McCuen,1989 A collection of essays which define the religious right discussing their attitudes regarding foreign policy economic and social justice homosexuality and AIDS from differing viewpoints Includes a section on televangelists      *Truth is My Sword: Collected speeches in the public arena* Bo Hi Pak,1999

*The Tawhidi Methodological Worldview* Masudul Alam Choudhury,2019-07-17 This book develops and applies the methodology of Tawhid monotheism as law and the Sunnah the teachings of Prophet Muhammad in the Qur'an in establishing a transdisciplinary foundation for the study of Islamic economics finance society and science It employs the Tawhidi String Relation TSR a new theoretical framework in contemporary Islamic sciences in the methodological formalisation and application of the Tawhidi worldview as the primal ontological law of monotheism It employs a deeply Qur'anic exegesis and a mathematical philosophical and socio scientific mode of inquiry in deriving developing and empirically applying the Qur'anic methodology of unity of knowledge It is the first book of its kind in rigorously studying the true foundation of the Qur'anic concept of everything as the world system extending between the heavens and Earth The Qur'anic terminology of the precept of this world system in its most comprehensive perspective is A lameen the terminology in the Qur'an that accounts for the generality and details of the world systems that are governed by the method of evaluation of the objective criterion of wellbeing Wellbeing objective criterion is evaluated subject to inter causal relations between systemic entities variables and functions The cardinal principle of Tawhid in its relationship with the world system conveys the corporeal meaning of monotheism in its cognitive implication of abstraction and application Such a study has not been undertaken in existing Islamic socio scientific literature in analysing Islamic economics finance science and society collectively using Tawhidi law as a theoretical framework This book will be relevant to all such scholars who are interested in studying the monotheistic law and the Islamic principles particularly Tawhid Shari'ah and Islamic philosophical thought

*The Unification Church in America* Michael L. Mickler,1987      **A Spectrum of Worldviews** Hendrik M. Vroom,2006 This book is an introduction to philosophy of religion from the perspective of a religiously pluralistic culture It deals with introductory questions such as whether we can we understand compare and judge the insights of others and the ways in which people can speak and think about God It introduces the classical themes of philosophy of religion immanent and transcendent ideas of God and impersonality transcendence good and evil religion morality and society using a distinction between cosmic acosmic and theistic ideas of the divine This introduction helps us discover differences and commonalities and thus helps further an emphatic and critical dialogue This book explores how comparative theology and philosophy of religion can move beyond the dead end roads of relativism and exclusivism      **Paperbound Books in Print** ,1992      *An Afro-Christian Vision* George Omapu Ehusani,1991      **Worldviews, Science And Us: Philosophy And Complexity** Carlos

Gershenson, Diederik Aerts, Bruce Edmonds, 2007-02-27 Scientific technological and cultural changes have always had an impact upon philosophy. They can force a change in the way we perceive the world, reveal new kinds of phenomena to be understood and provide new ways of understanding phenomena. Complexity science immersed in a culture of information is having a diverse but particularly significant impact upon philosophy. Previous ideas do not necessarily sit comfortably with the new paradigm, resulting in new ideas or new interpretations of old ideas. In this unprecedented interdisciplinary volume, researchers from different backgrounds join efforts to update thinking upon philosophical questions with developments in the scientific study of complex systems. The contributions focus on a wide range of topics but share the common goal of increasing our understanding and improving our descriptions of our complex world. This revolutionary debate includes contributions from leading experts as well as young researchers proposing fresh ideas. *Worldviews, Science and Us*

Carlos Gershenson, Diederik Aerts, Bruce Edmonds, 2007 Nell introduzione si legge: Many chapters in this volume are derived from presentations given at the Philosophy and Complexity session of the Complexity Science and Society Conference held in Liverpool UK between September 11th and 14th 2005. Books in Print Supplement, 1985 **A New Introduction to Legal Method** Paul Cliteur, Afshin Ellian, 2022-04-04 A New Introduction to Legal Method provides a comprehensive overview of legal science and the scientific character of legal knowledge. In five chapters the book analyses and explores i legal methodology in general, the main features of different schools of thought and the nature of science in general ii American realism which offers an ideal starting point for law students to reflect on the material they are about to study critically iii rationalism, empiricism and logical positivism in particular the work of Karl Popper iv criticisms of essentialism v the ideological and philosophical background of contemporary liberal interpretation. The inclusion of Dutch, French and German literature sources makes this law title differ from previous writings on legal science. This textbook is ideal for students of legal method and will be of great interest to those studying legal science, jurisprudence, legal research and legal skills. **Forthcoming Books** Rose Arny, 1986 **The Philosophical Roots of the Ecological Crisis** Joshtrom Isaac Kureethadam, 2018-06-11 The Philosophical Roots of the Ecological Crisis: Descartes and the Modern Worldview traces the conceptual sources of the present environmental degradation within the worldview of Modernity and particularly within the thought of René Descartes, universally acclaimed as the father of modern philosophy. The book demonstrates how the triple foundations of the Modern worldview in terms of an exaggerated anthropocentrism, a mechanistic conception of the natural world and the metaphysical dualism between humanity and the rest of the physical world can all be largely traced back to Cartesian thought with direct ecological consequences. **Subject Guide to Books in Print**, 1997 **The Collected Works of Ken Wilber: Volume Eight** Ken Wilber, 2000-05-16 Volume Eight of The Collected Works of Ken Wilber includes In The Marriage of Sense and Soul Integrating Science and Religion 1998. Wilber takes on the centuries old problem of the relationship between science and religion. After surveying the world's great wisdom traditions and extracting features they all

share he offers compelling arguments that not only are these compatible with scientific truth they also share a similar scientific method

One Taste The Journals of Ken Wilber 1999 is a lively and entertaining glimpse into a year in the life of Ken Wilber as well as a thought provoking series of short essays on current trends in spirituality and psychology daily reflections meditation experiences and advice to spiritual seekers Books in Print ,1987 Religious Experience and the End of Metaphysics Jeffrey Bloechl,2003 Does religious thinking stand in opposition to postmodernity Does the existence of God present the ultimate challenge to metaphysics Strands of continental thought especially those running from Kant Husserl and Heidegger focus on individual consciousness as the horizon for all meaning and provide modern philosophy of religion with much of its present ferment In Religious Experience and the End of Metaphysics 11 influential continental philosophers share the conviction that religious thinking cannot afford to disengage from the challenges of modern European philosophy Together they provide a rich and intriguing set of answers to questions surrounding the meaning of religious experience Topics include subjectivity selfhood and rationality language community and ethics the influence of Jewish and eastern religions on religious experience God as phenomenology and religion in the postmodern age These lucid and arresting essays bring together many of the leading voices in the contemporary continental debate on God and religion **Democracy's Discontent and Civic Learning** Charles S. White,2018-09-01 Around the globe democracy is under assault For a dozen years global freedom has followed a downward slope according to Freedom House Once viewed as the world's model of freedom the United States has slipped in world ratings of democracy For a rising portion of the world's population faith in democracy is flagging At the same time a wave of nationalism and xenophobia is rising in the West questioning democracy's ability to meet the needs of its citizens The contributors to this volume examine democracy's discontent from a variety of perspectives What forces have produced the extreme partisanship and polarization roiling America's civic life and politics How has today's populist movement challenged democratic norms and institutions What role has social media played in democracy's discontent and its defense How do we overcome persistent racism in the face of emboldened White supremacist and anti immigrant agitation Across the pages of this book teachers teacher educators and education policy makers will recognize a common theme in responding to democracy's discontent the need to rebuild the nation's civic infrastructure Research on best practices in civic learning and engagement serve as a guide to transforming how we prepare citizens for democratic deliberation and civic action Creative and effective teaching materials and approaches await only the will to invest the needed time and support Repairing our civic infrastructure will help to restore confidence in our civic capabilities and trust in our ability to work together for the public good Without a serious recommitment to the civic mission of schools the nation will be ill prepared to defend against those within and beyond our borders who are intent on undermining democracy
