

The Christmas Sparrow

It was Christmas all over the house. From the dazzling tree to the piles of presents to the turkey roasting in the oven, everything was ready. This was going to be the best Christmas Eve in the history of the world according to Samantha Peterson, who was 6 years old.

Then her brother Paul walked into the room and ruined everything.

He flopped on the sofa, leaned toward the coffee table, and ran his finger over the lid of the candy dish filled with fudge reserved for company. "Mom wants you," he said.

Samantha's eyes narrowed. "Why?" she asked, knowing exactly why he wanted her to leave.

Paul shrugged. "Go ask her."

"I'm telling if you take fudge."

"I wouldn't advise it."

Samantha made a face and stuck out her tongue.

Paul made a face and pinched her arm.

"That hurt!" she yelled. Doubling up her 6-year-old fist, she smacked Paul on his 9-year-old nose.

"Ow!" he howled. "I hate you!"

"I hate you back!"

"I hate you more!"

"Motherrrrr!"

Mrs. Peterson was tired from cooking and needed a break. She was holed up in the bathroom in a tub of hot water, wearing a headset and shouting along to a tune by Led Zeppelin.

New Letters David Ray,1979 **John Donne's Poetry and Early Modern Visual Culture** Ann Hurley,2005 This study argues the thesis that John Donne s poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically its visual culture It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne s verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne s poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College
