerous characters. This novel consists of six seasons, and each season is split into 15 to 20 series. One season will be released over a year. Severance of the Sorcerer Kate Gateley, 2024-02-22. A spreading darkness, a final prophecy, and one last chance to live or die. In his desperate bid to find answers of his own, Cassius Longinus, the ancient Child of Rome, released the killing darkness upon the world. A betrayal by Julia and Dom's strongest ally and dearest friend Ronan, who falls into Cassius' ranks and advances the Sorcerer's gruesome experiments, leaves the future looking more uncertain than ever for the Sovereign and the World Ruler. Now on the run and isolated from their tight group of loyal allies, Julia and Dom must somehow pick up the pieces of their shattered trust, reconnect with their remaining friends, and together work to unravel the mysteries of the Otherworld's most recent and worrisome portent, all while searching for a new path to end the darkness. The World Ruler seeks a priceless gift, the Sovereign's legacy, as foretold. Darkness, which holds a steady foothold, should only be destroyed by two. Severance of the Sorcerer is the final installment of The Lost Wells Trilogy. **Oh...Julia...My Daughter** P.R. Ramdasi, 2021-12-27. The moment Oh Julia My Daughter was breezing in words, a cute girl got portrayed in the author's inner mind. She was deprived of the company of her mother, and she simply expects

motherly love from her father But destiny has its arcane designs for both of them If the girl pops off how will the father survive lonely If a father fails to fulfill the unique wish of a loving daughter Surely the grief would haunt him for the rest of his life And what happens if the father's life has a vehement doleful end These tangled questions led the author to the vented skyline of this story It discerns the innocent world of children along with their parents in the entranced arena with the deadly combinations of mazy circus life the magician's outfoxing and the police investigation to unravel one murder mystery keeping the readers intense curiosity intact Banging away on human values and money entwined with truth love and faith is devilishly ancient Only materialistic ecstasy can be enough for What does a man want as happiness Will a man be happy if he gets it But if he has trampled on someone's love and faith while acquiring wealth will the inward bliss give him everything in this world The sole moment of realisation reveals the craving for a relationship is more genuine than the hunger for money Oh Julia truly depicts a father and daughter's fantabulous relationship in of and after life enfolded in an entertaining essence P R Ramdasi

Failing at Fairness Myra Sadker, David Sadker, 2010-05-11 Failing at Fairness the result of two decades of research shows how gender bias makes it impossible for girls to receive an education equal to that given to boys Girls learning problems are not identified as often as boys are Boys receive more of their teachers attention Girls start school testing higher in every academic subject yet graduate from high school scoring 50 points lower than boys on the SAT Hard hitting and eye opening Failing at Fairness should be read by every parent especially those with daughters

Virginia Woolf Viviane Forrester, 2015-05-19 Winner of the prestigious Prix Goncourt award for biography this remarkable portrait sheds new light on Virginia Woolf's relationships with her family and friends and how they shaped her work Virginia Woolf A Portrait blends recently unearthed documents key primary sources and personal interviews with Woolf's relatives and other acquaintances to render in unmatched detail the author's complicated relationship with her husband Leonard her father Leslie Stephen and her half sister Vanessa Bell Forrester connects these figures to Woolf's mental breakdown while introducing the concept of Virginia seule or Virginia alone an uncommon paragon of female strength and conviction Forrester's biography inhabits her characters and vivifies their perspective weaving a colorful intense drama that forces readers to rethink their understanding of Woolf her writing and her world

Mastering Julia Malcolm Sherrington, 2024-01-19 A hands on code based guide to leveraging Julia in a variety of scientific and data driven scenarios Key Features Augment your basic computing skills with an in depth introduction to Julia Focus on topic based approaches to scientific problems and visualisation Build on prior knowledge of programming languages such as Python R or C C Purchase of the print or Kindle book includes a free PDF eBook Book Description Julia is a well constructed programming language which was designed for fast execution speed by using just in time LLVM compilation techniques thus eliminating the classic problem of performing analysis in one language and translating it for performance in a second This book is a primer on Julia's approach to a wide variety of topics such as scientific computing statistics machine learning simulation graphics and distributed computing

Starting off with a refresher on installing and running Julia on different platforms you'll quickly get to grips with the core concepts and delve into a discussion on how to use Julia with various code editors and interactive development environments IDEs. As you progress you'll see how data works through simple statistics and analytics and discover Julia's speed its real strength which makes it particularly useful in highly intensive computing tasks. You'll also observe how Julia can cooperate with external processes to enhance graphics and data visualization. Finally you will explore metaprogramming and learn how it adds great power to the language and establish networking and distributed computing with Julia. By the end of this book you'll be confident in using Julia as part of your existing skill set. What you will learn: Develop simple scripts in Julia using the REPL code editors and web-based IDEs. Get to grips with Julia's type system multiple dispatch metaprogramming and macro development. Interact with data files tables data frames SQL and NoSQL databases. Delve into statistical analytics linear programming and optimization problems. Create graphics and visualizations to enhance modeling and simulation in Julia. Understand Julia's main approaches to machine learning Bayesian analysis and AI. Who this book is for: This book is not an introduction to computer programming but a practical guide for developers who want to enhance their basic knowledge of Julia or those wishing to augment their skill set by adding Julia to their existing roster of programming languages. Familiarity with a scripting language such as Python or R or a compiled language such as C++ or Java is a prerequisite.

Eleanor Cameron Paul V. Allen, 2018-02-20 Eleanor Cameron 1912-1996 was an innovative and genre-defying author of children's fiction and children's literature criticism. From her beginnings as a librarian, Cameron went on to become a prominent and respected voice in children's literature, writing one of the most beloved children's science fiction novels of all time, *The Wonderful Flight to the Mushroom Planet*, and later winning the National Book Award for her time fantasy *The Court of the Stone Children*. In addition, Eleanor Cameron played an often vocal role in critical debates about children's literature. She was one of the first authors to take up literary criticism of children's novels and published two influential books of criticism, including *The Green and Burning Tree*. One of Cameron's most notable acts of criticism came in 1973 when she wrote a scathing critique of Roald Dahl's *Charlie and the Chocolate Factory*. Dahl responded in kind and the result was a fiery imbroglio within the pages of the *Horn Book Magazine*. Yet despite her many accomplishments, most of Cameron's books went out of print by the end of her life and her star faded. This biography aims to reinsert Cameron into the conversation by taking an in-depth look at her tumultuous early life in Ohio and California, her unforgettably forceful personality and criticism, and her graceful heartfelt novels. The biography includes detailed analysis of the creative process behind each of her published works and how Cameron's feminism, environmentalism, and strong sense of ethics are reflected in and represented by her writings. Drawn from over twenty interviews, thousands of letters, and several unpublished manuscripts in her personal papers, *Eleanor Cameron* is a tour of the most exciting and creative periods of American children's literature through the experience of one of its valiant purveyors and champions.

Julia Alvarez Kelli Lyon Johnson, 2005 This book provides the first book

length examination of the writings of Julia Alvarez the author of *How the Garcia Girls Lost Their Accents* and nearly a dozen other books of fiction and non fiction and one of today s most widely read Latina writers Kelli Lyon Johnson perceptively illuminates the themes ideals and passions that unite these diverse and rich works all of which explore issues of understanding and representing identity within a global society Forced by political oppression to leave the Dominican Republic when still young Alvarez has lived most of her adult life in the United States Johnson argues that through her narratives poetry and essays Alvarez has sought to create a cartography of identity in exile Alvarez inscribes a geography of identity in her work that joins theory and narrative across multiple genres to create a new map of identity and culture By asserting that she is mapping a country that s not on the map Alvarez places creativity and multiplicity at the center of this emerging cartography of identity Rather than elaborating a hybrid identity that surreptitiously erases distinctions and difference Alvarez embraces the mestizaje or mixture and accumulation of identities experience and diversity To Alvarez linguistic and cultural multiplicity represents the reality of what it means to be American and she offers a compelling vision of both self and community in which the homeland Alvarez seeks is the narrative space of her own writings As Johnson shows Alvarez will continue to shape American literature by stretching the literary cartography of identity and of the Americas

Bread Over Troubled Water Winnie Archer, 2022-11-29 Rising cozy mystery author Winnie Archer cooks up her latest installment in her delightful and delicious Bread Shop Mystery series Photographer Ivy Culpepper is soon to make a home with her husband to be in the California beach town of Santa Sofia but the Yeast of Eden bakery remains her second home It s not just a place to work but a community And now one member of the community has been murdered A regular who used Yeast of Eden as a workspace Josh Prentiss always turned heads with his startlingly good looks and thousand watt smile But Ivy can t help noticing one morning that he seems distracted and off his game Later during a visit to the park where she and Miguel plan to hold their engagement party with plenty of baked goods on the menu her rescue pug Agatha sniffs out Josh lying in a bed of poppies scone cold dead There s no reason for Ivy to get involved She s busy enough holding down the fort as the shop s owner Olaya cares for her recently orphaned niece not to mention the stress when a new employee is fired and storms out in a rage Then a band of rabble rousers starts picketing the bakery claiming that Olaya s sourdough roll is what killed Josh and Ivy hears some salacious gossip about her beloved boss She doesn t think there s a grain of truth to the seedy rumors but to prove it she ll have to start sleuthing

A Way Home Kat Davis, 2012-01-12 When a mysterious computer game turns up two people click PLAY and suddenly find themselves in Kelstone a medieval world full of magic and monsters To Greg Falcon Bennet it s perfect a place he actually fits in and quickly calls home But to Julia Clark it s a nightmare She just wants to get back to Earth where she belongs What starts out as a journey to find Julia a way home turns into an epic quest As they battle to save the world from an evil High Priestess Falcon and Julia also fight against falling in love Because in the end they both want to go home to different worlds

Third Time's A Charm Michelle M. Pillow, Friends don t let

friends since drunk Vivien Stone lost the love of her life over twenty years ago Now that she is in her forties with a string of meaningless relationships under her belt she can't help but pine for what might have been It doesn't help that she is somewhat psychic and can pretty much predict where a relationship is heading before it even starts When she and her best friends find a hidden book of secrets Vivien believes it is the perfect opportunity to talk to her lost love But things don't go as planned and what was meant to be a romantic reunion takes a turn for the bizarre Maybe some things and people are better left buried in the past and what she really needs has been standing in front of her all along Book Two of the Order of Magic Series Magical Paranormal Women's Fiction by NY Times and USA TODAY Bestselling Author Michelle M Pillow Vivien Stone may be psychic but her road to love is unpredictable With strong female friendships a questionable seance and a surprise romance Michelle Pillow has summoned up another brilliant and funny PWF Renee George USA Today Bestselling Author 2020
