A Fistful of Fig Newtons Jean Shepherd, 2010-11-10 From the wild and wacky world of favorite funnyman Jean Shepherd a dozen truer than life tales of tailgating on the Jersey Turnpike infuriating infants and other everyday catastrophes defeats and humiliations that are the familiar fate of Americans everywhere Jean Shepherd was one of America's favorite humorists his most notable achievement being the creation of the indefatigable Ralphie Parker and his quest for a BB gun in the holiday classic A Christmas Story But he was so much more a comic Garrison Keillor like figure whose unique voice transcended the airwaves and affected a whole generation of nostalgic Americans A Fistful of Fig Newtons is classic Jean Shepherd sidesplittingly funny and sardonically irreverent It is a brilliant comic assessment of American life all of them delivered in Jean Shepherd's witty classy unforgettable style National Union Catalog, 1982, 1983 Subject Catalog Library of Congress, 1982 Subject Catalog, 1982 Library of Congress, 1982 **National Union Catalog**, 1982 Includes entries for maps and atlases **Encyclopedia of American Humorists** Steven H. Gale, 2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature AB Bookman's Weekly, 1998 Fact and Fiction Dennis J. Carroll, 2011-11-14 My non fiction is primarily drawn from childhood memories of Yulan New York a hamlet in Sullivan County during the late 1950s and early 60s They are anchored in a clarity dictated by subjects illustrating and implying specific points I consider writing an important and responsible act part skill part art but always an enjoyable activity as seen through the lens of time and memory In reading fiction I have always been most interested in character driven as opposed to plot driven stories Consequently my written fictive efforts generally reflect this preference My characters are drawn both from my experience as well as from my imagination Their conflicts characteristics as well as the way they speak act and see themselves stem from experience and imagination as well These characters are generally hybrids of more than one person either female or male often functioning in their everyday environments Some are soldiers lawyers police officers teachers photographers painters functioning within varied settings from urban to rural often reflecting a blue collar nuance and culture The plots of my stories function to support the stories that the characters tell the natural friction between daughters mothers fathers sons brothers sisters husbands and wives generally complicated by changes in their lives sometimes major other times minor that cause them to confront those around them as well as themselves From philandering spouses to selfish

incompetent or overindulgent parents or individuals who discover that their lives must change These plots linear as well as cyclical reflect the human drama of strength weakness doubt certainty moral choices and consequences love hate fear hope anxiety despair and happiness She stepped over the puddles and around the mud along the driveway to the mailbox by the rutted road out front Efforts like this along with things like thunder and lightning storms which terrified her as well as woodchucks and raccoons prowling around all night which kept her on edge reminded her that she was not a country person Still for the last few weeks the culmination of months of study their place in Manhattan hadn't worked She had needed the tranquility of this remote house in the Catskills where she had spent her summer tomboy childhood Franca walked slowly back to the house and retraced her footprints as she flipped through the handful of mail One return address New York State Certification and Licensing Unit caught her attention and she tore it open with her finger From Black Still Water She climbs the three steps in front of the local high school and remembers sitting on the wide stone slabs coffee in one hand a cigarette in the other waiting for her little girl to finish her dancing class on countless Saturday mornings but the memory quickly disintegrates when she opens the large steel door and it clangs shut after her The escaping music is deafening vibrations pound against her chest and in the sudden overpowering darkness she finds it hard to breathe Slowly her eyes adjust and she makes out the dancing figures through the white smoke generated from behind the jungle of gigantic speakers and amplifiers off in the distance She hugs the wall inches her way along searching and her breathing slowly returns to normal From *Dancer Standing* by the sink looking out over the lake Jaime listens to the sounds floating up from the basement work noises the hammer striking nails home one two three four occasionally punctuated by the high pitched whine of the power saw and the slap of discarded wood as it falls to the tile floor All day he works non stop framing it out refusing lunch a couple of hours ago and now it is almost three in the afternoon Tonight after working a four to twelve at the uti
