Juniper Loa:

Juniper Loa Yutang Lin,1964 **Sinophone Studies** Shu-mei Shih,2013-01-15 This definitive anthology casts Sinophone studies as the study of Sinitic language cultures born of colonial and postcolonial influences Essays by such authors as Rey Chow Ha Jin Leo Ou fan Lee Ien Ang Wei ming Tu and David Wang address debates concerning the nature of Chineseness while introducing readers to essential readings in Tibetan Malaysian Taiwanese French Caribbean and American Sinophone literatures By placing Sinophone cultures at the crossroads of multiple empires this anthology richly demonstrates the transformative power of multiculturalism and multilingualism and by examining the place based cultural and social practices of Sinitic language communities in their historical contexts beyond China proper it effectively refutes the diasporic framework It is an invaluable companion for courses in Asian postcolonial empire and ethnic studies as well as world and comparative literature **Juniper Loa** Yutang Lin,1964 **Nosotras Opening the Door to Our Love Life** Rosa Sanchez,Ofelia Fox,2009-11-15 This edition covers the last four decades of the life of Ofelia Fox wife of the owner of the famous cabaret Tropicana of Havana who came into exile and became the first female personality of Spanish radio in Miami

Liberal Cosmopolitan Qian Suoqiao,2010-11-12 Chinese modernity discourses have been dominated by nationalism and revolutionary radicalism in much of the 20th century but liberal cosmopolitanism has always been an important force in modern Chinese intellectuality though a much neglected topic in modern Chinese studies This book is a cross cultural critique on the problem of the liberal cosmopolitan in modern Chinese intellectuality in light of Lin Yutang s literary and cultural practices across China and America It includes comparative reference to other discourses of major literary and intellectual figures such as Zhang Zhidong Liang Qichao Gu Hongming Hu Shi Lu Xun Zhou Zuoren Pearl S Buck Agnes Smedley and Edgar Snow It also demonstrates that a liberal cosmopolitan road which suggests a middling Chinese modernity is both possible and desirable **The Bloomsbury Handbook of Modern Chinese Literature in Translation** Cosima Bruno,Lucas Klein,Chris Song,2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for

reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation **Language and Language**
