Introduction to the Systems of Islam Jalal Al-Ansari, 2020-09-20 The Muslim Ummah has been living without the Khilafah for over seven decades plagued on one hand by the domination of the colonialist Western Nations and on the other hand afflicted by the infiltration of ideas alien to Islam such as secularism nationalism and individualism into the minds of the Ummah In the place of the Systems of Islam which were implemented under the banner of a unified Khilafah state for more than 1300 years giving justice and security to all that lived under it the world is once again dominated by corruption poverty and disorder Indeed these are the natural result of any way of life that is based on the fragile foundations of man made laws Islam is a deen way of life encompassing comprehensive guidance for all aspects of human existence from personal worship to economics and government The rules and laws which emanate from the Islamic Aqedah creed come from none other than Allah swt the Creator of mankind and the universe Thus they are free from the flaws and limitations that are necessarily inherent in man made ideologies It is only by the implementation of Islam that mankind can ever hope to be freed from the abyss in which it is currently submerged It is the responsibility of every Muslim to understand fully about the details of this unique and private way of life When we have done so our minds will see very clearly that the Systems of Islam provide the only practical solutions to the problems of the Ummah and our hearts will yearn for their implementation in the world again This book outlines the Systems of Islam Ruling Economics Social Education and Judicial and presents them not as a series of individual academic studies but as an integrated whole showing how each system complements the others how they apply directly in our lives affairs and how we should work to bring them back into the world arena [Introduction to the Systems of Islam](#) Jalal al-Ansari, 1996-12-01
