Selected by Choice as a 2013 Outstanding Academic Title. Recipient of a 2012 PROSE Award honorable mention. *Review of the Department of Justice's Preparation to Respond to a WMD Incident* Glenn A. Fine, 2010-11. The use of weapons of mass destruction (WMD) whether by a hostile nation, a terrorist group, or an individual poses a potentially serious threat to the U.S. One of the greatest concerns is that a WMD may fall into the hands of terrorists or that terrorists will develop their own WMD. This review evaluated the readiness of the Department of Justice (DoJ) and its components to respond to a potential WMD incident. In addition, it examined the readiness of DoJ components' field offices in the National Capital Region to respond in a coordinated way to a WMD incident. The report concluded that DoJ as a whole and components within the Dept. have not implemented adequate WMD response plans. Illustrations.
