

Five 5 Images Of The Soviet Futures A Critical Review And Synthesis

Arend Lijphart

Five 5 Images Of The Soviet Futures A Critical Review And Synthesis:

Beyond Soviet Studies Daniel Orlovsky, 1995-02 Daniel Orlovsky brings together a group of leading scholars attempt a systematic assessment of the state of studies of the former Soviet Union after its collapse The authors re examine the transition from communism and review the study of post Soviet society national identity and nationalism politics and political institutions economics foreign policy and culture They offer constructive criticisms of the field and set out research questions for an uncertain future *Problems of Communism* ,1980 **The Great Lie** F. Flagg Taylor, 2023-10-03 The Most Insightful and Profound Reflections on Tyranny Totalitarianism was the dominant phenomenon of the twentieth century Deeply troubling questions endure regarding the nature of such tyrannical regimes What enabled human beings to carry out such horrific crimes against their fellow man What does the endurance of Communism reveal about human liberty Why did human beings suffer rule by ideological lies for so long and what kept them open to the truth What are we to make of the relationship between totalitarianism and the foundational principles of democratic modernity Some of the greatest minds of the twentieth century sought answers to these haunting questions Now for the first time ever their incisive and profound reflections on totalitarianism have been brought together in one book The Great Lie showcases the insights of such giants as Aleksandr Solzhenitsyn Vaclav Havel Hannah Arendt Eric Voegelin Czeslaw Milosz Leo Strauss and Raymond Aron along with neglected but important thinkers such as Waldemar Gurian Aurel Kolnai Leszek Kolakowski Pierre Manent Claude Lefort and Chantal Delsol The brilliant essays in this volume illuminate the very nature of totalitarian regimes and the monstrous ideology that is their defining feature The Great Lie allows readers to make sense of political evil and how it can attract so many people into its ideological fold This is not a matter of mere academic interest in an age when we confront totalitarianism in such regimes as North Korea and Cuba and arguably in radical Islamist movements **The Soviet Polity in the Modern Era** Erik P. Hoffmann, Robbin Frederick Laird, Soviet Politics Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post

Soviet politics as well as the interested general reader **The Gorbachev Regime** Hiroshi Kimura, 2017-09-29 In the early days of Gorbachev's rise to power in the Soviet Union an international group of U S and Japanese authorities probed the issues and forces that shaped a mammoth struggle within the Soviet Union This book examines Gorbachev's reforms the extent of their dramatic changes and the sobering evidence of their limits The contributors' assessments range from wonder at the new atmosphere and expressive possibilities to recognition of the reforms' reversibility increasing difficulty and the long road ahead This is a fascinating contemporary review of factors that led to the demise of the Soviet Union only a few years later Perestroika the transformation of Soviet society and economic relations epitomized Gorbachev's remedy for the ailing Soviet economy which developed into a redefinition of Soviet socialism Gorbachev emphasized that the success of reform depended not only on the technology and money but also to succeed the reforms must overcome Stalin's legacy of bureaucratic centralism and enlist the creative energies of the Soviet people This volume explains why the strength and nature of the reform coalition and anti reform opposition the limits and prospects of reform and the compatibility of decentralizing reforms within the centralized one party Soviet system and the implications of reforms for Soviet relations with the rest of the world **Developed Socialism In The Soviet Bloc** Jim Seroka, 2019-03-04 This book traces the evolution of Soviet and East European responses to the multifaceted pressures of a rapidly changing world and looks at the implications of ideological developments in the Soviet bloc for economic reforms general policymaking and political and social change The authors discuss the concept of developed socialism and its essential components as seen in communist societies analyze current policy and likely future policy directions in the Soviet Union Czechoslovakia Hungary Romania Poland and Yugoslavia in light of the concept and assess the impact that ideological trends have had and are likely to have on the Soviet Union and Eastern Europe in general *The Soviet System In Crisis* Alexander Dallin, Gail W Lapidus, 2019-07-18 This reader is intended to fill the urgent need for up to date materials on the Gorbachev era and to provide scholars and students with source materials and interpretations not available in standard texts In addition the book will be regularly revised and updated to take account of rapidly changing events Alexander Dallin and Gail Lapidus have brought together outstanding Western analyses as well as Soviet documents and commentary dealing with developments in the USSR's politics economy society culture and foreign policy since 1985 The collection covers the full spectrum of views skeptical and enthusiastic ideological and pragmatic offered by journalists politicians observers and participants Introductory and concluding material by the editors provides the essential context to help students understand the myriad opinions put forth on the vast changes in the USSR and where its future may lie **Economics And Politics In The USSR** Hans-Hermann Hohmann, 2019-03-05 Soviet scholars have apparently stayed clear of meaningful analysis of such touchy subjects as interdependence and conflict in the relationship between economics and politics Very little has been published on this issue no surprise in a system that controls centrally both politics and the economy with an emphasis on rapid economic

development The absence of meaningful Soviet research led the Federal Institute for East European and International Studies in Cologne to sponsor an international interdisciplinary conference on the subject Contributions to the resulting book cover three main areas The first includes the impact of traditional Russian political culture on contemporary Soviet economic thinking and behavior the rank of economic aims in the priority system of Soviet politics and the function of economic institutions in the implementation of political aims The second concerns the role of political lobbies in the economy and repercussions of economic change for Soviet politics Foreign economic relations and the USSR's foreign policy make up the third area The concluding discussion reviews the state of international research and identifies areas for future study

The Khrushchev and Brezhnev Years Alexander

Dallin, 1992

Politics, Paradigms, and Intelligence Failures

Ofira Seliktar, 2015-05-20 Washington's failure to foresee

the collapse of its superpower rival ranks high in the pantheon of predictive failures The question of who got what right or wrong has been intertwined with the deeper issue of who won the Cold War Like the disputes over who lost China and Iran this debate has been fought out along ideological and partisan lines with conservatives claiming credit for the Evil Empire's demise and liberals arguing that the causes were internal to the Soviet Union The intelligence community has come in for harsh criticism for overestimating Soviet strength and overlooking the symptoms of crisis the discipline of Sovietology has dissolved into acrimonious irrelevance Drawing on declassified documents interviews and careful analysis of contemporaneous literature this book offers the first systematic analysis of this predictive failure at the paradigmatic foreign policy and intelligence levels Although it is focused on the Soviet case it offers lessons that are both timely and necessary

Milestones in Glasnost and Perestroika Ed A. Hewett, Victor H. Winston, 2010-12-01 The momentous changes in the

Soviet Union brought about by glasnost and perestroika have far reaching implications that continue to grip the attention of the international community This volume and its companion volume *The Economy* feature research and analysis of the significant events in the development of the revolutionary reforms in the Soviet Union from the beginning stage through the period of great euphoria to the recent troubled times Ed A Hewitt founding editor of *Soviet Economy* and formerly a senior fellow at Brookings is now Special Assistant to the President on National Security Affairs and Senior Director of Soviet Affairs at the National Security Council Victor H Winston is an adjunct professor of international affairs at George Mason University and coeditor of *Soviet Economy*

Journal of Soviet Nationalities, 1990 *The Fall of the Soviet Empire* Anne de

Tinguy, 1997 Was the Soviet system's failure inevitable from its inception These essays consider the role of ideology the failure of the economic system and the failure of a messianic ambition *Japanese Industrial Policy* Ira C.

Magaziner, Thomas M. Hout, 1981

RFE-RL Current Abstracts and Annotations RFE/RL, inc, 1979

The Soviet System

Alexander Dallin, Gail W Lapidus, 1995 Published originally as *The Soviet System in Crisis* a Reader of Western and Soviet

Views this revised edition offers a discussion of the transformation of communism under Gorbachev and the eventual collapse

of the Soviet Union A wide variety of views is represented Soviet Foreign Policy in the 1980s Roger E. Kanet,1982
 Rethinking the Soviet Collapse Michael Cox,1998 This text is informed by the view that part of the answer to the
conundrum Did we fail to anticipate the end of the Cold War lies in a dissection of the ways in which the USSR was theorized
by its leading practitioners in the West
