## Hindoo Stories:

*Hindoo Stories* Anaryan,2001 Fables and stories have been the means of imparting instruction and amusement to man They are divided into four groups Sanskrit or Hindoo Arabic or Persian Western or European and the American This book aims to show that the Sanskrit or Hindoo groups of stories are the oldest and probably served as the basis of Arabic or Persian fables     *A Digit of the Moon and Other Love Stories from the Hindoo* Francis William Bain,1901     *A Digit of the Moon* ,1908     **Hindu Stories** Anita Ganeri,2006 Eight tales which illustrate some of the most significant beliefs values and traditions of the Hindus 8 yrs     **The Complete Hindoo Pantheon, Comprising the Principal Deities Worshipped by the Natives of British India Throughout Hindoostan** E. A. Rodrigues,1842     **Hindu Stories** Teresa Peirce Williston,1925     *Zoological Mythology* Angelo de Gubernatis,2020-08-01 Reproduction of the original Zoological Mythology by Angelo de Gubernatis     *Zoological Mythology* Angelo De Gubernatis,1872     *Popular Tales from the Norse* Peter Christen Asbjørnsen,Jørgen Engebretsen Moe,Sir George Webbe Dasent,1859 So he put the quern on the table and bade it first of all grind lights then a table cloth then meat then ale and so on till they had got everything that was nice for Christmas fare He had only to speak the word and the quern ground out what he wanted The old dame stood by blessing her stars and kept on asking where he had got this wonderful quern but he wouldn t tell her     **Popular Tales from the Norse** Peter Christen Asbjørnsen,Jørgen Engebretsen Moe,2024-03-22 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision

**POPULAR TALES FROM THE NORSE - 59 Scandinavian Folk Tales** Anon E. Mouse,2018-10-01 This is a volume of 59 Scandinavian folk tales originally collected over time by Asbj rnsen and Moe and translated into English by Sir George Webbe Dasent This is not a volume of Norse mythology per se so if you are looking for tales of Odin Thor Loki etc we would refer you to a volume entitled The Children of Odin Rather this volume is more fairy and far less Viking in nature This is an anthology of 59 Norse themed folk and fairy tales similar to those collected by the Grimm Brothers or those found in Andrew Lang s Many Coloured Fairy Books In the 59 tales in this volume all of the usual suspects are in place including princes princesses fools peasants who achieve seemingly impossible tasks giants trolls elves witches evil step siblings magical boons and anthropomorphic animals and beings all making for a magical volume of Northern Folk and Fairy Tales The introduction is exceptionally well written and places various magical and other themes from the tales into the context of the ancient Norse Pagan beliefs Once past the introduction the prose directly addresses young people and young adults and the delightful stories can be appreciated by readers of all ages But be warned despite these tales being magical in character these are tales from an era when political correctness did not exist In the words of the translator the person who in such a work wilfully changes or softens the meaning is as guilty as they who put bitter for sweet and sweet for bitter So join with us and venture back in time to an age when the world still had a connection to the ethereal A time when magic was still believed to exist and

a time when Trolls Elves Nidhogg Vargr and other magical beings still roamed the earth YESTERDAY S BOOKS FOR TOMORROW S CHARITIES 10% of the net profit from the sale of this book will be donated to Charities Keywords TAGS Popular Tales from the Norse Viking Scandinavia true and untrue sea salt old dame hen east of the sun and west of the moon boots ate a match troll hacon grizzlebeard princess that s a story twelve ducks giant no heart fox herdsman mastermaid cat dovrefell glass hill woo cock master smith step sisters buttercup taming shrew shortshanks gudbrand hill side blue belt bear stumpy tailed pin choose between children prettiest whiteland lassie godmother three aunts cock cuckoo blackcock rich peter pedlar gertrude s bird goosey grizzel lad north wind master thief best wish three billy goats gruff ill paid husband house dapplegrim farmer weathersky lord peter seven foals widow s son bushy bride brothers big peter little peter tatterhood katie woodencloak thumbikin deil a nutting big bird dan soria moria castle bruin Reynard tom totherhouse little annie goose girl *Zoological Mythology* Angelo Gubernatis,2023-05-09 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

Popular Tales from the Norse Anonymous,2019-11-20 In *Popular Tales from the Norse* the anonymous author breathes life into the rich tapestry of Norse mythology and folklore weaving together a collection of stories that illuminate the cultural ethos of the Viking Age The tales are marked by a vivid literary style replete with archetypal characters and moral lessons emphasizing themes of heroism fate and the interplay between gods and mortals The work stands as a vital contributor to the genre of folk narratives offering insights into the values and beliefs that shaped Norse society while employing an engaging and accessible prose that appeals to a broad audience The anonymous nature of the author adds an intriguing layer to the book inviting readers to consider the communal origins of these tales as reflections of a shared cultural heritage Emerging in a time when oral traditions were paramount the author sought to preserve these narratives illuminating the human experience through the lens of ancient myth This preservation serves as a testament to the enduring power of storytelling transcending the ages and connecting modern readers to their historical roots *Popular Tales from the Norse* is a compelling read for anyone fascinated by mythology literature or the cultural histories of ancient civilizations Its engaging narratives and rich evocative style ensure that readers will not only be entertained but also gain a deeper understanding of the Norse worldview I wholeheartedly recommend it to scholars and enthusiasts alike as it invites reflection and appreciation for the timeless nature of folklore
