## **Historic Canterbury:**

*Historic Floors* Jane Fawcett, 2007-06-01 This is the first book in the UK to be devoted to historic floors. It introduces an important and largely neglected subject and considers conservation methods in a European context. It traces the history of some of the great floors of Europe from the fourth century B.C. and outlines the development of mosaic, tiles, marble and parquet floors in secular buildings. The early Christian pavements in basilicas, temples and cathedrals, the creation of medieval tiles, ledger stones and monumental brasses, their destruction by iconoclasts and re-creation during the Gothic Revival are also discussed. Leading authorities, archaeologists, architects and archivists consider the latest methods of recording and repairing cathedral floors, including those of cathedrals, country houses, the monumental tiled pavements of the Palace of Westminster and other public buildings. Management policies to protect outstanding floors in over-visited sites are considered and historic features particularly at risk are identified. Urgent action is recommended to contain the damage caused by the dramatic increase in tourism throughout Europe.

**Connecticut Historic Places Dictionary** Lorrie Owens, 2008-01-01 A 1-volume set that contains detailed information on the historic places in the state of Connecticut. The listings in the reference work were obtained from the official list of the National Register of Historic Places in Washington, D.C. The National Register of Historic Places is a government program designed to coordinate and support public and private efforts to identify, evaluate and protect historic and archeological properties. The properties include historic districts, sites, buildings, structures and objects that are significant to American history, architecture, engineering and culture. The entries are arranged alphabetically within each county. This allows the user to find historic places by locations in Connecticut. Photographs are also included in this set. The Publisher used the nomination form of the Historic Place entry that describes the work in great detail. The detailed historic information is not published in the National Register and is what makes this publication the definitive reference work on the Historic Places in the state of Connecticut.

**Connecticut Encyclopedia** Jennifer Herman, 2008-01-01 The Connecticut Encyclopedia contains detailed information on States, Symbols and Designations, Geography, Archaeology, State History, Local History on individual cities, towns and counties, Chronology of Historic Events in the State, Profiles of Governors, Political Directory, State Constitution, Bibliography of books about the state and an Index.
