La historia me absolverá Fidel Castro,1993 **La historia me absolverá** Fidel Castro Ruz,2023-01-20 Considerada la obra jur dico pol tica m s importante del siglo XX cubano este alegato pronunciado con valent a por el joven revolucionario Fidel Castro en su defensa y la de sus compa eros en el juicio al que fueron sometidos por el asalto a los cuarteles de Santiago de Cuba y de Bayamo en 1953 reivindica brillantemente el derecho a la rebeli n que los asist a ante la ilegalidad del gobierno golpista y propone un programa para liquidar los males end micos de la Rep blica neocolonial cubana de hecho este documento se convertir a en el programa del Movimiento 26 de Julio **El leninismo en La historia me absolverá** Mirta Aguirre,Isabel Monal,Denia García,1980 **The Secret Fidel Castro** Servando Gonzalez,2001 The Secret Fidel Castro is neither a history of the Cuban revolution nor a biography of Fidel Castro The book was written following what intelligence services call a CPP short for Comprehensive Personality Profile similar to the ones intelligence services keep on foreign leaders It focuses on different aspects of Castro s actions and personality which for some reasons have been either ignored misunderstood or misrepresented The main thesis of this book is that there are many different Castros The most widely known is the symbolic public one as it has been portrayed in official Cuban propaganda Castro friendly biographies and mainstream American media But there are also many secret Castros highly different from the public one The Secret Fidel Castro focuses on little known aspects of Castro s personality important in the better understanding of the man and his actions what really makes him tick *La historia me absolverá* Enrique Canudas,2007 *La Historia Me Absolvera!.* F. Castro,1961 *Essays in Cuban Intellectual History* R. Rojas,2008-03-17 Well known essayist and Cuban historian Rafael Rojas presents a collection of his best work one which focuses on and offers alternatives to the central myths that have organized Cuban culture from the nineteenth century to the present Rojas explores the most important themes of Cuban intellectual history including the legacy of Jos Mart the cultural effect of the war in 1898 the construction of a national canon of Cuban literature the works of classical intellectuals of the republican period the literary magazine Or genes the ideological impact of the Cuban Revolution and the possibilities of a democratic transition in the island at the beginning of the twenty firstcentury **Cuba and the New Origenismo** James Buckwalter-Arias,2010 While Cuban literature was being recommodified for an international publishing industry various Cuban writers reclaimed the cultural movement associated with the magazine Or genes The literary texts examined in this study were written in the 1990s in the wake of a paradigm crisis for socialism and revolution *An Inquiry into Choteo* Jorge Mañach Robato,2017-12-01 In the 1920s many of Cuba s intellectuals like Jorge Ma ach were confronted with how to deal with a new postcolonial universe whose neocolonial leanings were undeniable A palpable unease runs throughout An Inquiry into Choteo first delivered as a lecture in 1928 as Ma ach anxiously attempts to explain this idiosyncratic Cuban attitude or humor that he deems prevalent in the first few turbulent decades of the 20th century Esteemed in the Spanish speaking world only two of Ma ach s writings Mart Apostle of Freedom

1950 and *Frontiers in the Americas A Global Perspective* 1970 have been published in English a language which as an adolescent in Massachusetts Ma ach inhabited and from which he translated throughout his life The fact that Ma ach is a difficult figure to pin down textually and ideologically across his life is part of Jacqueline Loss s motivation to carry out this translation of *An Inquiry into Choteo* one of the most authoritative essays in Spanish comparable to other classic meditations on Latin American and national identity such as Jos Enrique Rod s *Ariel* 1900 English 1988 Antonio S Pedreira s *Insularismo An Insight into the Puerto Rican Character* 1934 English 2007 and Octavio Paz s *The Labyrinth of Solitude* 1950 English 1962 While Ma ach suggested that the pervasiveness of choteo with its positive and pernicious dimensions waned by the time of his revision in 1955 *An Inquiry into Choteo* is all the more relevant in the 21st century especially within a comparative context wherein banners of ideology and egalitarianism sometimes obscure the racial and class tensions that reside right below the surface Analysis of geopolitical maneuverings alone are insufficient to elucidate the intricacies of relationships that emerge in such texts as Ma ach s *An Inquiry into Choteo* **Cuban Studies 35** Lisandro Prez,Uva De Aragon,2005-02-01 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field *Fidel in the Cuban Socialist Revolution* José Bell Lara,Tania Caram León,Delia Luisa López García,2019-12-02 The book makes accessible a selection of speeches and television appearances by Fidel Castro during the first two years of the Cuban Revolution Readers can trace the evolution of this legendary leader s radical political thought and analyze his extraordinary capacity for overcoming adverse political and ideological circumstances in a constant movement towards a socialist ideal The work is organized chronologically with introductory presentations prepared by Cuban experts Jos Bell Tania Caram and Delia Luisa L pez and includes a glossary and bibliography The methodology of this work is original and includes material from 1959 not previously published elsewhere **Women and the Cuban Insurrection** Lorraine Bayard de Volo,2018-02-01 Using gender analysis and focusing on previously unexamined testimonies of women rebels political scientist Lorraine Bayard de Volo shatters the prevailing masculine narrative of the Cuban Revolution Contrary to the Cuban War story s mythology of an insurrection single handedly won by bearded guerrillas Bayard de Volo shows that revolutions are not won and lost only by bullets and battlefield heroics Focusing on women s multiple forms of participation in the insurrection especially those that occurred off the battlefield such as smuggling messages hiding weapons and distributing propaganda Bayard de Volo explores how gender both masculinity and femininity were deployed as tactics in the important though largely unexamined battle for the hearts and minds of the Cuban people Drawing on extensive rarely examined archives including interviews and oral histories this author offers an entirely new interpretation of one of the Cold War s most significant events **Heroes, Martyrs, and Political Messiahs in Revolutionary Cuba, 1946-1958** Lillian Guerra,2018-01-01 Cover Half Title Title Copyright

Motherhood, Rewriting History Marie Drews, Verena Theile, 2009-05-05 Reclaiming Home Remembering Motherhood Rewriting History African American and Afro Caribbean Women s Literature in the Twentieth Century offers a critical valuation of literature composed by black female writers and examines their projects of reclamation memory and revision As a collection it engages black women writers efforts to create more inclusive conceptualizations of community gender and history conceptualizations that take into account alternate lived and written experiences as well as imagined futures Contributors to this collection probe the realms of gender studies postcolonialism and post structural theory and suggest important ways in which to explore connections between home motherhood and history across the multifarious narratives of African American and Afro Caribbean experiences Together they argue that it is through their female characters that black women writers demonstrate the tumultuous processes of deciphering home and homeland of articulating the complexities of mothering relationships and of locating their own personal history within local and national narratives Essays gathered in this collection consider the works of African American women writers Pauline Hopkins Toni Morrison Jessie Redmon Fauset Audre Lorde Lalita Tademy Lorene Cary Octavia Butler Zora Neale Hurston and Sherley Anne Williams alongside the works of black women writers from the Caribbean Jamaica Kincaid and Gis le Pineau Guyana Grace Nichols and Cuba Mar a de los Reyes Castillo Bueno **Thinking Comprehensively about Education** Ezekiel Dixon-Román, Edmund W. Gordon, 2012

While much is known about the critical importance of educative experiences outside of school little is known about the social systems community programs and everyday practices that can facilitate learning outside of the classroom Thinking Comprehensively About Education sheds much needed light on those systems programs and practices This original edited collection identifies and describes the resources that enable optimal human learning and development and offers a public policy framework that can enable a truly comprehensive educational system The Low-Carbon Contradiction Gustav Cederlof, 2023-09-19 In the pursuit of socialism Cuba became Latin America s most oil dependent economy When the Soviet Union collapsed the country lost 86 percent of its crude oil supplies resulting in a severe energy crisis In the face of this shock Cuba started to develop a low carbon economy based on economic and social reform rather than high tech innovation The Low Carbon Contradiction examines this period of rapid low carbon energy transition which many have described as a

Cuban miracle or even a real life case of successful degrowth Working with original research from inside households workplaces universities and government offices Gustav Cederl f retells the history of the Cuban Revolution as one of profound environmental and infrastructural change In doing so he opens up new questions about energy transitions their politics and the conditions of a socially just low carbon future The Cuban experience shows how a society can transform itself while rapidly cutting carbon emissions in the search for sustainability Cuban Insurrection 1952-1959 Ramon L.

Bonachea,2018-02-06 The Cuban Insurrection is an in depth study of the first stage of the Cuban Revolution the years from 1952 to 1959 The volume depicts the origins of the conflict details the middle years and ends with Fidel Castro s victorious arrival In Havana on January 8 1959 Based on a wealth of hitherto unpublished original material including confidential military reports letters from various leaders of the insurrection and data gathered from interviews held In Cuba and abroad the book Is a descriptive historical analysis of the struggle against military dictator Fulgencio Batista The authors challenge the traditional premise that Cuba s insurrection began in the rural areas and only later expanded into urban areas Instead they argue that the insurrectionary struggle was based upon combined urban rural guerrilla warfare against the regular army Basically The Cuban Insurrection treats two major movements involved in the struggle The Directorio Revolucionario and the M 26 7 and examines the growth ideology conflicts and military strategies of their respective rural and urban organizations The book includes a detailed analysis of combat strikes uprisings and expeditions Original maps and charts illustrate battles maneuvers and guerrilla political structures *Cuba's Foreign Policy in Global Solidarity Organizations*

Lasse B. Lassen,2024-12-23 This book analyzes the influence of the Cuban Revolutionary Government on the evolution of the Afro Asian Peoples Solidarity Organization AAPSO The author argues that Cuba s accession to AAPSO and the convocation of two solidarity conferences 1966 1967 in Havana initiated a political shift for the organization The Cuban Revolutionary Government thus promoted the inclusion of Latin American delegations that represented their countries leftist and pro Cuban dissidence as well as rural guerilla movements Adding to that Fidel Castro s independent stance towards AAPSO s two main financers the USSR and the PR China fostered a gradual emancipation of the postcolonial organization from the dominance of its sponsors The book offers a better understanding of the theoretical foundations of Cuba s foreign policy and explains how Havana used the two solidarity conferences to better the island s international prestige at times of diplomatic isolation Retracing the diplomatic influence of a small but key diplomatic actor of the Cold War this study will appeal to postcolonial and Latin America scholars as well as to academic researchers in contemporary history and political sciences

A Century of Cuban Writers in Florida Carolina Hospital,Jorge Cantera,1996 An anthology of the writings of 33 of the most important Cuban men and women of letters such as Felix Varela Jose Marti Juana Borrero Jose Yglesias and Ricardo Pau Llosa An enlightening and comprehensive introduction examines the historical importance of the Cuban contribution to Florida s heritage The works are presented in English most translated here for the first time **Detective Fiction in**

Cuban Society and Culture Stephen Wilkinson, 2006 This book examines Cuban society through a study of its detective fiction and more particularly contemporary Cuban society through the novels of the author and critic Leonardo Padura Fuentes The author traces the development of Cuban detective writing in the light of the work of twentieth century Western European literary critics and philosophers including Raymond Williams Antonio Gramsci Terry Eagleton Roland Barthes Jean Paul Sartre Michel Foucault Jean Fran ois Lyotard and Jean Baudrillard in order to gain a better understanding of the social and historical context in which this genre emerged The analysis includes discussion of the broader philosophical political and historical issues raised by the Cuban revolution The book concludes that the study of this popular genre in Cuba is of crucial importance to the scholar who wishes to reach as full an understanding of the social dynamics within that society as possible
