Index de Périodiques Canadiens ,2001 **Diasporic Intimacies** Robert Diaz,Marissa Largo,Fritz Pino,2017-11-15
Diasporic Intimacies Queer Filipinos and Canadian Imaginaries is the first edited volume of its kind featuring the works of leading scholars artists and activists who reflect on the contributions of queer Filipinos to Canadian culture and society Addressing a wide range of issues beyond the academy the authors present a rich and under studied archive of personal reflections in depth interviews creative works and scholarly essays Their transdisciplinary approach highlights the need for queer transgressive and utopian practices that render visible histories of migration empire building settler colonialism and globalization Timely urgent and fascinating Diasporic Intimacies offers an accessible entry point for readers who seek to pursue critically engaged community work arts education curatorial practice and socially inflected research on sexuality gender and race in this ever changing world **American Book Publishing Record** ,2003 *America, History and Life* ,1966 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **National Union Catalog** ,1981 ,1982 Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education Miloslav Rechcigl Jr.,2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates **National Union Catalog** ,1981 Includes entries for maps and atlases Catalog of the Tamiment Institute Library of New York University Tamiment Library,1980 Bibliographic Guide to Black Studies Schomburg Center for Research in Black Culture,1991 Resources in Education ,1989 *The Spectator* ,1860 *American Learned Men and Women with Czechoslovak Roots* Mila Rechcigl,2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That s what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and

achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates. The monograph has been organized into sections by subject areas i.e. Scholars, Social Scientists, Biological Scientists, and Physical Scientists. Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study. The selection of individuals has been strictly based on geographical ground without regards to their native language or ethnic background. This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated. Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt. Doing it in any other way would be a mere guessing and thus less objective.
