volumes originally published between 1910 and 1965 The titles include works by key figures such as CG Jung Sigmund Freud Jean Piaget Otto Rank James Hillman Erich Fromm Karen Horney and Susan Isaacs Each volume is available on its own as part of a themed mini set or as part of a specially priced 204 volume set A brochure listing each title in the International Library of Psychology series is available upon request Jung, Gods, & Modern Man Antonio Moreno, 1974 God Ann Ulanov, 2020 Ann Belford Ulanov submits that we have all painted our own pictures of God Most of them were formed in early childhood and now lie buried in our unconscious selves Even though we may be unaware of our images of God they play an active sometimes harmful role in our spiritual development Picturing God demonstrates the importance of confronting our unconscious selves and allowing our images of God both positive and negative to surface Such inner exploration reveals not only relevant insights about ourselves but also pulls us beyond our private pictures of God toward a truer view of the living God Picturing God shows us how to explore our unconscious selves and how this spiritual exercise can change the whole of our lives how we respond to God how we relate to others and how we view ourselves God's Country Laurie M. Johnson, 2024-10-18 Laurie M Johnson argues that America's culture wars may seem to have erupted in the past couple of decades but they go back centuries For those who think that Christian nationalism or right wing populism is the problem to be solved that some people simply need to understand Christianity or politics better and become reasonable read on Christian nationalism and other ideological extremes are symptoms of major economic technological spiritual and psychological shifts that have left too many people uprooted disenchanted and precarious There are no easy answers but Johnson tries to show a path out that enlists not only individuals but also church and state Without leadership and structure provided at the levels of the church and state Christians and those impacted by them will remain part of the problem and not the solution Johnson says to Christians change is not talk it s action and Christian action can only happen with leadership that creates a context where we can work together rather than wasting our time in culture wars

Kabbalistic Visions Sanford L. Drob,2023-04-06 In 1944 C G Jung experienced a series of visions which he later described as the most tremendous things I have ever experienced Central to these visions was the mystic marriage as it appears in the Kabbalistic tradition and Jung s experience of himself as Rabbi Simon ben Jochai the presumed author of the sacred Kabbalistic text the Zohar Kabbalistic Visions explores Jung s 1944 Kabbalistic visions the impact of Jewish mysticism on Jungian psychology Jung s archetypal interpretation of Kabbalistic symbolism and his claim late in life that a Hasidic rabbi the Maggid of Mezhirech anticipated his entire psychology This book places Jung s encounter with the Kabbalah in the context of the earlier visions and meditations of his Red Book his abiding interests in Gnosticism and alchemy and what many regard to be his Anti Semitism and flirtation with National Socialism Kabbalistic Visions is the first full length study of Jung and Jewish mysticism in any language and the first book to present a comprehensive Jungian archetypal interpretation of Kabbalistic symbolism

More Moral than God Charlene Burns, 2008-07-25 In the wake of the 9 11 tragedy recent

political and religious conflicts attention to religious violence has increased exponentially Although violence in the name of religion has been around for centuries there is increasing need to examine the roots of religious violence with the hope of working for peace In More Moral than God Charlene Burns takes a unique look at the psychological motivations behind religious violence Drawing from psychology philosophy and theology Burns illuminates the interplay between our images of God our individual egos and our collective selves and brings to light the degree to which each of us can and must take responsibility for the religious landscape In addition to her own perspective on religious violence Burns provides a brief history of religious violence and addresses other possible motivations including politics economics globalization family dynamics and more Abusing Memory Jane Grumprecht, Jane D. Gumprecht, 1997 Agnes Sanford has long been hailed as the mother of the Inner Healing Healing of Memories movement Though her methods are popular in various segments of the Church they are anything but Christian Dr Gumprecht explores the beginnings of this religious arm of the New Age movement focusing on Agnes Sanford's rebellion against the orthodox church her understanding of God's will in connection with suffering her involvement with New Age leader Emmet Fox and more **Summary of Carl Gustav Jung's Modern** Man in Search of a Soul Everest Media, 2022-04-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The use of dream analysis in psychotherapy is still a debated issue Many practitioners find it indispensable in the treatment of neuroses while others dispute the value of dream analysis and believe that dreams are a negligible by product of the psyche 2 Dreams can be used to reveal the unconscious causes of a neurosis The Freudian answer is that dreams often reveal the unconscious contents that are causal factors in a neurosis 3 The dream is a accurate representation of the patient's subjective state which the conscious mind denies exists or recognizes only grudgingly The patient's conscious ego could see no reason why he should not go steadily forward but the dream showed us how things really stood 4 There are dreams that explain the causes of a neurosis and there are others that do not The point is that there are neuroses whose origins we discover only at the end of an analysis and there are others whose origins we do not need to Beyond Psyche Mark R.
