The Death Penalty and Sex Murder in Canadian History Carolyn Strange, 2020-10-01 From Confederation to the partial abolition of the death penalty a century later defendants convicted of sexually motivated killings and sexually violent homicides in Canada were more likely than any other condemned criminals to be executed for their crimes Despite the emergence of psychiatric expertise in criminal trials moral disgust and anger proved more potent in courtrooms the public mind and the hearts of the bureaucrats and politicians responsible for determining the outcome of capital cases Wherever death has been set as the ultimate criminal penalty the poor minority groups and stigmatized peoples have been more likely to be accused convicted and executed Although the vast majority of convicted sex killers were white Canada's racist notions of the Indian mind meant that Indigenous defendants faced the presumption of guilt Black defendants were also subjected to discriminatory treatment including near lynchings In debates about capital punishment abolitionists expressed concern that prejudices and poverty created the prospect of wrongful convictions Unique in the ways it reveals the emotional drivers of capital punishment in delivering inequitable outcomes The Death Penalty and Sex Murder in Canadian History provides a thorough overview of sex murder and the death penalty in Canada It serves as an essential history and a richly documented cautionary tale for the present

Murder and Mayhem James Smallwood, Barry A. Crouch, Larry Peacock, 2003 In the states of the former Confederacy Reconstruction amounted to a second Civil War one that white southerners were determined to win An important chapter in that undeclared conflict played out in northeast Texas in the Corners region where Grayson Fannin Hunt and Collin Counties converged Part of that violence came to be called the Lee Peacock Feud a struggle in which Unionists led by Lewis Peacock and former Confederates led by Bob Lee sought to even old scores as well as to set the terms of the new South especially regarding the status of freed slaves Until recently the Lee Peacock violence has been placed squarely within the Lost Cause mythology This account sets the record straight For Bob Lee a Confederate veteran the new phase of the war began when he refused to release his slaves When Federal officials came to his farm in July to enforce emancipation he fought back and finally fled as a fugitive In the relatively short time left to his life he claimed personally to have killed at least forty people civilian and military Unionists and freedmen Peacock a dedicated leader of the Unionist efforts became his primary target and chief foe Both men eventually died at the hands of each other's supporters From previously untapped sources in the National Archives and other records the authors have tracked down the details of the Corners violence and the larger issues it reflected adding to the reinterpretation of Reconstruction history and rescuing from myth events that shaped the following century of Southern politics
