concentration camp including German family groups of men women and children relatives of those implicated in plot to kill Hitler The lively narrative describes kidnapping escape attempts interpersonal conflict betrayal and comradeship It also reveals intrigues and love affairs among the prisoners culminating in their dramatic attempt to free themselves from the SS

Himmler's Children Guus de Vries, 2024-07-30 The Nazis dream was to populate their future Greater German Reich exclusively with racial valuable people and Himmler became the main executor of this gruesome and unimaginable plan For this purpose millions of inferior people had to be expelled or killed while as many men women and children of Germanic descent as possible had to be brought together in the territory of the Third Reich Children were the key players in Himmler's sinister plans and the Lebensborn program exploited luxurious maternity homes led by SS officers for selected women with the required Aryan features The pregnant women often not married and the fathers of their future children usually members of the SS had to comply with very strict racial requirements Himmler considered their offspring as the future nobility of the Germanic empire Obsessed with racial purity and birth rates the Lebensborn program fell directly under Himmler's personal control and arguably became his favorite project He spent hours drawing up selection criteria regulations and dietary requirements personally studying the files of mothers and children and using his private aircraft to transport them to other Lebensborn establishments The organization was active throughout Germany and the occupied Western European countries and was also involved in the abduction of Aryan children from Eastern and Central Europe On Himmler's orders tens of thousands of blond blue eyed children in Poland Slovenia the Czech Republic and other countries were abducted for Germanisation partly in Lebensborn children's homes Himmler was so absorbed by the racial delusion he was convinced this policy served a dual purpose by abducting the superior children he robbed the subjected countries of their future leaders while at the same time strengthening the Germanic race

Hitler Paul Lefort MD, 2018-10-25 This book discusses the turning point in history marked by the advent of Hitler Nazism and World War II How could a political leader radically change the configuration of the world in a period of just twelve years This approach will allow the reader to explore a civilization slippage that illustrates the potential of love and hatred in the depths of human nature This book also uses the recent developments in psychology and psychiatry research to shed a new perspective on one individual who without being affected by a mental illness showed a severe personality disorder This historic disaster has the profile of a scam on a global scale based on seduction lies and deception Democracy which two essential markers are access to information and freedom of press appears as the least imperfect political system for the protection of human rights and is vulnerable to the unpredictability of human nature in situations of power

The Killing Trap Manus I. Midlarsky, 2005-10-20 The Killing Trap seeks to understand both the occurrence and magnitude of genocide based on the conviction that such comparative analysis may contribute towards prevention of genocide in the future Manus Midlarsky compares socio economic circumstances and international contexts and includes in his analysis the Jews of Europe Armenians in the Ottoman Empire Tutsi in Rwanda

black Africans in Darfur Cambodians Bosnians and the victims of conflict in Ireland He gives equal emphasis to the non occurrence of genocide a critical element not found in other comparisons

Hitler's Foreign Executioners Christopher Hale,2011-04-11 In Hitler s Foreign Executioners Heinrich Himmler s secret master plan for Europe is revealed an SS empire that would have no place for either the Nazi Party or Adolf Hitler His astonishingly ambitious plan depended on the recruitment of tens of thousands of Germanic peoples from every corner of Europe and even parts of Asia to build an SS Europa This revised and fully updated book researched in archives all over Europe and using first hand testimony exposes Europe s dirty secret nearly half a million Europeans and more than a million Soviet citizens enlisted in the armed forces of the Third Reich to fight a deadly crusade against a mythic foe Jewish Bolshevism Even today some apologists claim that these foreign SS volunteers were merely soldiers like any other and fought a decent war against Stalin s Red Army Historian Christopher Hale demonstrates conclusively that these surprisingly common views are mistaken By taking part in Himmler s murderous master plan these foreign executioners hoped to prove that they were worthy of joining his future SS Europa But as the Reich collapsed in 1944 Himmler s monstrous scheme led to bitter confrontations with Hitler and to the downfall of the man once known as loyal Heinrich

The Gestapo Carsten Dams,Michael Stolle,2014-05-22 The Gestapo was the most feared instrument of political terror in the Third Reich brutally hunting down and destroying anyone it regarded as an enemy of the Nazi regime socialists Communists Jews homosexuals and anyone else deemed to be an anti social element Its prisons soon became infamous many of those who disappeared into them were never seen again and it has been remembered ever since as the sinister epitome of Nazi terror and persecution But how accurate is it to view the Gestapo as an all pervasive all powerful all knowing instrument of terror How much did it depend upon the cooperation and help of ordinary Germans And did its networks extend further into the everyday life of German society than most Germans after 1945 ever wanted to admit Answering all these questions and more this book uses the very latest research to tell the true story behind this secretive and fearsome institution Tracing the history of the organization from its origins in the Weimar Republic through the crimes of the Nazi period to the fate of former Gestapo officers after World War II Carsten Dams and Michael Stolle investigate how the Gestapo really worked and question many of the myths that have long surrounded it

The Father: A Revenge Niklas Frank,2021-07-27 Niklas Frank was just seven years old when his father Hans Frank Hitler s legal adviser and Governor General of occupied Poland was executed at Nuremberg as a Nazi war criminal Throughout his life Niklas has attempted to come to terms with the enormity of the crimes his father committed and this remarkable book traces how after years of research he uncovered the extent of the horror unleashed by the man who was known as the butcher of Poland The Father is an extraordinary account of a scarred son struggling to comprehend the depravity of the acts that were committed by his father Whereas other descendants of Hitler s henchmen and co collaborators have tried to explain or to forget the crimes of their forebears Niklas s disgust for his father s actions is unremitting This book is his attempt to seek revenge Featuring forewords by Philippe Sands and Sir Ian Kershaw The Father is by turns shocking twisted and heart rending a devastating settling of accounts written by a son addressing his father as he pictures him burning in the eternal fires of hell
