Christian Herzig,Tobias Viere,Stefan Schaltegger,Roger L. Burritt,2012-03-15 Sustainable development will not happen without substantial contributions from and leading roles of companies and business organizations This requires the provision of adequate information on corporate social and ecological impacts and performance For the last decade progress has been made in developing and adapting accounting mechanisms to these needs but significant work is still needed to tackle the problems associated with conventional accounting Until recently research on environmental management accounting EMA has concentrated on developed countries and on cost benefit analysis of implementing individual EMA tools Using a comparative case study design this book seeks to redress the balance and improve the understanding of EMA in management

decision making in emerging countries focussing specifically on South East Asian companies Drawing on 12 case studies taken from a variety of industries Environmental Management Accounting Case Studies of South East Asian Companies explores the relationship between decision situations and the motivation for and barriers to the application of clusters of EMA tools as well as the implementation process itself This book will be useful to scholars interested in the environmental and sustainability management accounting research field and those considering specific approaches to EMA within emerging economies *The Routledge Companion to Cost Management* Falconer Mitchell,Hanne Nørreklit,Morten Jakobsen,2013-08-22 Over the last two decades cost management has been an area of dynamic change and development This is evident in the extensive inventory of new high profile techniques that have emerged With cost management now firmly established as a distinct sub discipline within management accounting The Routledge Companion to Cost Management is a timely reference volume covering both practical developments and research in this area Topics covered include Cost control issues Cost analysis and decision making Cost management systems Environmental cost management With chapters from an international team of contributors this prestigious companion will prove an indispensable addition to any library with aspirations of keeping up to date with the world of accounting **American Book Publishing Record** ,2006 *The Cumulative Book Index* ,1913 *Canadian Books in Print* ,1997 **The Accountant** ,1981 *The SAGE Dictionary of Qualitative Management Research* Richard Thorpe,Robin Holt,2007-12-19 This comprehensive work extends general ideas concepts and techniques of qualitative research into the realm of management research This is a crucial reference tool for anyone conducting research in this field of study CHOICE With over 100 entries on key concepts and theorists the Dictionary of Qualitative Management Research provides full coverage of the field explaining fundamental concepts and introducing new and unfamiliar terms This book provides Definitions Examples in the field of management studies Criticisms and possible future directions Engagingly written by specialists in each area this dictionary will be the definitive and essential companion to established textbooks and teaching materials in qualitative management research Accounting Education Research Richard M.S. Wilson,2015-04-10 An annual prize is awarded for the best paper appearing in Accounting Education an international journal and this book contains the prize winning papers for every year from 1992 to 2012 The journal s primary mission since the first issue was published in March 1992 has been to enhance the educational base of accounting practice and all the papers in this book relate to that mission These papers reporting on research studies undertaken by accounting education scholars from around the world build on research findings from the broader domain of education scholarship and embrace a wide array of topics including curriculum development pedagogic innovation improving the quality of learning and assessing learning outcomes Of particular interest are three themes each of which runs through several of the papers students approaches to learning and learning style preferences ethics and moral intensity and innovation within the accounting curriculum Accounting educators will find many ideas in the book to help them in enriching their work and

accounting education researchers will be able to identify many points of departure for extending the studies on which the papers report whether comparatively or longitudinally This book is a compilation of papers originally published in Accounting Education an international journal **Nancy Caroline's Emergency Care in the Streets, Canadian Edition** Nancy L. Caroline, 2011-03-09 The Paramedic Association of Canada together with the American Academy of Orthopaedic Surgeons and Jones and Bartlett Publishers are proud to continue Dr Nancy Caroline's legacy by introducing Emergency Care in the Streets Canadian Edition Dr Caroline's work transformed EMS and the entire paramedic field She created the first national standard curriculum for paramedic training in the United States She also wrote the first paramedic textbook Emergency Care in the Streets In 2007 we welcomed back Emergency Care in the Streets with the publication of the Sixth Edition in the United States Now this program has been rewritten and revised by Canadian EMS experts specifically for Canadian paramedics using the National Occupational Competency Profiles **Accounting for Biodiversity** Michael

Jones, 2014-06-27 Biodiversity at its simplest refers to the variety of species inhabiting Planet Earth It is essential to the well being of the planet There is now a scientific consensus around the current ongoing crisis in biodiversity arising from both climate change and human activities Experts believe we are in the middle of a mass extinction of biodiversity with devastating consequences for our planet Accounting for Biodiversity explores the need for companies to actively protect conserve and improve biodiversity within their sphere of operation The 14 chapters written by a selected team of experts investigate the ways in which companies are embracing their responsibility through a variety of biodiversity initiatives and innovative models designed to improve the recording reporting and valuing of biodiversity Global case studies look at biodiversity accounting in Africa Asia Australasia Europe and South America Overall this book provides a comprehensive set of reflections on accounting for biodiversity and recommendations for the future This book is essential reading for all those interested in the contribution that accounting can make to the preservation of biodiversity As we see increasing awareness of the importance of sustainability and ecological responsibility in business activity it is relevant and should prove informative to students managers accountants and those in business more generally It is also important for all those interested in conserving biodiversity Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes

approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense *A Manager's Primer on e-Networking* Dragan Nikolic, 2012-09-10 The implementation of Enterprise Networks or e Networking is of paramount importance for organisations Enterprise wide networking would warrant that the components of information architecture are organised to harness more out of the organisation's computing power on the desktop This would also involve establishment of networks that link the various but important subsystems of the enterprise

Our firm belief is that in order to gain a competitive edge the organisations need knowledge and sound strategy This conviction is particularly true today considering the pressures from international competition environmental concerns and complicated ethical issues This book entitled A Manager s Primer on e Networking negotiates the hyper dimensions of the Internet through stories from myriad of Web sites with its fluent presentation and simple but chronological organisation of topics highlighting numerous opportunities and providing a solid starting point not only for inexperienced entrepreneurs and managers but anyone interested in applying information technology in the business I sincerely hope the book will help as well many small and medium size companies and organisations to launch corporate networking successfully in order to attain their strategic objectives Rajiv Jayashankar Ph D Nancy Caroline's Emergency Care in the Streets, Canadian Edition Paramedic Association of Canada, Nancy Caroline, 2009 Together with the Paramedic Association of Canada and the American Academy of Orthopaedic Surgeons Jones and Bartlett Publishers is proud to publish Emergency Care in the Streets originally authored by Dr Nancy Caroline In the United States this textbook has been central to paramedic training since the 1970s Much loved and greatly respected this textbook is still unrivalled in its ability to speak directly to the paramedic through humor and wisdom Now for the first time Dr Caroline s textbook has been adapted by a team of Canadian paramedics Dedicated to the late Dr Caroline this textbook honors her work with Progressive case studies that lead you through an emergency call from beginning to end Practical at the scene advice Notes from Nancy Words of wisdom from Dr Caroline A mixture of text colour photographs diagrams and cartoons to suit all learning styles Skill Drills with written step by step explanations and visual summaries of important skills and procedures C
