Harlemworld John L. Jackson Jr., 2010-05-01 Harlem is one of the most famous neighborhoods in the world a historic symbol of both black cultural achievement and of the rigid boundaries separating the rich from the poor But as this book shows us Harlem is far more culturally and economically diverse than its caricature suggests through extensive fieldwork and interviews John L. Jackson reveals a variety of social networks and class stratifications and explores how African Americans interpret and perform different class identities in their everyday behavior *Other People's Property* Jason Tanz, 2011-01-15 Over the last quarter century hip hop has grown from an esoteric form of African American expression to become the dominant form of American popular culture Today Snoop Dogg shills for Chrysler and white kids wear Fubu the black owned label whose name stands for For Us By Us This is not the first time that black music has been appreciated adopted and adapted by white audiences think jazz blues and rock but Jason Tanz a white boy who grew up in the suburban Northwest says that hip hop's journey through white America provides a unique window to examine the racial dissonance that has become a fact of our national life In such culture sharing Tanz sees white Americans struggling with their identity and wrestling often unsuccessfully with the legacy of race To support his anecdotally driven history of hip hop's cross over to white America Tanz conducts dozens of interviews with fans artists producers and promoters including some of hip hop's most legendary figures such as Public Enemy's Chuck D white rapper MC Serch and former Yo MTV Raps host Fab 5 Freddy He travels across the country visiting nerdcore rappers in Seattle who rhyme about Star Wars conventions a group of would be gangstas in a suburb so insulated it's called the bubble a break dancing class at the upper crusty New Canaan Tap Academy and many more Drawing on the author's personal experience as a white fan as well as his in depth knowledge of hip hop's history *Other People's Property* provides a hard edged thought provoking and humorous snapshot of the particularly American intersection of race commerce culture and identity *Underground Rap as Religion* Jon Ivan Gill, 2019-10-28 Underground rap is largely a subversive grassroots and revolutionary movement in underground hip hop tending to privilege creative freedom as well as progressive and liberating thoughts and actions This book contends that many practitioners of underground rap have absorbed religious traditions and ideas and implement critique or abandon them in their writings This in turn creates processural mutations of God that coincide with and speak to the particular context from which they originate Utilising the work of scholars like Monica Miller and Alfred North Whitehead Gill uses a secular religious methodology to put

forward an aesthetic philosophy of religion for the rap portion of underground hip hop Drawing from Whiteheadian process thought a theopoetic argument is made Namely that it is not simply the case that is God the poet of the world but rather rap can in fact be the poet creator of its own form of quasi religion This is a unique look at the religious workings and implications of underground rap and hip hop As such it will be of keen interest to scholars of Religious Studies Hip Hop Studies and Process Philosophy and Theology The Afrofuturist Evolution Ytasha L. Womack,2025-03-25 The spaces revealed through the practice of time manipulation in Black cultures lend themselves to storytelling a time hopping process that integrates memory and community Drawing on disparate philosophies and science behind electronic beat making lyricism dance memory myth and cosmology in the African and African Diasporic traditions this book seeks to demonstrate relationships between rhythm space and ways of being as an articulation of futures and alternate realities made present Infused with author and Afrofuturist educator Ytasha Womack's own practice and contemplations this book rich in anecdotes will interrogate Afrofuturism as an experience that unfolds through combinations of being a maker and theorist Readers will take a creative journey that allows them to bring Afrofuturist practices into their own lives The goal is to expand imagination rootedness and possibility From Senegalese poet political theorist and politician Leopold Sedar Senghor's ideas on the plastic arts and Negritude to writer Malidoma Patrese Some's articulation of water symbolism in Burkina Faso from tap dance exercises to composer DJ and recording artist King Britt's Blacktronica The Afrofuturist Evolution aims to demonstrate Afrofuturism as embodied theory in practice This book in simple straightforward but powerful ways invites readers to bring these practices into their own lives *Fabricating the Absolute Fake* Jaap Kooijman,2008 A fascinating exploration of how global cultures struggle to create their own America within a post 9 11 media culture *Fabricating the Absolute Fake* reflects on what it might mean to truly take part in American pop culture □□□□,2009 Billboard ,2002-02-09 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Real Black** John L. Jackson Jr.,2005-11-15 New York's urban neighborhoods are full of young would be emcees who aspire to keep it real and restaurants like Sylvia's famous soul food eatery that offer a taste of authentic black culture In these and other venues authenticity is considered the best way to distinguish the real from the phony the genuine from the fake But in *Real Black* John L. Jackson Jr proposes a new model for thinking about these issues racial sincerity Jackson argues that authenticity caricatures identity as something imposed on people imprisoning them within stereotypes turning them into racial objects and inanimate things instead of living breathing human beings Contending that such assumptions deny people agency not to mention humanity in their search for identity Jackson counterposes sincerity an internal and more productive analytical model for thinking about race Moving in and around Harlem and Brooklyn Jackson offers a kaleidoscope of subjects and stories that directly and indirectly address how

race is negotiated in today's world including tales of name changing hip hop emcees book vending numerologists urban conspiracy theorists corrupt police officers mixed race neo Nazis and high school gospel choirs forbidden to catch the Holy Ghost Enlisting Anthroman his cape crusading critical alter ego Jackson records and retells these interconnected sagas in virtuosic detail and in the process shows us how race is defined and debated imposed and confounded every single day
