Economics 2005/2006 Henk Folmer, Thomas H. Tietenberg, 2005-01-01 The International Yearbook of Environmental and Resource Economics presents articles which are surveys of current issues in this research area where literature is abundant. As every year we recommend the present yearbook to keep up with the developments of this literature. Michel Griffon Quarterly Journal of International Agriculture The Yearbook provides a comprehensive overview of cutting edge issues in environmental and resource economics. The expert contributors address some of today's most pressing environmental topics including issues in water pricing reforms, spatial environmental policy, environmental equity and the siting of hazardous waste facilities, strategies to conserve biodiversity, corporate sustainability, the double dividend hypothesis of environmental taxes, valuing environmental changes in the presence of risk. The Yearbook will provide economists, scholars and practitioners working in environmental and resource economics with a comprehensive overview of the cutting edge issues in the field.
