Introduction to the Study of History Charles Victor Langlois, Charles Seignobos, 1912 *Introduction to History* John C. B.

Webster, 1981-08-01 *History* John H. Arnold, 2000-02-24 There are many stories we can tell about the past and we are not perhaps as free as we might imagine in our choice of which stories to tell or where those stories end John Arnold's Very Short Introduction is a stimulating essay about how we study and understand history The book begins by inviting us to think about various questions provoked by our investigation of history and explores the ways these questions have been answered in the past Concepts such as causation interpretation and periodization are introduced by means of concrete examples of how historians work giving the reader a sense of the excitement of discovering not only the past but also ourselves ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable An

Introduction to the History of History James T. Shotwell, 1936 **An Introduction to the History of History** James Thomson Shotwell, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1922 edition Excerpt SECTION I INTRODUCTION CHAPTER I DEFINITION AND SCOPE OF HISTORY Until recently history itself has lacked historians There have been histories of almost everything else under the sun of literature philosophy the arts and sciences and above all of politics But until the last few years with the exception of a few works for students the story of history has remained unwritten Clio though the oldest of the Muses has been busy recording the past of others but has neglected her own and apparently her readers have seldom inquired of her about it For even yet the phrase history of History conveys but

little meaning to most people's minds seeming to suggest some superfluous academic problem for which a busy world should afford no time rather than what it really is that part of the human story which one should master first if one would ever learn to judge the value of the rest. The prime reason for this state of affairs is probably that which has just been hinted at: Clio was a Muse; history has generally been regarded as a branch of literature. Historians have been treated as masters of style or of the creative imagination to be ranked alongside poets or dramatists rather than simply as historians with an art and science of their own. Thucydides has been read for his Greek; Livy for his Latin. Carlyle ranks in book lists with the word painter Ruskin. Now and again historical criticisms of the great masters have appeared and scholarly studies of limited fields. But so long as history could be viewed as primarily a part of literature its own history could not be written for the recovery of the past is a science as well as an art. The history of History therefore had to await the rise of scientific historical

History and Historians Mark T. Gilderhus, 2007. History and Historians: A Historiographical Introduction, Sixth Edition. Mark T. Gilderhus. This concise best-selling volume presents a thorough and comprehensive overview of Western historical thinking from ancient times until the present. History and Historians surveys the main issues and problems in areas such as historiography, philosophy of history, and historical methodology. The book strives for a balanced coverage and attempts to make the subject accessible to readers at all levels. This revised Sixth Edition includes expanded coverage of postmodernism and the controversial questions it raised for historians in the United States and abroad. Also new is the placement of the reading, writing, and research chapter which is now located at the end of the book for easier reference.

MAIN TOPICS Aims and Purposes, The Beginnings of Historical Consciousness, Historical Consciousness in the Modern Age, Philosophy of History, Speculative Approaches, Philosophy of History, Analytical Approaches, Professional History in Recent Times, Culture Wars, Postmodernism and Other Issues, Reading, Writing, and Research.
